

The seal of the State of Arkansas is a circular emblem. It features a central figure, likely a personification of Justice or Liberty, holding a scale and a sword. The figure is surrounded by a wreath and a banner. The outer ring of the seal contains the text "GREAT SEAL OF THE STATE OF ARKANSAS".

REPORT ON AHECB POLICY FOR MAINTENANCE OF NEW FACILITIES

The AHECB policy for maintenance of new facilities, passed October 29, 2010, states that a report on the amount transferred to plant funds would be presented annually at the October Board meeting. This policy was proposed to ensure that in the future all newly constructed or purchased facilities would have a source of funding for maintenance of the new facility. Institutions seeking approval of a loan or a bond issue for the construction or purchase of a new facility must provide for the maintenance of that facility by transferring annually to plant funds an amount as recommended by the Association of Physical Plant Administrators of Universities and Colleges (APPA). This is currently \$2.50 per gross square foot for an educational and general facility or \$1.25 per gross square foot for an auxiliary facility. A lower rate per gross square foot for a specific building/facility can be approved with appropriate justification.

It is the expectation that the institution provide for the long term maintenance of the facility for which the funds were accrued. Funds may be utilized for facility renovation and upkeep including upgrade or replacement of equipment and furnishings of the designated building. These funds will be transferred to the plant fund annually and shall begin in the fiscal year following the completion and occupancy of the facility and will continue as long as the building is in use. This report includes the status of the FY 2012-13 maintenance transfers.
