Attachment 5-6: Academic Programs Deleted or Phased Out at Arkansas

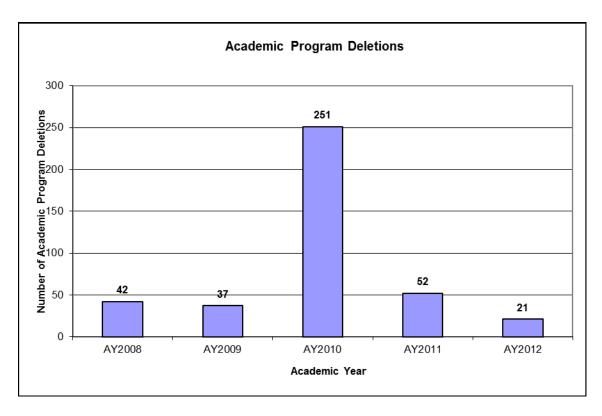

Public Colleges and Universities for Academic Year 2008

(2007-2008)

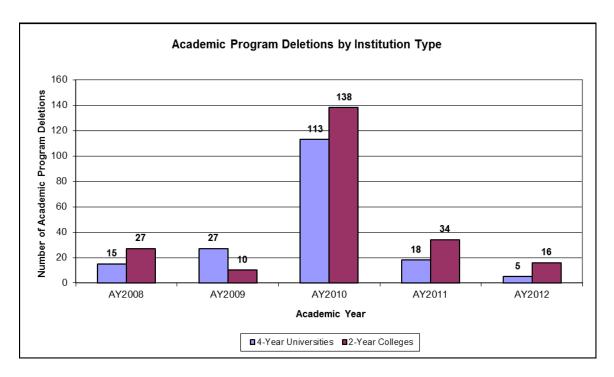

This report provides summary and detailed information about program deletions during Academic Year 2012 (2011-12).

Attachment 5-1 summarizes the number of program deletions for the academic year by level of program and by level of institution for the last five academic years.

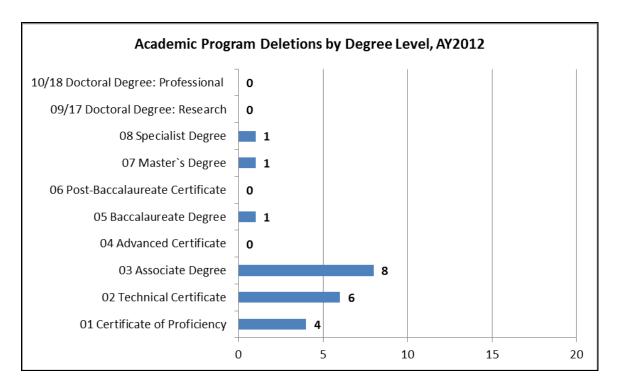

Twenty-one (21) programs were deleted in AY2011-12 as compared to 52 in AY2010-2011, 251 deletions in AY2009-10, 37 deletions in AY2008-09, and 42 deletions in AY2007-08.

The 251 program deletions in AY2010 were primarily due to the implementation of program viability standards that were approved in 2008.

The majority of program deletions occurred at the 2-Year Colleges.

The majority of program deletions occurred at the undergraduate level in the Career/Technical Education (CTE) fields.

## REPORT OF 2011-2012 INTERCOLLEGIATE ATHLETIC REVENUES AND EXPENDITURES

\_\_\_\_\_

Act 245 of 1989 (A.C.A. §6-62-106) directed the Coordinating Board to develop and establish uniform accounting standards and procedures for reporting revenues and expenditures. Based on these standard definitions and formats, the Coordinating Board is to collect the financial data and provide a uniform report of each institution's athletic revenues and expenditures for the previous fiscal year to the Legislative Joint Auditing Committee and the public by November of each year.

Athletic revenues and expenditures for 2011-12 for each institution have been collected according to uniform standards and compiled in a summary report that follows this agenda item. An explanation of the reporting format follows:

- 1. The athletic report details revenues and expenditures for each institution.
- 2. Athletic revenues will match athletic expenditures unless there is an ending fund balance.
- 3. Act 366 of 1991 (A.C.A. § 6-62-804) prohibits athletic deficits. A designated athletic fee must be charged to the students by the institution if athletic-generated revenues (i.e., ticket sales, media/tournament/bowl, concessions/program sales, and game guarantees), foundations/clubs and other private gifts, other athletic income, auxiliary profits, and the allowable educational and general transfer do not cover the total expenditures for athletics.
- 4. In accordance with the uniform reporting and auditing of intercollegiate athletic expenditures of state-supported institutions of higher education, maintenance of facilities expenditures related to all intercollegiate teams and spirit groups, excluding bands, shall be reported as actual costs of operating such athletic facilities or a proration of actual costs based on athletic usage (A.C.A. § 6-62-807).

The 2011-12 total amount of athletic expenditures reported by state-supported universities is \$134,236,381 and two-year colleges is \$478,278. The statewide total is \$134,714,659 – an increase of \$10,492,881 (8.45%) from \$124,221,778 in 2010-11. The University of Arkansas, Fayetteville accounted for 60.4 percent of the increase.

A comparison of 2011-12 actual expenditures to 2011-12 budgeted revenues certified to the Coordinating Board in July 2011 is also illustrated at the bottom of

the summary chart. Certified budgeted revenues for 2011-12 totaled \$119,564,801 for all institutions. Total actual expenditures for 2011-12 for all institutions exceeded this budgeted amount by 12.7 percent. Actual expenditures varied from the Board of Trustees-certified budgeted revenue by a range of 18 percent over the budgeted amount to 6 percent under the budgeted amount.

The following resolution is presented for the Board's consideration:

**RESOLVED,** That the Arkansas Higher Education Coordinating Board accepts the Report of 2011-12 Intercollegiate Athletic Revenues and Expenditures as prepared in accordance with Arkansas Higher Education Coordinating Board uniform accounting standards and definitions for athletic reporting.

**FURTHER RESOLVED,** That the Coordinating Board authorizes the Director to transmit the Report of 2011-12 Intercollegiate Athletic Revenues and Expenditures to the Legislative Joint Auditing Committee according to the provisions of Act 245 of 1989.

## REPORT ON AHECB POLICY FOR MAINTENANCE OF NEW FACILITIES

The AHECB policy for maintenance of new facilities, passed October 29, 2010, states that a report on the amount transferred to plant funds would be presented annually at the October Board meeting. This policy was proposed to ensure that in the future all newly constructed or purchased facilities would have a source of funding for maintenance of the new facility. Institutions seeking approval of a loan or a bond issue for the construction or purchase of a new facility must provide for the maintenance of that facility by transferring annually to plant funds an amount as recommended by the Association of Physical Plant Administrators of Universities and Colleges (APPA). This is currently \$2.50 per gross square foot for an educational and general facility or \$1.25 per gross square foot for an auxiliary facility. A lower rate per gross square foot for a specific building/facility can be approved with appropriate justification.

It is the expectation that the institution provide for the long term maintenance of the facility for which the funds were accrued. Funds may be utilized for facility renovation and upkeep including upgrade or replacement of equipment and furnishings of the designated building. These funds will be transferred to the plant fund annually and shall begin in the fiscal year following the completion and occupancy of the facility and will continue as long as the building is in use. No new facilities have met the requirements stated above; therefore, there are no transfers to report at this time.
