WHAT IS THE AQB?

The Appraiser Qualifications Board (AQB) is an independent board of The Appraisal Foundation (Foundation). The AQB is comprised of at least five practicing appraisers who are appointed by the Foundation's Board of Trustees for one- to three-year terms.

Under the provisions of Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA), the AQB establishes the minimum education, experience, and examination requirements for real property appraisers to obtain a state license or certification as well as Supervisory Appraiser requirements. In addition, the AQB performs a number of ancillary duties related to real property and personal property appraiser qualifications (see "Other AQB Work" on page 5).

REAL PROPERTY APPRAISER QUALIFICATION CRITERIA, INTERPRETATIONS OF THE CRITERIA, GUIDE NOTES, AND Q&As

States are required to implement appraiser licensing and certification requirements that are no less stringent than those issued by the AQB in the *Real Property Appraiser Qualification Criteria (Criteria)*.

The AQB has statutory authority to develop mandatory *Criteria* for Supervisory Appraisers (not an appraiser credential classification) and the Trainee Appraiser, Licensed Residential, Certified Residential, and Certified General appraiser classifications. If a state has these classifications, they are required to adopt these *Criteria*, at a minimum, for appraisals performed in federally-related transactions.

The original *Criteria*, adopted by the AQB in March 1991, included the following classifications: Licensed Residential, Certified Residential, and Certified General. Each of these classifications included requirements for education, experience, and an examination. The Trainee Appraiser classification was adopted by the AQB in 1993 and does not include experience or examination requirements.

After public exposure, the AQB adopted revisions to all classifications in early 1994 for implementation in January 1998. Major components of the revised *Criteria* included:

- An increase in the qualifying education requirements for the Licensed Residential and Certified General classifications;
- The requirement that all real property appraisers take the *15-Hour National Uniform Standards of Professional Appraisal Practice (USPAP) Course*;
- An increase in the experience requirements for the Certified Residential and Certified General Classifications from 2,000 to 2,500 hours, and from 2,000 to 3,000 hours, respectively; and
- An increase in the annual continuing education requirement from 10 to 14 classroom hours for all classifications.

After thorough public exposure, the AQB adopted significant revisions to the *Criteria* in early 2004 for implementation in January 2008. Highlights of the major revisions include:

- An increase in the qualifying education requirements for the Licensed Residential, Certified Residential, and Certified General classifications. The required education hours were raised from 90 to 150 hours for the Licensed Residential classification, 120 to 200 hours for the Certified Residential classification, and 180 to 300 hours for the Certified General classification; and
- A requirement for college-level education for the Certified Residential and Certified General classifications. The Certified Residential classification required an Associate degree or higher; or in lieu of a degree, a minimum of 21 college semester hours in specified coursework. The Certified General required a Bachelor's degree or higher, or in lieu of a degree, a minimum of 30 semester hours in specified college course work.

After five exposure drafts, in December 2011 the AQB adopted revisions to the *Criteria* for implementation in January 2015. Major revisions include:

- Education and experience must be completed prior to taking the *National Uniform Licensing and Certification Examinations*;
- Applicants for the Certified Residential and Certified General classifications must have a Bachelor’s degree or higher from an accredited college or university;
- Applicants for the Licensed Residential classification must successfully complete 30 semester hours of college-level education from an accredited college, junior college, community college, or university, or have an Associate’s degree or higher from an accredited college, junior college, community college, or university;
- Recognition of university degree programs as counting toward the education requirements in the *Criteria*;
- Removal of the “Segmented” Approach to implementation of the *Criteria*;
- Prohibition of repetitive continuing education within the same continuing education cycle;
- Clarification of the term “written examination”;
- Revisions to the Trainee Appraiser classification that include a requirement to take a course oriented to the requirements and responsibilities of Trainee Appraisers and Supervisory Appraisers;
- New Supervisory Appraiser requirements;
- Revisions to Guide Note 1; and
- Additions to the illustrative list of educational topics acceptable for continuing education.

In July 2015, the AQB issued a Concept Paper exploring alternative requirements to the *Criteria*. In October 2015, the AQB held a Public Hearing with major stakeholders of the *Criteria*. In the following two years, the AQB issued a Discussion Draft and four Exposure Drafts of proposed changes to the 2015 *Criteria*. On February 1, 2018, the AQB adopted revisions to the *Criteria*. Major revisions include:

- Elimination of college-level education requirements for the Licensed Residential Real Property classification;
- Alternative college-level education requirements for the Certified Residential Real Property classification;
- An alternative track for Licensed Residential Real Property Appraisers to move to the Certified Residential Real Property Appraiser classification; and
- Modification of experience hours and experience time frames for the Licensed Residential and Certified Residential classifications, and modification of the experience time frame for the Certified General classification.

In April 2019, the AQB issued an Exposure Draft of a proposed Interpretation relating to qualification requirements for Supervisory Appraisers. The AQB issued a second Exposure Draft on this topic in September 2019. At its November 1, 2019 public meeting, the Board adopted the Interpretation in the second Exposure Draft. The Interpretation clarified that Supervisory Appraisers who have been imposed discipline for “administrative” reasons (as opposed to “practice-related” reasons) would still be eligible to supervise.

Interpretations of the Criteria and Q&As

To further clarify AQB intent to users of the *Criteria*, the AQB may issue Interpretations of the *Criteria*. Interpretations are essential to properly understanding the *Criteria* and are, therefore, binding on users of the *Criteria*. Interpretations are added to the text of this document subsequent to their adoption by the AQB. These Interpretations are listed in subject matter order, which is designed to follow the applicable *Criteria*. As a result, the dates reflecting the adoption of some Interpretations may not follow a chronological sequence.

The AQB also issues Q&As which are published periodically and available on The Appraisal Foundation website. The Q&As are a form of guidance issued by the AQB to respond to questions raised by appraisers, enforcement officials, users of appraisal services and the public to illustrate the applicability of the *Real Property Appraiser Qualification Criteria* and Interpretations of the *Criteria* in specific situations and to offer advice from the AQB for the resolution of appraisal issues and problems. The AQB Q&A may not represent the only possible solution to the issues discussed nor may the advice provided be applied equally to seemingly similar situations. AQB Q&A does not establish new *Criteria*. AQB Q&A is not part of the *Real Property Appraiser Qualification Criteria*. AQB Q&A is approved by the AQB without public exposure and comment. To review the latest AQB Q&As, please visit the Q&A webpage located on the Foundation’s website at www.appraisalfoundation.org.

Supporting the Work of the AQB

The AQB strongly encourages input from appraisers, users of appraisal services, and the public through the exposure draft process, public meetings, speaking engagements, and correspondence. Detailed information on how to support the work of the AQB is available online via the Foundation's website at www.appraisalfoundation.org, or by contacting the Board's staff at the Foundation by calling (202) 347-7722, or via e-mail at AQB@appraisalfoundation.org.

Exposure Draft Process

In recognition of the public authority of the AQB, all proposed revisions to the *Criteria* must be exposed for public comment prior to adoption. The AQB considers all comments in public meetings prior to taking final action. Prior to publication of an exposure draft, all proposed revisions to the *Criteria* are reviewed by a regulatory attorney.

Public Meetings

The AQB conducts periodic public meetings. Observers are encouraged to attend and, if time permits, address the Board regarding an agenda item.

Speaking Engagements

Members of the AQB are available for speaking engagements and presentations on the current work of the Board. Invitations to speak may be submitted via the "Request a Speaker" section on The Appraisal Foundation's website (www.appraisalfoundation.org). These requests should be submitted as early as possible in order to facilitate scheduling.

Other AQB Work

In addition to its work on the *Criteria*, the AQB is involved in numerous other ongoing projects, including:

- Maintenance and periodic updating of the *National Uniform Licensing and Certification Examinations* and their accompanying Examination Content Outlines (ECO's). The ECO's are used in the development of the examinations.
- Development of and enhancements to the Program to Improve USPAP Education.
- Administration of the Course Approval Program (CAP).
- Administration of the Real Estate Degree Review Program.
- Development of **voluntary** minimum *Personal Property Appraiser Qualification Criteria*.

More information on The Appraisal Foundation and the activities of the AQB is available online at www.appraisalfoundation.org or by contacting the Board's staff at The Appraisal Foundation by phone at (202) 347-7722 or via e-mail at AQB@appraisalfoundation.org.

REAL PROPERTY APPRAISER QUALIFICATION CRITERIA

EFFECTIVE JANUARY 1, 2022

DEFINITIONS:

Real Property Appraiser Qualification Criteria (Criteria): Established by the Appraiser Qualifications Board (AQB) of The Appraisal Foundation, these *Criteria* set forth the minimum education, experience, and examination requirements for real property appraisers.

Required Core Curriculum: A set of major appraisal subject matter headings, known as “modules,” which require a specified number of educational hours at each credential level.

For example, as part of the Required Core Curriculum, a minimum of 30 hours of coverage of the module “Basic Appraisal Principles” is required.

Subtopics: Areas of appraisal education (as identified in AQB Guide Note 1) that may be included within the modules of the *Required Core Curriculum*.

As Guide Note 1 is not a binding requirement, coverage of the subtopics is not required for educational offerings to be valid; however, individuals will be expected to demonstrate competency in the subtopics in order to pass the respective licensing or certification examinations.

Interpretations: Elaborations or clarifications of the *Criteria* issued by the AQB. Interpretations are essential to a proper understanding of the requirements set forth in the *Criteria* and are, therefore, binding upon users of the *Criteria*.

Guide Notes: Guidance or advice provided by the AQB for assistance in understanding and implementing the *Criteria*.

For example, AQB Guide Note 1 (GN-1) “AQB Guidance for Curriculum Content” provides state appraiser regulators, students, and educators with suggested subtopics and items of coverage for each module in the Required Core Curriculum. The subtopics identified in Guide Note 1 represent those areas of education in which appraisers should be able to demonstrate competency to pass the respective licensing or certification examinations.

GENERAL INTERPRETATIONS

- A. The following is an exception for implementing the *Real Property Appraiser Qualification Criteria*:
An applicant in the Reserve components of the U.S. Armed Forces, who was pursuing an appraiser license or certification prior to December 1, 2011, and who was called to active duty between December 1, 2011 and December 31, 2014, may satisfy the qualifications required under the 2008 Criteria for an additional time period after January 1, 2015. The extension of time shall be equal to the applicant’s time of active duty, plus 12 months.
- B. The following is a clarification of the existing *Real Property Appraiser Qualification Criteria*:
With respect to the prerequisites needed before an applicant takes the National Uniform Licensing and Certification Examinations as referenced in the various sections II. B., applicants must have all experience and education completely verified by the appropriate state appraiser regulatory agency prior to taking the National Exam. Applicants cannot self-verify experience.

CRITERIA APPLICABLE TO ALL APPRAISER CLASSIFICATIONS

I. Standards of Practice

Appraisers in all classifications shall perform and practice in compliance with the *Uniform Standards of Professional Appraisal Practice (USPAP)*.

II. Existing Credential Holders

Existing credential holders (with the exception of Trainee Appraisers) in good standing in any jurisdiction shall be considered in compliance with current Appraiser Qualifications Board *Real Property Appraiser Qualification Criteria (Criteria)* if they have passed an AQB-approved qualifying examination for that credential. This applies to reciprocity, temporary practice, renewals, and applications for the same credential (with the exception of Trainee Appraisers) in another jurisdiction. All credential holders must comply with ongoing requirements for continuing education and state renewal procedures.

III. Generic Education Criteria

- A. Class hour
 1. A class hour is defined as 60 minutes, of which at least 50 minutes are instruction attended by the student.
 2. The prescribed number of class hours includes time for examinations.

- B. Credit for the class hour requirements may be obtained only from the following providers:
1. Colleges or universities;
 2. Community or junior colleges;
 3. Real estate appraisal or real estate-related organizations;
 4. State or federal agencies or commissions;
 5. Proprietary schools;
 6. Providers approved by state certification/licensing agencies; or
 7. The Appraisal Foundation or its Boards.
- C. Experience may not be substituted for education.
- D. Distance education is defined as any education process based on the geographical separation of student and instructor. Components of distance education include synchronous, asynchronous, and hybrid. In synchronous educational offerings, the instructor and students interact simultaneously online, similar to a phone call, video chat or live webinar, or web-based meeting. In asynchronous educational offerings, the instructor and student interaction is non-simultaneous; the students progress at their own pace and follow a structured course content and quiz/exam schedule. Hybrid courses, also known as blended courses, are learning environments that allow for both in-person and online (synchronous, or asynchronous) interaction.

Synchronous courses provide for instruction and interaction substantially the same as on-site classroom courses. Synchronous courses meet class hour requirements if they comply with requirements III.A and III.B.

An asynchronous distance education course is acceptable to meet class hour requirements if:

1. The course provides interaction. Interaction is a reciprocal environment where the student has verbal or written communication with the instructor; and
 2. Content approval is obtained from the AQB, a state appraiser regulatory jurisdiction, or an accredited college, community college, or university that offers distance education programs and is approved or accredited by the Commission on Colleges, a regional or national accreditation association, or by an accrediting agency that is recognized by the US Secretary of Education. Non-academic credit college courses provided by a college shall be approved by the AQB or the state appraiser regulatory jurisdiction; and
 3. Course delivery mechanism approval is obtained from one of the following sources:
 - a. The AQB; or
 - b. AQB approved organizations providing approval of course design and delivery (such as The Appraisal Foundation or other independent approved entity); or
 - c. a college or university that qualifies for content approval in paragraph 2 above that awards academic credit for the distance education course; or
 - d. a qualifying college or university for content approval with a distance education delivery program that approves the course design and delivery that incorporate interactivity.
 4. Hybrid courses meet class hour requirements if each of its sessions meet the requirement for the delivery method employed:
 - a. in-person course sessions must meet III.A. and III.B.
 - b. synchronous course sessions must meet III.A. and III.B.
 - c. asynchronous courses sessions must meet III.A., III.B., and III.D.1-3
- E. *Criteria Specific to Qualifying Education*
1. Class hours will be credited only for educational offerings with content that follows the *Required Core Curriculum* for each respective credential classification. Course content requirements may be general or specific to property types. The *Required Core Curriculum* is to be followed by major headings with the classroom hours for each. Guide Note (GN-1) contains guidance for curriculum content with subtopics listed under each major module. The subtopics listed in GN-1 are used for developing Examination Content Outlines for each applicable credential classification, and may also be amended from time to time to reflect changes in technology or in the Body of Knowledge. GN-1 is not mandatory for meeting the *Required Core Curriculum*.
 2. Credit toward qualifying education requirements may also be obtained via the completion of a degree in Real Estate from an accredited degree-granting college or university approved by the Association to Advance Collegiate Schools of Business, or a regional or national accreditation agency recognized by the

US Secretary of Education, **provided that the college or university has had its curriculum reviewed and approved by the AQB.**

The AQB may maintain a list of approved college or university degree programs, including the *Required Core Curriculum* and Appraisal Subject Matter Elective hours satisfied by the award of the degree. Candidates for the Trainee Appraiser, Licensed Residential, Certified Residential, or Certified General credential who are awarded degrees from approved institutions are required to complete all additional education required for the credential in which the approved degree is judged to be deficient by the AQB.

3. Class hours may be obtained only where:
 - a. the minimum length of the educational offering is at least 15 hours; and
 - b. the individual successfully completes a proctored, closed-book final examination pertinent to that educational offering.
 4. Where the qualifying education course includes multiple modules as listed in the *Required Core Curriculum*, there must be appropriate testing of each module included in the course.
 5. Courses taken to satisfy the qualifying education requirements must not be repetitive. Courses shall foster problem-solving skills in the education process by utilizing case studies as a major teaching method when applicable.
 6. Applicants must take the *15-Hour National USPAP Course*, or its AQB-approved equivalent, and pass the associated *15-Hour National USPAP Course* examination. At least one of the course instructors must be an AQB Certified USPAP Instructor who is also a state certified appraiser in good standing. Course equivalency shall be determined through the AQB Course Approval Program or by an alternate method established by the AQB. USPAP education presented in a distance education format must be designed to foster appropriate student-to-student, student-to-instructor, and student-to-material interaction.
 7. In addition to the generic requirements described in III.D., distance education courses intended for use as qualifying education must include a written, closed-book final examination. The examination must be proctored in person or remotely by an official approved by the college or university, or by the sponsoring organization. Bio-metric proctoring is acceptable.¹ The term, "written," as used herein, refers to an exam that might be written on paper or administered electronically on a computer workstation or other device. Oral exams are not acceptable. The testing must comply with the examination requirements of this section.
- F. *Criteria Specific to Continuing Education*
1. The purpose of continuing education is to ensure that appraisers participate in a program that maintains and increases their skill, knowledge, and competency in real property appraising.

Aside from complying with the requirements to complete the *7-Hour National USPAP Update Course*, or its equivalent, appraisers may not receive credit for completion of the same continuing education course offering within the same continuing education cycle.
 2. Credit towards the continuing education hour requirements for each appraiser classification may be granted only where the length of the educational offering is at least two (2) hours.
 3. Credit may be granted for education offerings that are consistent with the purpose of continuing education and cover real property related appraisal topics, including, but not limited to:
 - a. Ad valorem taxation;
 - b. Arbitration, dispute resolution;
 - c. Courses related to the practice of real estate appraisal or consulting;
 - d. Development cost estimating;
 - e. Ethics and standards of professional practice, USPAP;
 - f. Valuation bias, fair housing, and/or equal opportunity;
 - g. Land use planning, zoning;
 - h. Management, leasing, timesharing;

¹ Bio-metric proctoring process provides that student identity is continually verified through processes, such as facial recognition, consistency in keystroke cadence, and the observation of activity in the testing location. Aberrant behavior or activity can be readily observed.

- i. Property development, partial interests;
 - j. Real estate law, easements, and legal interests;
 - k. Real estate litigation, damages, condemnation;
 - l. Real estate financing and investment;
 - m. Real estate appraisal-related computer applications;
 - n. Real estate securities and syndication;
 - o. Developing opinions of real property value in appraisals that also include personal property and/or business value;
 - p. Seller concessions and impact on value; and/or
 - q. Energy-efficient items and “green building” appraisals.
4. Up to one half of an individual’s continuing education requirement may also be granted for participation, other than as a student, in appraisal educational processes and programs. Examples of activities for which credit may be granted are teaching, program development, authorship of textbooks, or similar activities that are determined to be equivalent to obtaining continuing education. Credit for instructing any given course or seminar can only be awarded once during a continuing education cycle.
 5. Educational offerings taken by an individual in order to fulfill the class hour requirement for a different classification than his/her current classification may be simultaneously counted towards the continuing education requirement of his/her current classification.
 6. In addition to the generic requirements described in III.D., asynchronous distance education courses intended for use as continuing education must include at least one of the following:
 - a. A written examination proctored by an official approved by the college or university, or by the sponsoring organization. Remote proctoring, including bio-metric procedures as noted in III E. 7. above, is acceptable. The term “written” as used herein refers to an exam that might be written on paper, or administered electronically on a computer workstation or other device. Oral exams are not acceptable; or
 - b. Successful completion of prescribed course mechanisms required to demonstrate knowledge of the subject matter.
 7. Real estate appraisal-related field trips may be acceptable for credit toward the continuing education requirements. However, transit time to or from the field trip may not be included when awarding credit unless instruction occurs during said transit time.
 8. Appraisers must successfully complete the *7-Hour National USPAP Update Course*, or its AQB-approved equivalent, every two calendar years. Equivalency shall be determined through the AQB Course Approval Program or by an alternate method established by the AQB.
 9. Individuals who are credentialed in more than one jurisdiction shall not have to take more than one *7-Hour National USPAP Update Course* within a two calendar year period for the purposes of meeting AQB *Criteria*.
 10. USPAP continuing education credit shall only be awarded when the course is instructed by at least one AQB Certified USPAP Instructor who is also a state certified appraiser in good standing.
 11. The equivalent of fourteen (14) class hours of instruction in courses or seminars for each year during the period preceding the renewal is required. For example, a two-year continuing education cycle would require twenty-eight hours. The class hour requirement can be fulfilled at any time during the cycle.
 12. AQB Certified USPAP Instructors successfully completing a *7-Hour Instructor Recertification Course* and exam (if required) within their current continuing education cycle have satisfied the *7-Hour National USPAP Update Course* continuing education requirement.
 13. State appraiser regulatory agencies with the appropriate authority to do so may place a credential holder in an “inactive status” in the event the state determines a deficiency in continuing education was due to extenuating circumstances.

Prior to reactivation, credential holders in an inactive status must complete all required continuing education hours that would have been required if the credential holder was in an active status. The

required hours must also include the most recent edition of a *7-Hour National USPAP Update Course* (or its AQB-approved equivalent).

Waivers may not be granted to credential holders who have failed to meet the continuing education requirements.

Deferrals may not be granted to credential holders, except in the case of individuals returning from active military duty, or individuals impacted by a state- or federally-declared disaster. State appraiser regulatory agencies may allow credential holders returning from active military duty to be placed in active status for a period of up to 90 days pending completion of all continuing education requirements. State appraiser regulatory agencies may allow credential holders impacted by a state- or federally-declared disaster that occurs within 90 days prior to the end of the continuing education cycle to remain (or be placed in) active status for a period of up to 90 days after the end of the credential holder's continuing education cycle, pending completion of all continuing education requirements.

14. Credentialed appraisers are required to complete continuing education for a partial year in a continuing education cycle as follows:

For continuing education cycle periods of 185 days or more, 14 hours of continuing education is required.

For continuing education cycle periods of less than 185 days, no hours of continuing education are required.

Example #1: A credential issued on August 15 that expires on December 31 of the same year would not require any continuing education hours for that year.

Example #2: A credential issued on May 15 that expires on December 31 of the same year would require 14 continuing education hours for that year.

Example #3: A credential issued on August 15 that expires on December 31 of the following year would require 14 hours of continuing education to renew.

15. State appraiser regulatory agencies may award continuing education credit to credentialed appraisers who attend a state appraiser regulatory agency meeting, under the following conditions:
 - a. Credit may be awarded for a single state appraiser regulatory agency meeting per continuing education cycle. The meeting must be open to the public and must be a minimum of two (2) hours in length. The total credit cannot exceed seven (7) hours; and
 - b. The state appraiser regulatory agency must ensure that the credentialed appraiser attends the meeting for the required period of time.

IV. Generic Examination Criteria

A new applicant not currently licensed or certified and in good standing in another jurisdiction shall have up to 24 months, after approval by the state, to take and pass an AQB-approved qualifying examination for the credential. Successful completion of the examination is valid for a period of 24 months.

V. Generic Experience Criteria

- A. Education may not be substituted for experience, except as shown below in Section D below.
- B. The quantitative experience requirements must be satisfied by time spent in the appraisal process. The appraisal process consists of: analyzing factors that affect value; defining the problem; gathering and analyzing data; applying the appropriate analysis and methodology; and arriving at an opinion and correctly reporting the opinion in compliance with USPAP.
- C. Hours may be treated as cumulative in order to achieve the necessary number of hours of appraisal experience.
 1. Cumulative is defined as experience that may be acquired over multiple time periods.
 2. The following is an example of cumulative experience:

Year 1	200 Hours
Year 2	800 Hours
Year 3	600 Hours
Year 4	400 Hours
Year 5	500 Hours
Total	2,500 Hours

- D. There need not be a client in a traditional sense (e.g., a client hiring an appraiser for a business purpose) in order for an appraisal to qualify for experience. Experience gained for work without a traditional client can meet any portion of the total experience requirement.
- E. Practicum courses that are approved by the AQB Course Approval Program or state appraiser regulatory agencies can satisfy the non-traditional client experience requirement. A practicum course must include the generally applicable methods of appraisal practice for the credential category. Content includes, but is not limited to: requiring the student to produce credible appraisals that utilize an actual subject property; performing market research containing sales analysis; and applying and reporting the applicable appraisal approaches in conformity with USPAP. Assignments must require problem solving skills for a variety of property types for the credential category.

Experience credit shall be granted for the actual classroom hours of instruction and hours of documented research and analysis as awarded from the practicum course approval process.

- F. An hour of experience is defined as verifiable time spent in performing tasks in accordance with acceptable appraisal practice. Acceptable real property appraisal practice for experience credit includes appraisal, appraisal review, appraisal consulting, and mass appraisal.

All experience must be obtained after January 30, 1989, and must be USPAP-compliant. An applicant's experience must be in appraisal work conforming to Standards 1, 2, 3, 4, 5, and/or 6, where the appraiser demonstrates proficiency in appraisal principles, methodology, procedures (development), and reporting conclusions.

- G. Documentation in the form of reports, certifications, or file memoranda, or, if such reports and memoranda are unavailable for good cause, other evidence at the credentialing authority's discretion that the work is compliant with USPAP must be provided as part of the state experience verification process to support the experience claimed.
- H. The verification for experience credit claimed by an applicant shall be on forms prescribed by the state certification/licensing agency, which shall include:
 1. Type of property;
 2. Date of report;
 3. Address of appraised property;
 4. Description of work performed by the trainee/applicant and scope of the review and supervision of the supervising appraiser;
 5. Number of actual work hours by the trainee/applicant on the assignment; and
 6. The signature and state certification number of the supervising appraiser, if applicable. Separate appraisal logs shall be maintained for each supervising appraiser, if applicable.
- I. There is no maximum time limit during which experience may be obtained.

VI. Practical Applications of Real Estate Appraisal (PAREA)

Practical Applications of Real Estate Appraisal (PAREA) programs approved by the AQB utilize simulated experience training, and serve as an alternative to the traditional Supervisor/Trainee experience model, under Section V. To qualify as creditable experience, AQB-approved PAREA programs shall:

1. Contain, at a minimum, the content specified in the Practical Applications of Real Estate Appraisal section of this Criteria;
2. Require participants to possess the following prerequisites prior to commencement of training:
 - a. For the Licensed Residential Module: 150 hours of qualifying education as specified in the Required Core Curriculum for the Licensed Residential Real Property Appraiser classification.
 - b. For the Certified Residential Module: 200 hours of qualifying education as specified in the Required Core Curriculum for the Certified Residential Real Property Appraiser classification; and
 - i. Possession of a valid Licensed Residential Real Property Appraiser credential; or
 - ii. Successful completion of an AQB-approved PAREA program for the Licensed Residential Real Property Appraiser classification;
3. Provide an adequate number of Mentors to ensure timely and competent mentoring for all program participants;

4. Ensure Mentors meet or exceed the following qualifications:

Periodically, the AQB may issue Interpretations to the *Criteria* (binding) or Guide Notes (advisory) on interpretations or application of the *Criteria*.

SUPERVISORY APPRAISER REQUIREMENTS

APPLICABLE TO SUPERVISION OF **TRAINEE APPRAISERS** ONLY

Supervisory Appraisers provide a critical role in the mentoring, training, and development of future valuation professionals. It is inherently important to strike a proper balance between enhancing public trust by ensuring Supervisory Appraisers are competent and qualified to supervise Trainee Appraisers without making the criteria too stringent and restrictive as to discourage or prevent qualified Supervisory Appraisers from actually participating in the training and supervision of Trainee Appraisers.

I. General

- A. Supervisory Appraisers shall be responsible for the training, guidance, and direct supervision of the Trainee Appraiser by:
 1. Accepting responsibility for the appraisal by signing and certifying the appraisal complies with USPAP;
 2. Reviewing and signing the Trainee Appraiser appraisal report(s); and
 3. Personally inspecting each appraised property with the Trainee Appraiser until the Supervisory Appraiser determines the Trainee Appraiser is competent to inspect the property, in accordance with the COMPETENCY RULE of USPAP for the property type.

- B. Supervisory Appraisers shall be state-certified and in “good standing” for a period of at least three (3) years prior to being eligible to become a Supervisory Appraiser. Supervisory Appraisers do not need to be state certified and in good standing *in the jurisdiction* in which the Trainee Appraiser practices **for any specific minimum period of time**. Supervisory Appraisers shall not have been subject to any disciplinary action—within any jurisdiction—within the last three (3) years that affected the Supervisory Appraiser’s legal eligibility to engage in appraisal practice. A Supervisory Appraiser subject to a disciplinary action would be considered to be in “good standing” three (3) years *after* the successful completion/termination of the sanction imposed against the appraiser.

Supervisory Appraiser Requirements Interpretation

With respect to disciplinary sanctions that affect an individual’s legal eligibility to practice as referenced in Section 1.B. above, sanctions imposed as a result of administrative actions not related to an individual’s obligations of ethical and competent appraisal practice do not apply. Examples may involve isolated administrative responsibilities including late payment of fees, failure to timely renew a credential, or failure to notify a regulatory office of a change in contact information. The intent of the language stated in Section 1.B. above, was to prevent Supervisory Appraisers from training due to egregious appraisal practice issues that involved ethics and competency. Administrative infractions do not preclude an individual from acting as a Supervisory Appraiser for three years after the sanction.

- C. Supervisory Appraisers must comply with the COMPETENCY RULE of USPAP for the property type and geographic location where the Trainee Appraiser is being supervised.

- D. Whereas a Trainee Appraiser is permitted to have more than one Supervisory Appraiser, Supervisory Appraisers may not supervise more than three (3) Trainee Appraisers at one time, unless a state program in the credentialing jurisdiction provides for progress monitoring, supervisory certified appraiser qualifications, and supervision and oversight requirements for Supervisory Appraisers.

- E. An appraisal experience log shall be maintained jointly by the Supervisory Appraiser and the Trainee Appraiser. It is the responsibility of both the Supervisory Appraiser and Trainee Appraiser to ensure the experience log is accurate, current, and complies with the requirements of the Trainee Appraiser's credentialing jurisdiction. At a minimum, the appraisal log requirements shall include:
1. Type of property;
 2. Date of report;
 3. Address of appraised property;
 4. Description of work performed by the Trainee Appraiser and the scope of the review and supervision of the Supervisory Appraiser;
 5. Number of actual work hours by the Trainee Appraiser on the assignment; and
 6. The signature and state certification number of the Supervisory Appraiser. Separate appraisal logs shall be maintained for each Supervisory Appraiser, if applicable.
- F. Supervisory Appraisers shall be required to complete a course that, at a minimum, complies with the specifications for course content established by the AQB, which is specifically oriented to the requirements and responsibilities of Supervisory Appraisers and Trainee Appraisers. The course is to be completed by the Supervisory Appraiser prior to supervising a Trainee Appraiser. Please refer to the Supervisory Appraiser / Trainee Appraiser Course Objectives and Outline in this booklet for more information.

- D. An appraisal experience log shall be maintained jointly by the Supervisory Appraiser and the Trainee Appraiser. AQB GUIDE NOTE 3 (GN-3)

AQB GUIDANCE FOR CRITERIA IMPLEMENTATION

THIS GUIDE NOTE RELATES TO THE SCOPE OF PRACTICE FOR THE LICENSED RESIDENTIAL AND CERTIFIED RESIDENTIAL CLASSIFICATIONS IN THE REAL PROPERTY APPRAISER QUALIFICATION CRITERIA.

With respect to the *Real Property Appraiser Qualification Criteria* for the Licensed Residential and Certified Residential classifications:

The scope of practice identified herein represents the consensus of the Appraiser Qualifications Board. The Federal Financial Institutions Regulatory Agencies, as well as other agencies and regulatory bodies, permit the Certified Residential (or Licensed) classification to appraise properties other than those identified within these Criteria. Individuals should refer to agency regulations and state law to determine the type of property that may be appraised by the Certified Residential (or Licensed) appraiser.

AQB GUIDE NOTE 4 (GN-4)

AQB GUIDANCE FOR CRITERIA IMPLEMENTATION

THIS GUIDE NOTE RELATES TO PRACTICUM COURSES TO BE USED FOR EXPERIENCE CREDIT, AS SPECIFIED IN THE REAL PROPERTY APPRAISER QUALIFICATION CRITERIA.

Under “Criteria Applicable to All Appraiser Classifications” in the *Real Property Appraiser Qualification Criteria*, Section V Generic Experience *Criteria*, Paragraphs D and E, read as follows:

- D. *There need not be a client in a traditional sense (i.e., a client hiring an appraiser for a business purpose) in order for an appraisal to qualify for experience. Experience gained for work without a traditional client can meet any portion of the total experience requirement.*
- E. *Practicum courses that are approved by the AQB Course Approval Program or state appraiser regulatory agencies can satisfy the non-client experience requirement. **A practicum course must include the generally applicable methods of appraisal practice for the credential category. Content includes, but is not limited to: requiring the student to produce credible appraisals that utilize an actual subject property; performing market research containing sales analysis; and applying and reporting the applicable appraisal approaches in conformity with USPAP. Assignments must require problem solving skills for a variety of property types for the credential category.** Experience credit shall be granted for the actual classroom hours of instruction, and hours of documented research and analysis as awarded from the practicum course approval process. (Bold added for emphasis)*

The bolded language above sets forth the broad requirements for practicum courses. However, more detailed guidance is needed for developers of such courses, as well as state appraiser regulatory agencies seeking to approve such courses. The following is designed to offer this guidance:

1. General Practicum Course Guidelines
 - a. The time period for any non-residential practicum course should be consistent with the type and complexity of the assignment.
 - b. The time period for a residential practicum course should be consistent with the type and complexity of the assignment.
 - c. Practicum courses that cover multiple property types should allocate appropriate times for each assignment and subject properties should be significantly different from one another to provide appropriate training.
 - d. The maximum number of students per course should be consistent with best practices for proper student/instructor ratios.
 - e. In order for this type of experience to be compliant with USPAP, the student/appraiser must list the course provider for the practicum course as the client and the intended user.
 - f. The intended use of the report should be indicated as, “For experience credit.”
2. Appraisal Assignment Guidelines
 - a. The appraisal should employ all of the approaches to value applicable to the assignment.
 - b. Property types and complexity should be those typically encountered by an appraiser seeking experience within the specified credential category.

- c. The appraisal should indicate the intended user and intended use and should solve typical appraisal problems – e.g., mortgage assignments, tax appeals, estates, etc.
 - d. There should be an identifiable subject property and the student should inspect it.
 - e. The actual subject property may change from time to time, but the property type should remain the same.
 - f. All comparable data researched, analyzed, and used in the assignment should be actual and identifiable market data.
 - g. All comparables utilized should be verified with at least one market participant of the sale/rent – e.g., buyer, seller, or broker – and the student should also inspect the exterior of each comparable utilized.
 - h. The final assignment should be communicated in compliance with the Appraisal Report option of STANDARD 2 of USPAP.
 - i. The final reports should be maintained by the student according to the Record Keeping section of the ETHICS RULE of USPAP.
 - j. The practicum course should result in an appraisal and appraisal report completed in accordance with the current version of USPAP.
3. Instructor Guidelines
- a. An instructor conducting a residential experience practicum course should hold either a Certified Residential or Certified General credential in good standing.
 - b. An instructor conducting a general experience practicum course should hold a Certified General credential in good standing.
 - c. The instructor should demonstrate compliance with the COMPETENCY RULE of USPAP for the type of assignment.
 - d. The instructor should grade and correct all assignments and should ensure USPAP compliance.
 - e. The instructor should meet with the students a minimum of 50% of the course hours during the course.

THIS GUIDE NOTE RELATES TO RECIPROCITY, TEMPORARY PRACTICE, RENEWALS, AND APPLICATIONS FOR THE SAME CREDENTIAL IN ANOTHER JURISDICTION, AS SPECIFIED IN THE REAL PROPERTY APPRAISER QUALIFICATION CRITERIA.

Under “*Criteria Applicable to All Appraiser Classifications*” in the *Criteria*, Section II Existing Credential Holders, reads as follows:

Existing credential holders in good standing in any jurisdiction shall be considered in compliance with current Appraiser Qualifications Board Real Property Appraiser Qualification Criteria if they have passed an AQB approved qualifying examination for that credential. This applies to reciprocity, temporary practice, renewals, and applications for the same credential in another jurisdiction. All credential holders must comply with ongoing requirements for continuing education and state renewal procedures.

The intent of the AQB is to allow current credential holders who are in good standing within their jurisdictions to obtain reciprocal credentials, temporary practice permits, renewals of existing credentials, and an equivalent credential in another jurisdiction without having to meet the current AQB *Criteria*. If an appraiser holds a valid appraiser credential supported by an AQB approved examination, the appraiser will be deemed by the AQB to be in full compliance with the current *Criteria*.

For example, if a Certified General credential holder who received a credential prior to adoption of the current *Criteria* in one jurisdiction were to relocate to another jurisdiction after adoption of the current *Criteria*, for AQB purposes that existing “home” state credential would be sufficient to support an equivalent credential in the “new” state. The credential holder would be deemed to have met the current *Criteria* for education, experience and examination.

The AQB understands that the individual Title XI jurisdictions must operate in compliance with applicable state laws with regard to reciprocity, temporary practice, renewals, and applications for the same credential in another jurisdiction. While Title XI jurisdictions are only required to meet the AQB *Criteria*, existing state laws may require that these minimums be exceeded. It is possible that a jurisdiction, because of existing law, might require an applicant for an equivalent credential from another jurisdiction to meet all of the current AQB *Criteria* (i.e., education, experience, and examination) in order to obtain the credential in their jurisdiction.

For example, consider an appraiser who holds a Certified General credential in State A and decides to relocate to State B. State B must apply both AQB *Criteria* and State law in determining whether the appraiser from State A qualifies for an appraiser credential in State B. While the AQB considers the valid existing credential in State A to be adequate documentation of conformance to AQB *Criteria*, some State laws might require the appraiser to submit a complete application, including appropriate documentation of experience, education, and successful exam completion. This new application requirement might involve some of the following issues:

- Depending on the wording of the State law, this could mean that the appraiser from State A would have to conform to the current *Criteria* to obtain a credential from State B. Among other things, the appraiser would have to reconstruct his/her appraisal education, perhaps going back as much as 20 to 30 years. The State, then, would have to determine whether that education conformed to the current AQB *Criteria* as implemented by State law.
- Virtually all appraiser education obtained prior to 2008 was provided in what is considered the “integrated” approach. If State B does not accept integrated educational courses, the appraiser from State A would be required to obtain 300 hours of education acceptable under current *Criteria*, plus a college degree, to qualify for a Certified General credential in State B.

It was not the AQB's intent to impose such hardships on appraisers or regulatory agencies. It was the intent of the AQB in drafting the language in Section II of "Existing Credential Holders" that jurisdictions would recognize those appraisers that held credentials prior to the adoption of the current *Criteria*. The acceptance of the existing credential holders would provide for a smooth transition from prior *Criteria* to the current (and beyond) *Criteria*.

The AQB encourages jurisdictions to examine their statutes and regulations and initiate any changes that might be necessary to facilitate a smooth transition.

AQB GUIDE NOTE 6 (GN-6)

AQB GUIDANCE FOR CRITERIA IMPLEMENTATION

THIS GUIDE NOTE RELATES TO THE VERIFICATION OF EXPERIENCE CREDIT AS SPECIFIED IN THE REAL PROPERTY APPRAISER QUALIFICATION CRITERIA.

Under “*Criteria Applicable to All Appraiser Classifications*” in the *Criteria*, Section V.G. (Generic Experience *Criteria*) reads as follows:

- G. *The verification for experience credit claimed by an applicant shall be on forms prescribed by the state certification/licensing agency, which shall include:*
1. *Type of property;*
 2. *Date of report;*
 3. *Address of appraised property;*
 4. ***Description of work performed by the trainee/applicant and scope of the review and supervision of the supervising appraiser;***
 5. *Number of actual work hours by the trainee/applicant on the assignment; and*
 6. *The signature and state certification number of the supervising appraiser, if applicable. Separate appraisal logs shall be maintained for each supervising appraiser, if applicable.*

(Bold added for emphasis)

As indicated above, the *Criteria* mandates that the forms used to verify experience credit include all of the identified items. Five of the six items listed are fairly self-explanatory; however, the AQB has received inquiries regarding the intent of item #4 above (the bolded text).

It is the intent of the AQB that the verification of experience clearly identifies three things under item #4:

- 1) A description of the work performed by the trainee or applicant;
- 2) The scope of the review performed by the supervising appraiser; and
- 3) The level of supervision performed by the supervising appraiser.

Although the scope of review and level of supervision performed by the supervising appraiser might appear to be redundant at first glance, they are not. For example, in certain assignments a supervising appraiser might determine that a lesser level of supervision is required, but that might not impact the level of review performed.

The AQB recognizes that assignments may differ significantly; therefore, the level of review and supervision by the supervising appraiser may also differ from assignment to assignment. Also, depending on the assignments involved, it might be expected that the supervising appraiser’s level of review and supervision diminish over time as the trainee/applicant gains competency.

The following page includes an example of an experience log that includes the information required by the *Criteria*. The attached is merely one possible example of an experience log. Any format that includes the items listed under Section V.G., Generic Experience *Criteria*, as specified in the *Real Property Appraiser Qualification Criteria*, is acceptable.

It should be noted that experience logs or other forms prescribed by a state appraiser regulatory agency to verify experience credit might appear very different, including requiring substantially more information than is identified in the example below. However, as stated above, all forms must, at a minimum, include the items listed under Section V.G., “Generic Experience *Criteria*,” as specified in the *Real Property Appraiser Qualification Criteria*.

AQB GUIDE NOTE 9 (GN-9)

THIS GUIDE NOTE RELATES TO THE BACKGROUND CHECK REQUIREMENTS AS SPECIFIED IN THE REAL PROPERTY APPRAISER QUALIFICATION CRITERIA EFFECTIVE ON JANUARY 1, 2017.

Under “*Criteria Applicable to All Appraiser Classifications*” in the *Real Property Appraiser Qualification Criteria*, Section VII. Background Checks, reads as follows:

All applicants for a real property appraiser credential shall possess a background that would not call into question public trust.

Some jurisdictions have been performing background checks since the implementation of real property appraiser credentialing, while others have not. This Guide Note is intended to provide additional guidance, in particular to those jurisdictions with little to no experience in evaluating an applicant’s background as part of the applicant’s overall fitness for licensure or certification.

EXAMPLES OF ISSUES TO CONSIDER

Some of the types of background issues that state appraiser regulatory agencies might consider include, but are not limited to, applicants who have:

- (1) Had an appraiser license or certification revoked in any governmental jurisdiction.
- (2) Been convicted of, or pled guilty or *nolo contendere* to, a crime involving moral turpitude.
- (3) Been convicted of any crime *that is substantially related* to the qualifications, functions, or duties of the profession of real estate appraisal.
- (4) Performed any act, which if done by the holder of a real property appraiser credential, would be grounds for revocation or suspension of such a credential.
- (5) Knowingly made a false statement of material fact required to be disclosed in an application for any professional license or certification.
- (6) Been prohibited from participating in the affairs of an insured depository institution pursuant to Section 19(a) of the Federal Deposit Insurance Act (12 U.S.C. Section 1829).

SUBSTANTIAL RELATIONSHIP

A crime or act may be deemed substantially related to the qualifications, functions, or duties of an appraiser if, to a substantial degree, it evidences present or potential unfitness of a person applying for or holding a real property appraiser credential to perform the functions authorized by the credential. Examples of the types of crimes or acts include, but are not limited to, the following:

- (1) Taking, appropriating, or retaining the funds or property of another.
- (2) Forging, counterfeiting, or altering any instrument affecting the rights or obligations of another.
- (3) Evasion of a lawful debt or obligation, including but not limited to tax obligations.
- (4) Traffic in any narcotic or controlled substance in violation of law.

- (5) Violation of a relation of trust or confidence.
- (6) Theft of personal property or funds.
- (7) Crimes or acts of violence or threatened violence against persons or property.
- (8) The commission of any crime or act punishable as a sexually related crime.
- (9) Misrepresentation of facts or information on the appraisal license or certification application.
- (10) Cheating on an examination for a real property appraiser credential.

REHABILITATION

Upon a determination that an applicant's background is inconsistent with public trust, state appraiser regulatory agencies should consider all evidence related to the extent an applicant is rehabilitated, including testimony or other documentation demonstrating things such as:

- (1) The effect of the passage of time since the most recent act or crime.
- (2) Restitution by the applicant to any person who has suffered monetary losses.
- (3) Judicial relief from the consequences of criminal convictions resulting from immoral or antisocial acts, including but not limited to release from probation, finding of factual innocence, a completed program of diversion, or other comparable orders of a court.
- (4) Successful completion or early discharge from probation or parole.
- (5) Abstinence from the use of controlled substances or alcohol for not less than two years if the crime or offense is attributable in part to the use of controlled substances or alcohol.
- (6) Payment of any fine or other imposed monetary penalty.
- (7) Stability of family life and fulfillment of parental and familial responsibilities subsequent to the act or conviction.
- (8) Completion of, or sustained enrollment in, formal education or vocational training courses for economic self-improvement.
- (9) Discharge of, or bona fide efforts toward discharging adjudicated debts or monetary obligations to others.
- (10) Mitigating facts or circumstances that reasonably indicate that an applicant will perform appraisal-related activities honestly, fairly, and ethically.
- (11) Correction of business practices resulting in injury to others or with the potential to cause such injury.
- (12) Significant or conscientious involvement in community, church, or privately-sponsored programs designed to provide social benefits.
- (13) New and different social and business relationships from those that existed at the time of the act or crime.
- (14) Change in attitude from that which existed at the time of the act or crime, as evidenced by any or all of the following:
 - a) Testimony of applicant.
 - b) Evidence from family members, friends, or other persons familiar with applicant's previous conduct and his or her subsequent attitudes and behavioral patterns.
 - c) Evidence from probation or parole officers or law enforcement officials competent to testify as to applicant's social adjustments.

- d) Evidence from psychiatrists or other persons competent to testify with regard to psychiatric or emotional disturbances.

The above is intended to be illustrative, not exhaustive. State appraiser regulatory agencies, in performing their due diligence when examining an applicant's qualifications for a real property appraiser credential, may elect to include additional items not identified in this Guide Note. Likewise, state appraiser regulatory agencies may determine, based on their own experience and history, that some of the items identified in this Guide Note may not be applicable to an applicant seeking a real property appraiser credential in that jurisdiction.
