The Arkansas Trauma Rehabilitation Program, Baptist Health Rehabilitation Institute, and NeuroRestorative Timber Ridge present the 2016 Arkansas Trauma Rehabilitation Conference. This event will be held Thursday and Friday, May 19 and 20, 2016, at the Embassy Suites Hotel Little Rock.

The program will focus on traumatic amputation; dual diagnosis of traumatic brain injury and spinal cord injury; PTSD and traumatic brain injury; burn rehabilitation; and ethics in clinical practice.

Who Should Attend?
This program is designed for nurses, social workers, case managers, physical therapists, occupational therapists, speech-language pathologists, and recreational therapists. All interested healthcare providers are welcome to attend.

This conference is jointly provided by the Arkansas Trauma Rehabilitation Program and Baptist Health.

Nursing: Nine (9) contact hours are pending approval. Participants must attend the entire conference and complete an evaluation for successful completion and awarding of all contact hours.

BAPTIST HEALTH is an approved provider of continuing education by the South Central Accreditation Program, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Case Management: Nine (9) continuing education credits contact hours are pending approval through the Commission for Case Management Certification.

Rehab Counseling: Nine (9) continuing education credits contact hours are pending approval through the Commission on Rehabilitation Counselor Certification.

Social Work: This conference qualifies for nine (9) hours of continuing education as required by the Arkansas Social Work Licensing Board.

Nine (9) contact hours will be provided for other healthcare professionals.

Conference Objectives
At the conclusion of the conference, participants will be able to:

- Identify important demographics and statistics regarding traumatic amputations.
- Recognize medical complications for traumatic amputations and how to manage these issues.
- Demonstrate knowledge of how phantom pain affects patients with limb loss and how to customize treatment accordingly.
- List challenges that face survivors of burn injury.
- State how the influence of social stigma impacts the recovery process.
- Identify symptoms of PTSD and TBI and how they overlap.
- Discuss evidence-based treatments related to symptoms of PTSD and TBI.
- Identify medical situations that are most likely to result in both spinal cord injury and brain injury.
- Identify methods to maximize function and minimize complications for persons with SCI and TBI.
- Identify the long-term medical and functional implications in a dual diagnosis situation to provide education and resource management for these patients, their families, and healthcare providers.
- List at least five factors that contribute to unethical behavior.
- State the purpose of Stanley Milgram’s landmark study on ethics.
- Cite the study that led to the Belmont Report on ethical guidelines for the protection of patients.
- Identify one positive result of the Willowbrook study on medical practice.
- State three ethical principles paramount for effective clinical/medical practice.
- List seven steps to resolve ethical dilemmas in clinical/medical practice.

Conflict of Interest Statement
The conference speakers have declared that they do not have a conflict of interest, which will not impact the information in this session. They do not endorse any companies or commercial products.

The conference planners have declared that they do not have a conflict of interest. They do not endorse any companies or commercial products.

Conference Adjourns

**Pre-Test & Post-Test Evaluation**

This year, we are asking attendees to complete a short pre-test and post-test based on the conference's objectives to measure how much new information attendees are learning at the conference.

The pre-test will be sent by email to all pre-registered attendees and answers collected online (paper copies will also be available at the conference). The post-test will be administered along with the standard evaluation at the end of the conference.

Attendees must complete the pre- and post-tests to receive continuing education credit, but their answers will not affect the credit received.

**Lodging**

Attendees are responsible for arranging their own accommodations. In addition to the host facility, there are several hotels nearby to meet your lodging needs.

**Embassy Suites Little Rock** (ask for conference rate)
