ARKANSAS DEPARTMENT OF HIGHER EDUCATION

History

The Arkansas Department of Higher Education serves as the executive staff for the Arkansas Higher Education Coordinating Board (AHECB), which was established after the abolishment of the State Board of Higher Education in 1997. The Coordinating Board, established by Act 1114 of 1997, consists of 12 members who are appointed by the governor and serve staggered six-year terms; the terms of two members shall expire each year and members may serve no more than two terms. The first Higher Education Coordinating Board for Arkansas was created in 1961 and was known as the Commission on Coordination of Higher Education Finance.

The Coordinating Board membership consists of members chosen as follows: three members are selected from the current or recent membership of the boards of public two-year colleges; three members are selected from the current or recent membership of the boards of four-year institutions, and six members are selected from business, industry, education, agriculturally-related industry, and medical services. No more than four members may be appointed from any one congressional district as the districts exist at the time of appointment. No more than two members of the Board at any one time may be graduates of an undergraduate program of any one state university or college. Should any newly appointed member be a sitting member of the board of a two- or four-year institution at the time of appointment, he/she will resign from the institutional board before accepting a position on the Coordinating Board. The members to be appointed by the Governor from recent or current institutional boards are to be selected from a list of names submitted by the Presidents' Council.

The Presidents' Council was also established by Act 1114 and is composed of all presidents and chancellors of public two-year and four-year colleges and universities. This Council serves in a "strong advisory" capacity (Act 1114, Section 4(b) (2)) to the Director of the Department and to the Coordinating Board. In addition, the Executive Council, consisting of eight members (four from two-year colleges and four from four-year colleges or universities), is to be selected from the membership of the Presidents' Council, by the Presidents' Council, to serve staggered terms of two years each. The Executive Council is the "working committee" of the Presidents' Council.

The policies and procedures authorized by the General Assembly and promulgated by the Arkansas Higher Education Coordinating Board can be found in the AHECB Policy Manual.

Mission Statement

The Arkansas Department of Higher Education (ADHE) is responsible for carrying out the policy directives of the Arkansas Higher Education Coordinating Board (AHECB), approving and reviewing college and university academic programs and developing funding recommendations for the state's 11 public universities and 22 public two-year colleges as well as several other post-secondary entities. In addition, the agency is responsible for distributing approximately \$140 million annually from state revenues and lottery funds intended to ease the financial burden of students seeking an education beyond high school.

The mission of the Arkansas Department of Higher Education is to advocate for higher education, to promote a coordinated system of higher education in the State, and to provide for the orderly and effective development of each of the publicly and locally supported institutions of higher education in the state; all geared toward improving the delivery of higher education services to the citizens of Arkansas.

Code of Ethics

All ADHE employees must maintain the highest standards of honesty, integrity, and impartiality in conduct and ensure performance of duties to the best of their ability.

1. Employees are, at all times, representatives of ADHE and the State of Arkansas.
2. ADHE employees' fundamental loyalty at work must be to those served by our agency. This overrides loyalties to friends, co-workers, and outside groups.
3. Your position may not be used for personal gain. Your influence and confidential information may never be used for personal advantage.
4. Employees may not accept favors or gifts from individuals who feel they may benefit from such an act. Compromising obligations must be avoided and decisions and actions must be determined by impersonal consideration.
5. Employees may not engage in criminal, dishonest, or notoriously disgraceful conduct, or any other conduct, which jeopardizes the health, safety, or welfare of those served by ADHE or our agency itself.
6. Employees must observe the requirements of courtesy, consideration, and promptness in dealing with all people.
7. Personal ambition or unjust criticism must not deter an employee from actions which his or her conscience indicates are right.

8. An employee's position obligates him or her to guard the honor of that position. Employees must avoid actions, which might adversely affect ADHE.

9. Employees are prohibited from engaging in outside employment or activity, which is not compatible with the full and proper discharge of the duties and responsibilities of their job.

Employees who violate ADHE's Code of Ethics are subject to disciplinary action, ranging from a written warning to employment termination, depending upon the severity of the violation.

Customer Service

Every employee of the Department of Higher Education is a public servant to the people of this State and every employee is a representative of ADHE and the State of Arkansas. Customer service is the job of each and every employee of ADHE with customers that are both external and internal to our agency. The way you do your job reflects upon the agency, the State, and your fellow employees. Everyone you meet notices your attitude and the impressions you make will not only reflect what is thought of you, but also what is thought of ADHE.

Quality service demonstrates at least the following three characteristics. It is timely. It is provided both in anticipation of what may be requested and when a request is made. Quality service is complete and comprehensive in its delivery. Our expectation of you is that you provide all customers, whether internal to ADHE or from among the general public, quality customer service.

General Policies

1. Working Hours: All State administrative offices will be open for business from 8:00 a.m. until 5:00 p.m. The normal work day for full-time employees working in an administrative office shall consist of 8 hours. A standard work day for regular salary non-exempt employees is no less than 8 hours; a workweek is not less than 40 hours starting on Sunday and ending on Saturday. Exempt employees are expected to work any hours that are necessary to accomplish their jobs. This may, and often does require working more than an 8-hour day or more than a 40 hour workweek.

2. Work Breaks: Work breaks may be authorized each day at the discretion of your supervisor. Work breaks are a privilege rather than a right and should not interfere with work schedules or deadlines. Breaks may not be used to add to lunch periods or change workday starting and ending times. Lunchtime may not be used to change workday starting or ending times. Federal law determines that lunch is not considered compensable time. Employees who fail to work as scheduled are subject to disciplinary action. Supervisors whose employees fail to work as scheduled are subject to disciplinary action.

3. Parking: Parking is currently provided at no cost.

4. Telephone Calls: Carrying on the business of the State often depends on the telephone. Consequently, local calls are permitted but should be kept to a minimum. Personal cell phones are to be set on vibrate or at the lowest possible level and may be used on work breaks or during meal periods.

5. Dress and Appearance: It shall be the policy of Arkansas State Government to encourage all employees to use good judgment and discretion in their dress and appearance. The intent of this policy is to present a professional image to the public and to provide a common sense guideline for employees. Observe the following dress code to project the image of a professional public servant. Acceptable office attire must be worn; this does not include shorts, jeans, T-shirts, sweat shirts, overalls, tennis shoes, thongs/flip-flops, and other casual wear. Exceptions may be made when obviously needed for bad weather, moving or casual Fridays. Clothing, or the lack of it, which may offend or shock the public or is generally considered inappropriate for the work location or assignment is not allowed. Field and unusual assignments, which require a deviation from this dress code, are determined on an individual basis by supervisors.

Job assignments in the field include many duties that require wearing different types of clothing. Employees must wear clothing appropriate for their assignments. Appropriate supervisors make determinations or decisions under this policy.

6. Political Activity: Arkansas State law prohibits State employees from engaging in partisan political activities during the hours they are performing work for and being paid by an agency of State government. Employees are not to endorse candidates, including the Governor, in their official capacity as State employees. The State further prohibits the use of any campaign

literature (including bumper stickers) on a vehicle belonging to the State. The solicitation or collection of contributions for elected officials, candidates for office, or for any political activity is specifically prohibited during working hours. In addition, employees who receive more than 50% of their salary from Federal funds are covered by the Federal Hatch Act in addition to State laws, which may restrict off-duty activities.

7. Public Information: Most information in State government is public record and is available to all citizens under the Freedom of Information Act, including information items about your employment with the state. Those items include name, salary, pay grade agency, position title, race, gender, supervisory, and other information directly related to your employment. Personal information that is not job related is redacted from FOIs. Things like Social Security Number, home address and phone number, spousal information, information on children, and HIIPA are not included. However, many confidential matters are entrusted to those working for the State. You should be certain (check with your supervisor) that information requested may be made available to the inquiring public.

8. Other Employment: It is not permissible for a State employee to engage in private employment during the time he or she is scheduled to be working for the State. Further, it is unlawful for a State employee to engage in any occupation outside working hours in a manner or to an extent which constitutes a conflict of interest as defined in the law.

Otherwise, it is permissible for State employees to engage in private employment if they so desire. It should be noted, however, that employees are subject to dismissal for inadequate performance of their jobs. Anyone considering employment in addition to his or her job with the State should carefully consider whether such employment would make demands on his or her time and energies which would adversely affect job performance in the State job. This, of course, is a personal matter and requires the use of good judgment on the part of anyone considering such an arrangement.

9. Union Activity: Freedom of organized labor to bargain collectively and freedom of organized labor to bargain individually is the public policy of the State under Amendment 34 to the Constitution: "No person shall be denied employment because of membership in, or affiliation with, a labor union; nor shall any person be denied employment because of a failure or refusal to join, or affiliate with a labor union, nor shall any person, unless he/she shall voluntarily consent in writing to do so, be compelled to pay dues, or any other monetary consideration to any labor organization as a prerequisite to, or condition of, employment."

10. Discrimination: Acts 1301 and 1318 of 1995 state that discrimination by any officer or employee of a State agency based upon race, creed, religion, national origin, age, sex, or gender shall constitute grounds for dismissal. If a court of law determines that any employee of the State is guilty of such discrimination, the employee shall be dismissed from employment.

11. Employment-At-Will: The Department of Higher Education is an "Employment- At-Will" employer. As an ADHE employee there is not a contract, expressed or implied, for employment between you and the agency. The employer and the employee both have the right to

terminate the employment relationship without cause or notice at any time. Nothing in this handbook or any other document, policy or procedure issued or used by ADHE creates either an express or implied right or expectation of continued employment or contract.

Compensation Plan

Purpose

Most state government employees are paid under a compensation plan which establishes the salaries and salary increases for employees serving in positions covered by the Statewide Uniform Classification and Compensation Plan.

Specific Provisions

No employee shall be paid at a rate of pay higher than the appropriate rate in the grade assigned to his or her class, and no employee shall be paid more than the highest pay level established for the employee's grade unless otherwise provided for in the Statewide Uniform Classification and Compensation System.

Although salary increases are covered in the Uniform Classification and Compensation system, it is not the intent of this system that salary increases are automatic or that any employee has a claim or right to pay increases. Management representatives in each agency or institution determine if the employee, by experience, ability, and work performance, is eligible for the increase authorized in law.

Pay levels established in this subchapter are for compensation management purposes and are not to be construed as a contract, right, or other expectation of actual employee salary determination.

Positions in state agencies or institutions covered by the Uniform Classification and Compensation system will either fall in the Career Service Pay Plan or the Professional and Executive Pay Plan. Every position will be assigned to a job classification that is assigned a grade for the purpose of employee compensation. Every agency and institution appropriation act will provide a list of authorized positions by job classification. Employee salary compensation must be implemented and function in compliance with fiscal control laws of this state.

The following grades and pay levels shall be authorized for the two pay plans, effective July 1, 2009, and thereafter: Career Service Pay Plan

Professional and Executive Pay Plan. The current fiscal year plan is located in the appendices of the manual

Computer Use Policies

Use of data processing equipment is restricted to employees and authorized volunteers who have been trained in the proper use of the equipment. Use of the subject equipment for personal and/or unofficial purposes will be subject to disciplinary sanctions.

- Use of the ADHE data processing equipment and/or software in any manner that would violate copyright laws, department policies, or provisions of licensing agreements is not allowed.
- Copying software owned by or licensed for use by ADHE is prohibited.

- Only screensavers approved by the MIS Department may be installed/used on ADHE computers. Only screensavers included in the Operating System will be approved.

- Dissemination or printing of copyrighted materials (including articles and software) in violation of copyright laws.
- Sending, receiving, printing or otherwise disseminating proprietary data, or other confidential information of ADHE in violation of department policy or proprietary agreements.
- Offensive or harassing statements or language including disparagement of others based on their race, national origin, gender, sexual orientation, age, color, disability, religion, or political beliefs.

State issued email addresses are to be used for official state business only:

- Do not use your state email address for personal business. This includes paying bills, contacting friends and family and signing up for social media.
- The electronic files, including e-mail files, of state employees are potentially subject to public inspection and copying under the state Freedom of Information Act ("FOI"), Ark. Code Ann. § 25-19-101 et seq.

- Sending/forwarding or opening executable files (.exe) or other attachments unrelated to specific work activities, as these frequently contain viruses;
- Use of abusive or profane language in messages, or use that reflects poorly on the agency or state of Arkansas;

PC Security

Employees may not share or reveal their login user names or passwords for any secured site. Supervisors are prohibited from requiring any employee to reveal their login or password for ADHE Network access or AASIS unless or until the employee terminates. Upon termination, a supervisor may request help from MIS to have the terminating employee's password changed so the supervisor may gain access if needed.

Mobile Phones and Texting Devices

Personal calls during business operations are a distraction in the workplace. Business phones are for business use, not personal use. Employees found to be making or receiving excessive personal calls on business phones may be subject to progressive discipline. Family and friends should be told not to call on business phones unless there is an emergency. Employees will refrain from using personal mobile phones and taking or making personal calls or text messages during work hours. All personal and business cell phones should be set to Vibrate or silent during work hours. Excessive use of cell phones or other mobile devices for personal calls or text messaging during work hours will result in progressive discipline. Personal mobile phones or texting devices may be used during an employee's authorized breaks and/or lunch breaks.

Catastrophic Leave Bank: A pool of accrued annual leave donated by employees.

Annual Leave Accrual

Full-time employees accrue leave at the rates shown in the timetable listed below. Employees who work less than full-time per year accrue annual leave in the same proportion as time worked. For example, employees who work half time would receive half of the annual leave accrual.

Years of Employment	Monthly	Annually
Through 3 years	1 Day	12 Days
4 through 5 years	1 Day, 2 Hours	15 Days
6 through 12 years	1 Day, 4 Hours	18 Days
13 through 20 years	1 Day, 6 Hours	21 Days
Over 20 years	1 Day, 7 Hours	22.5 Days

Annual leave is granted on the basis of work days, not calendar days. Non-work days, such as holidays and weekends, are not charged as annual leave.

Annual leave shall be granted to permanent, probationary, provisional, and temporary employees who are working one-half time on a pro rata basis. Annual leave shall not be granted to emergency, hourly, intermittent, or per diem employees. Any employee who works a minimum of 1000 hours per year in a regular salary position shall accrue annual leave. Employees who work less than full-time, but more than 1000 hours per year, accrue annual leave in the same proportion as time worked.

Annual leave accrued during a calendar month is not considered to be earned by an active employee until the last working day of the month, and the leave must be earned before it can be used. For accrual purposes only, employees will accrue half their monthly accrual of annual leave if employed on the first (1st) working day of the month and work through the 15th of that month. Employees will accrue half their monthly accrual if employed on the 16th of the month and work through the last working day of that month. If the 16th falls on a weekend or holiday, accrual begins on the first working day thereafter.

Accrual rates will change on the first day of the month following eligibility for the next higher accrual rate.

Annual Leave is cumulative; however, no employee shall have over 30 days accumulated on December 31st of each year. Accrued leave may exceed 30 days during the calendar year, but those days in excess of 30 will be forfeited if not used by December 31st of each year.

An employee may not earn annual leave when on leave without pay for ten (10) or more cumulative days within a calendar month. Employees continue to earn annual leave at their normal accrual rate when on annual or sick leave.

Employees shall not borrow from anticipated future accruals and may not use annual leave

accrued by other employees, unless approved as shared leave. The minimum annual leave an employee can use is fifteen (15) minutes.

All compensatory time should be used before the use of annual leave.

Years of employment may be continuous state employment or an accumulation of years of service when the employee was out of state service for a time. Effective July 1, 1975, prior service is established on completed years of service only. Service prior to July 1, 1975, shall be established in completed years and months of service.

When an employee leaves state service their accrual rate will remain the same upon returning to state service.

Sick Leave Accrual

An employee who works in a regular salary position shall accrue sick leave in the same proportion as time worked. An employee who works a minimum of 1000 hours per year in a regular salary position shall accrue sick leave. Employees who work less than full-time, but more than 1000 hours per year, accrue sick leave in the same proportion as time worked.

Sick leave accrued during a calendar month is not considered to be earned by an active employee until the last working day of the month, and the leave must be earned before it can be used.

For accrual purposes only, employees will accrue half their monthly accrual of sick leave if employed on the first (1st) working day of the month and work through the 15th of that month. Employees will accrue half their monthly accrual if employed on the 16th of the month and work through the last working day of that month. (If the 16th falls on a weekend or holiday, accrual begins on the first (1st) working day thereafter.) Employees shall not borrow from anticipated future accruals.

Employees continue to earn sick leave at the normal accrual rate when they are on sick leave or annual leave.

Sick leave is granted on the basis of work days, not calendar days. Non-work days, such as holidays and weekends, are not charged as sick leave.

Annual Leave

Purpose

This policy applies to all Arkansas Department of Higher Education (ADHE) employees.

An employee who works in a regular salary position shall accrue annual and sick leave in the same proportion as time worked.

The establishment of leave records and internal procedures, such as requesting leave, approving leave, and leave use, are the responsibility of each agency and institution. All employees shall be informed of statewide policy as well as any internal policy and procedures.

Specific Provisions

ADHE employees who works in a regular salary position shall accrue annual leave as defined in the timetable below. Full-time employees accrue leave at the rates shown in the timetable listed below. Employees who work less than full-time per year accrue annual leave in the same proportion as time worked. For example, employees who work half-time would receive half of the annual leave accrual shown on the timetable. Employees must have completed full years of employment before movement to the next higher accrual rate. For example, an employee would not move to the second level of annual leave accrual rate until they had completed three (3) full years of employment and starting their fourth (4th) year.

Years of Employment	Monthly	Annually
Through 3 years	1 Day	12 Days
4 through 5 years	1 Day, 2 Hours	15 Days
6 through 12 years	1 Day, 4 Hours	18 Days
13 through 20 years	1 Day, 6 Hours	21 Days
Over 20 years	1 Day, 7 Hours	22.5 Days

1. Through three (3) years: Employees must have completed three (3) full years of employment, before movement to the next higher accrual rate—(1 through 36 months).
2. Four (4) through five (5) years: Employees must have completed three (3) full years of employment and be starting their fourth (4th) year—(37 through 60 months).
3. Six (6) through twelve (12) years: Employees must have completed five (5) full years of employment and be starting their sixth (6th) year—(61 through 144 months).
4. Thirteen (13) through twenty (20) years: Employees must have completed twelve (12) full years of employment and be starting their thirteenth (13th) year—(145 through 240 months).

5. Over twenty (20) years: Employees must have completed twenty (20) full years of employment and be starting their twenty-first (21st) year—(241 months and beyond). Annual leave accrued during a calendar month is not considered to be earned by an active employee until the last working day of the month, and the leave must be earned before it can be used. For accrual purposes only, employees will accrue half their monthly accrual of annual leave if employed on the first (1st) working day of the month and work through the 15th of that month. Employees will accrue half their monthly accrual if employed on the 16th of the month and work through the last working day of that month. (If the 16th falls on a weekend or holiday, accrual begins on the first (1st) working day thereafter.)

Per an Office of Personnel Management memorandum dated September 27, 2012, years of employment may be continuous state employment or an accumulation of years of service when the employee was out of state service for a time.

Annual leave is granted on the basis of work days, not calendar days. Non-work days, such as holidays and weekends, are not charged as annual leave.

Annual leave shall be granted to permanent, probationary, provisional, and temporary employees who are working one-half time on a pro rata basis. Annual leave shall not be granted to emergency, hourly, intermittent, or per diem employees. An employee who works a minimum of 1000 hours per year in a regular salary position shall accrue annual leave. Employees who work less than full time, but more than 1000 hours per year, accrue annual leave in the same proportion as time worked.

Any employee who works in a regular salary position shall accrue annual leave in the same proportion as time worked.

Annual Leave is cumulative and no employee shall have over 30 days accumulated on December 31st of each year. Accrued leave may exceed 30 days during the calendar year, but those days in excess of 30 will be forfeited if not used by December 31st of each year. Accrued Birthday and Holiday leave balances do not truncate at the end of the year if the employee has 240 hours of annual leave. Employees who have a balance of over 30 days at the end of the year may donate their time over 30 days to the Catastrophic Leave Bank. An employee may request to use accrued annual leave at any time. The Agency Director or Institution Head may grant the leave request at such time that will cause the least disruption to the efficient operation of the agency.

Employees shall not borrow from anticipated future accruals and may not use annual leave accrued by other employees, unless approved as shared leave.

The minimum annual leave amount an employee can use is fifteen (15) minutes. No smaller amounts shall be used.

Employees continue to earn annual leave at their normal accrual rate when on annual or sick leave.

An employee may not earn annual leave when in a leave without pay status for ten (10) or more cumulative days within a calendar month.

All compensatory time should be used before the use of annual leave.

Employees transferring without a break in service, between state agencies and/or state-supported institutions of higher education, that are covered by these policies, shall retain all accumulated annual leave.

When an employee terminates employment with the state, they are eligible to receive a payout of their annual, as well as birthday and holiday, leave balances; however, the payout may not exceed thirty (30) days or 240 hours.

Revised August 16, 2013

Sick Leave

Specific Provisions

Any employee who works in a regular salary position shall accrue sick leave with pay in the same proportion as time worked. Sick leave with pay shall not be granted to emergency, hourly, intermittent, or per diem employees. Sick leave with pay shall be allowed to provisional and temporary employees on the basis of one (1) day for each completed month of service.

Sick leave with pay shall be allowed to permanent, probationary, provisional, and temporary employees who are working one-half (1/2) time or more on a pro rata of the schedule for full-time employees for each complete month of service.

Employees accrue sick leave at the rate of one (1) day for each completed month of service; however, no employee shall have over 120 days accumulated on December 31st of each year. Accrued leave may exceed 960 hours during the calendar year, but those days in excess of 120 days hours will be forfeited if not used by December 31st of each year. Employees who have a balance of over 120 days at the end of the calendar year may donate their time over 120 days to the catastrophic leave bank.

Sick leave accrued during a calendar month is not considered to be earned by an active employee until the last working day of the month, and the leave must be earned before it can be used. For accrual purposes only, employees will accrue half their monthly accrual of sick leave if employed on the first (1st) working day of the month and work through the 15th of that month. Employees will accrue half their monthly accrual if employed on the 16th of the month and work through the last working day of that month. (If the 16th falls on a weekend or holiday, accrual begins on the first (1st) working day thereafter.) Employees will not borrow from anticipated future accruals.

Employees continue to earn sick leave at the normal accrual rate when they are on sick leave or annual leave.

Sick leave is granted on the basis of work days, not calendar days. Non-work days, such as holidays and weekends, are not charged as sick leave.

Sick leave may be used for only the following purposes:

1. When the employee is unable to work because of sickness or injury; or for medical, dental or optical treatment.
2. Death or serious illness of a member of the employee's immediate family. Immediate family is defined as the father, mother, sister, brother, spouse, child, grandparents, grandchild, in-laws or any individual acting as a parent or guardian of an individual.

The use of sick leave is contingent upon the occurrence of one of the events listed above. If the event never occurs, the employee is not entitled to the sick leave benefits.

Employees are not entitled to payment for accrued and unused sick leave when they terminate their employment.

Upon retirement or death, any employee, or beneficiary of any employee, of any agency of the State of Arkansas and classified employees of state-supported institutions of higher learning shall receive compensation for accumulated unused sick leave or Sick Leave Incentive Payout as follows:

1. When the employee is unable to work because of sickness or injury; or for medical, If the employee has accumulated at least fifty (50) days, but less than sixty (60) days of sick leave, the employee shall receive an amount equal to fifty percent (50%) of the number of accrued sick leave days (rounded to the nearest day) times fifty percent (50%) of the employee's daily salary.
2. If the employee has accumulated at least sixty (60) days, but less than seventy (70) days of sick leave, the employee shall receive an amount equal to sixty percent (60%) of the number of accrued sick leave days (rounded to the nearest day) times sixty percent (60%) of the employee's daily salary.
3. If the employee has accumulated at least seventy (70) days, but less than eighty (80) days of sick leave, the employee shall receive an amount equal to seventy percent (70%) of the number of accrued sick days (rounded to the nearest day) times seventy percent (70%) of the employee's daily salary.
4. If the employee has accumulated at least eighty (80) or more days of sick leave, the employee shall receive an amount equal to eighty percent (80%) of the number of accrued sick leave days (rounded to the nearest day) times eighty percent (80%) of the employee's daily salary.

The employee's daily salary shall be determined by dividing the annual salary by two hundred and sixty (260).

Upon retirement or death, if the balance of the employee's sick leave does not reach the criteria for a Sick Leave Incentive Payout, the employee or their beneficiary may donate their sick leave to the catastrophic leave bank. When an employee receives a payout for unused sick leave at retirement or death, hours used to calculate the maximum payout of \$7,500 cannot be donated to the catastrophic leave bank.

Once the calculation of the number of accrued hours needed to receive a full payout of \$7,500 has been made, any remaining hours may be donated to the catastrophic leave bank.

In no event shall an employee, or beneficiary, receive an amount that exceeds seven thousand five hundred dollars (\$7,500) upon retirement, or death of an employee, due to the provisions of this section.

If an employee receives compensation for unused sick leave at retirement and returns to state employment, the employee shall not be required to wait until the expiration of the number of days for which he or she received additional compensation before returning to state employment or to repay the amount of the compensation.

At the institution's discretion, an institution of higher education may compensate a non-classified employee of the institution of higher education for accumulated unused sick leave by providing to the non-classified employee the same compensation for accumulated unused sick leave provided to all classified employees of the institution. Unused sick leave for non-classified employees of state-supported institutions of higher education shall accrue at the same rate for classified employees for calculations made in this law.

For the purposes of calculating sick leave incentive pay for retirees, paid sick leave taken under the Family and Medical Leave Act of 1993 will be added to the retiring employee's final sick leave balance.

Employees continue to earn sick leave at the normal accrual rate when they are on sick leave or annual leave.

Sick leave is granted on the basis of work days, not calendar days. Non-work days, such as holidays and weekends, are not charged as sick leave.

The minimum sick leave amount an employee can use is fifteen (15) minutes. No smaller amount shall be authorized or used.

Absences due to sick leave, except in the case of maternity leave, shall be charged in the following order: (1) earned sick leave; (2) earned annual leave; (3) shared leave; (5) catastrophic leave; and (6) leave without pay.

Employees who are on sick leave for five (5) or more consecutive days must furnish a certificate of illness from an attending physician. An agency or institution which has a written procedure to identify patterns of sick leave usage may require an employee to furnish a certificate from an attending physician for any use of sick leave. A certificate from a Christian Science practitioner listed in the Christian Science Journal may be submitted in lieu of a physician's certificate.

Accrued sick leave will be restored to an employee's credit if he returns to State employment within six (6) months of termination. This provision shall apply only if the employee was terminated due to budgetary reasons or curtailment of work activities.

Attendance and Absenteeism

Employees of ADHE are expected to regularly and consistently be at their work stations at the designated time their work begins, unless on approved leave. They are also expected to attend and work often enough to be considered full time when they occupy a regular salaried full-time position. Without these standards being met, we are not able to achieve our mission and properly serve the tax paying citizens of Arkansas. We expect supervisors to act when employees, for any reason, do not meet these standards.

Excessive absence disrupts agency routines and places extra burdens on supervisors and employees who must do the work of the absent employee. Absenteeism is not good for the morale of a work group and it is not a prudent use of tax dollars.

Sick leave abuse or absenteeism may lead to disciplinary action, leave without pay or employment termination.

Supervisor Notification Is Required

If an employee is unable to report to work as scheduled, they are required to notify their supervisor in advance, if possible, at or before their normal starting time. When their supervisor cannot be reached, employees must notify their next level supervisor. We expect our employees to make this contact themselves -- it is inappropriate for a spouse, child or others to call unless our employee is physically unable to call.

Employees must give the reason for their absence and state when they expect to return to work.

When employees do not know when they will return, they must notify their supervisor each day of their absence, at or before their normal starting time. Employees failing to make this notification are subject to disciplinary action, leave without pay, or employment termination.

Doctor's Statements and Family Medical Leave

Employees who are on sick leave for five or more consecutive days (40 hours) are required to furnish a certificate of illness from an attending physician. Also, they must complete the Family and Medical Leave (FMLA) application forms. This must be done regardless of whether the employee is using sick leave, leave without pay, annual leave, or other leave approved for illness. The doctor's statement must indicate when the employee may return to work, whether there are work restrictions, and when these restrictions end. A certificate from a Christian Science Practitioner listed in the CHRISTIAN SCIENCE JOURNAL may be submitted in place of a physician's certificate. It must include the same information required above.

Absenteeism

Employees who have very little sick leave or run out of sick leave and request Leave without Pay (LWOP) may have an absenteeism problem. We expect our supervisors to act when absenteeism problems develop. Supervisors should carefully review the entire situation before acting. Consideration can be given to an employee who had a major disability, surgery, or medical emergency that depleted their leave balance. Is there a pattern of sick leave usage? Did our employee provide fully acceptable reasons for his or her absence? Is our employee fulfilling the requirement of a full-time employee?

Supervisors may consider the following items when dealing with absentee problems:

- The effect the absence has on the operation of the work unit or location;
- The frequency of absences;
- The duration of absences;
- Patterns of absences; and
- Proof employees offer to show their absence was valid.

Reviewing patterns of sick leave usage provides a guide for supervisors when deciding if absenteeism is a problem. Although this list does not try to include every situation, it does provide a guide for supervisors.

- Sick leave used on Fridays and Mondays
- Sick leave used the day before and /or after regularly scheduled off days
- Sick leave used before and after holidays
- Sick leave used following pay days
- Annual leave used because sick leave has been exhausted
- Repeated charging of sick or annual leave for tardiness
- Leave without pay because all leave has been exhausted
- Use of leave at or about the same rate as it is earned
- A small sick leave balance with a larger annual leave balance
- Low sick leave and annual leave balances, especially for long term employees
- Using annual and sick leave in combination
- Use of any type of leave for illnesses because sick leave has been exhausted
- A high 'absentee percentage', i.e., days absent divided by days scheduled

A physician's certificate for sick leave may be required even when an employee has not used five consecutive days, when a pattern of sick leave usage develops.

Our first priority is to maintain the operation of ADHE. Our employees need to understand when we hire them into full-time positions we expect them to attend often enough to perform their duties on a full time basis.

New Employees

For accrual purposes only, employees will accrue half their monthly accrual of annual leave if employed on the first (1st) working day of the month and work through the 15th of that month.

If hired on the 16th of the month, employees will earn $\frac{1}{2}$ their monthly accrual on the last day of the month (If the 16th falls on a weekend or holiday, accrual begins on the 1st working day after the 16th). No leave is earned for the month if hired after the 16th.

Workers' Compensation Policy

Workers' Compensation: Employees who are absent from work due to a temporary occupational injury or illness and who are entitled to Workers' Compensation benefits may utilize their accrued sick leave as a supplement to such benefits.

The combination of Workers' Compensation benefits and sick leave pay shall not exceed the employee's normal pay period salary.

The option will reduce the employee's accrued sick leave on a proportional basis. For example, an employee's normal salary is \$150.00. The employee receives \$75.00 Workers' Compensation benefits and elects to receive an additional \$75.00 per week in sick leave payments. Thus, the employee uses sick leave at a rate of one-half the weekly salary which is equivalent to 2-1/2 days of sick leave for each week of disability.

Leave used will be reinstated in reverse order from which absence due to sick leave is charged for that portion of time taken that was covered by Workers' Compensation. For example, absence due to sick leave is charged in the following order: earned sick leave, earned annual leave, leave without pay. Reinstated leave will then be annual leave, then sick leave. Leave without pay is not covered by Workers' Compensation and therefore is not reestablished.

Employees receiving Workers' Compensation benefits for a permanent disability are eligible for full pay from both sources.

Agencies must continue to remit the employer's contribution to the State Employees/Public School Employees Insurance Program when an employee is on leave without pay and receiving Workers' Compensation benefits as a result of a work related injury or illness.

Maternity Leave Policy

Maternity leave is to be treated as any other leave for sickness or disability. However, the employee may elect to take leave of absence without pay without exhausting accumulated annual and sick leave.

Family Medical Leave

Federal Family Medical Leave Act of 1993, 29 C.F.R. § 825

Purpose

The law allows individuals or family members with medical needs to take time off from work in order to receive medical care, to provide medical support to a family member or to provide care to a newborn child or adopted child.

For more information about FMLA, see the Department of Finance and Administration website at the link below:

Leave Without Pay (LWOP)

Employees may not take leave without pay (LWOP) as authorized by Arkansas Code Annotated § 21-4-210 until all their annual leave has been exhausted, except in the cases of maternity leave, inclement weather as designated by state policy, budget reductions as determined by an agency director, and agency disciplinary actions. In the case of maternity leave, such employee may elect to take leave without pay, without exhausting accumulated annual and sick leave. In the case of disciplinary actions, the agency may place an employee in disciplinary leave without pay status in accordance with the agency's written and publicized personnel policies.

An Agency Director or Institution Head may grant continuous leave without pay. Any such period shall not exceed six (6) continuous months. Each request for leave without pay (LWOP), as authorized by Arkansas Code Annotated 21-4-210, is to be considered on a case-by-case basis. Upon expiration of any six (6) month period of LWOP, additional extensions, up to six (6) months each may be requested by the employee if updated justification with appropriate documentation is provided.

Approval or disapproval of requests for leave without pay as an accommodation should be determined based upon impact on the agency's operation and mission and whether approval would create an undue hardship on the agency.

"Undue hardship" is defined as "an action requiring significant difficulty or expense" when considered in relationship to a number of factors. These factors may include, but not

necessarily be limited to, the nature of the position occupied by the employee and cost of the request in relation to the size, resources, nature and structure of the agency's operation and mission. Thus, whether or not an accommodation request would create an undue hardship focuses on the resources and circumstances of the particular state agency in relationship to the cost or difficulty of providing a specific leave request. Undue hardship refers not only to financial difficulty, but also to requests that are unduly extensive, substantial, or disruptive, or those that would fundamentally alter the nature of operation of the agency. An agency director should assess, on a case-by-case basis, whether a particular request for leave without pay (LWOP) would cause undue hardship. Every request should be evaluated separately to determine if it would impose an undue hardship on the agency, taking into account: (1) the nature and cost of the request; (2) the overall financial resources of the agency; (3) the number of persons employed by the agency; (4) the effect on expenses and resources of the agency; and, (5) the impact of the request on the agency.

Agency directors may declare an undue hardship where a leave request accommodation would be unduly disruptive to other employees' ability to work efficiently. For example, if granting leave would prevent other employees from doing their jobs, then the significant disruption to the operations of the agency constitutes an undue hardship. In some situations, an employee may be able to provide only an approximate date of return because treatment and recuperation do not always permit exact timetables. If an agency is able to show that the lack of a fixed return date imposes an undue hardship, then it can deny the leave. An undue hardship could result if the agency can neither plan for the employee's return nor permanently fill the position. In other situations, an agency may be able to be flexible.

An employee who accumulates ten consecutive or nonconsecutive days of leave without pay (LWOP) during any one calendar month loses the leave accrual (annual and sick) for that month only. The annual leave that is lost due to the LWOP is based on the rate of accrual authorized for that employee.

Employees may continue to participate in agency or institution group insurance programs during the period of LWOP. Employees who choose this option must pay the total cost (employee deduction and employer matching) of the coverage. However if an employee is on FMLA or Workers' Compensation related leave, agencies are required to remit the employer's matching portion of coverage.

Employees having kept their group insurance in effect while on LWOP are to be fully reinstated in insurance programs when they return to duty. However, employees on FMLA leave are eligible for reinstatement in the insurance program even if the employee failed to pay their premium while on FMLA leave. Upon return from FMLA LWOP employees are responsible for payment of the total amount of premiums that are in arrears. Employees who receive less than ten hours of pay in a given pay period and who do not have Workers' Compensation Leave, Military Leave, or FMLA Leave approved for that pay period will be responsible for the employee premium as well as the employer portion of their medical insurance.

The employee will be reinstated with full rights at the end of the period of leave without pay (LWOP). An employee who is on LWOP and returns within the required six months continues to earn credited service toward the next rate in the leave accrual schedule just as the employee who had never gone on LWOP. A returning employee's leave accrual rate will not be affected by periods of LWOP, nor will the time of entitlement to a change in leave accrual rate be adjusted because of LWOP. If the position the employee left is no longer available due to a budgetary reduction in staff, the employee will have no options and cannot be reinstated.

The employee's Increase Eligibility Date will not change. However, the award of the next merit salary increase will be delayed beyond the anniversary date for the same number of work days as the employee was on leave without pay (LWOP).

Employees may be dismissed if they fail to report to work promptly at the expiration of the period of leave without pay (LWOP). However, the agency or institution may accept satisfactory reasons provided by the employee in advance of the date to return to work and extend the LWOP period accordingly.

Court and Jury Leave

A state employee serving as a juror in state or federal court shall be entitled to full compensation in addition to any fees paid for such services, and such services or necessary appearances in any court, shall not be counted as annual leave.

If a state employee is subpoenaed as a witness to give a deposition or testimony in state or federal court, at a hearing, or before anybody with power to issue a subpoena, the state employee is:

- A. Entitled to his or her salary if the employee is a witness in a matter:
 - 1. Within the employee's scope of state employment.
 - 2. Outside the employee's scope of state employment and the employee is not serving as a paid expert witness or is not a party to the matter.

Military Leave Re-Employment

Proportionate Pay for Military Members

- A. Notwithstanding the provisions of the Uniform Attendance and Leave Policy Act, § 21-4-201 et seq., during the period that an employee of a state agency or institution of higher education is called to active duty after September 11, 2001, as a member of the National Guard or any of the reserve components of the armed forces by order of the President or the Governor of an emergency nature or contingency for more than thirty (30) consecutive days, the employee shall be eligible for continued proportionate salary payments which, when combined with the employee's active duty pay, incentives, and allowances, except for uniform and clothing allowances, equal the amount that the employee would have otherwise received but for the employee's required active duty under the order of the President or the Governor.
- B. Differential payments will be calculated as of September 11, 2001 as stated in the Act and payable to current active State employees only.
- C. Terminated employees are not eligible for payments. However, if an employee's service terminated as a result of a disability incurred while on active duty, the employee is entitled to the payment.
- D. If an employee became deceased while on active duty, the employee's beneficiary will be entitled to the payment.
- E. Payments dating back to September 11, 2001 to the present are to be paid as a onetime lump sum payment. Thereafter, if the employee is still on active duty, payments will be made on a bi-weekly basis.
- F. Employees must provide a Leave and Earning Statement showing the employees' military pay or Form DD214 which indicates the date the employee was called to active duty and the date released from active duty.
- G. Leave and Earning Statements for those currently on active duty, after the initial submission to payroll, need only be submitted thereafter when a pay change occurs.

The payments will be subject to state and federal taxes.

- H. Proportionate payments for military members will not be retirement eligible earnings at the time of payment and will not be reported to APERS, thus there will be no matching paid to APERS. When the employee returns to State service as an active state employee, the retirement service will be purchased for them by the agency and the retirement matching will be paid at that time. If the employee is a member of the APERS contributory plan, he/she will pay their contributions to APERS by personal payment. These contributions will not be tax deferred.

Regular, full-time state employees who are members of the National Guard or any of the reserve branches of the US Armed Forces will be granted leave at the rate of fifteen (15) working days per calendar year, plus necessary travel time for annual training purposes. Up to fifteen (15) unused military leave days may be carried over to the succeeding year for a maximum of thirty (30) military leave days for military training purposes for that calendar year.

Military leave for annual training or other official training duties will be granted without loss of pay and shall be in addition to annual leave.

The employee must provide written or oral notification prior to going on duty, unless precluded by military necessity. Employees are encouraged to notify their employer of any "window" of anticipated military activity including scheduled drills and annual training.

Active Duty for Military Service: A regular, full-time employee who is drafted or called to active duty in the Armed Forces of the United States or who volunteers for military service, shall be placed on extended military leave without pay; all unused sick leave at the time of military leave will be reinstated at the time the employee returns. All accrued, unused annual leave at the time of military leave will be reinstated at the time the employee returns to state employment unless the employee requested and received a lump-sum payment for the accrued, unused annual leave when placed on the extended military leave.

Active Duty for the Purpose of Specialized Training: In cases where an employee volunteers or is ordered to active duty for the purpose of special training, the employee will be placed on leave without pay for the period of training unless the employee elects to use his accrued annual leave. This leave without pay is given in addition to the paid leave for annual military

training. The employee retains eligibility rights including accumulated annual leave (unless the above option has been exercised) and any sick leave not used at the time the employee begins the training. The employee does not accumulate annual or sick leave during the leave without pay period, and the annual leave accrual rate will be calculated as though there had been no period of absence.

The employee retains eligibility rights including accumulated annual leave (unless the above option has been exercised) and any sick leave not used at the time the employee begins the training. The employee does not accumulate annual or sick leave during the leave without pay period, and the annual leave accrual rate will be calculated as though there had been no period of absence.

When the employee is released from active duty, he/she shall be reinstated to the position vacated or an equivalent position for which he/she is qualified in the same agency or its successor in interest.

Employees performing active military service for fewer than thirty-one (31) days must report for reemployment on the first regularly scheduled workday within eight (8) hours after discharge from military service. Those serving more than thirty (30) but less than one hundred and eighty-one (181) days must report within fourteen (14) days after discharge. Those serving more than one hundred and eighty (180) days must report for reemployment within ninety (90) days after discharge from military service.

The reinstated employee will not lose any seniority rights with respect to leave accrual rates, salary increases, Reduction in Force policies, or other benefits and privileges of employment. The period of military service shall, for purposes of computations to determine whether such persons may be entitled to retirement benefits, will be deemed continuous service and the employee shall not be required to make any contributions to any state supported retirement fund. To receive service credit for retirement purposes, a copy of the employee's DD214 must be submitted to the appropriate retirement system. The retirement system will notify the appropriate agency to remit the employer's contributions to update the employee's account.

Former employees returning to State service after military service, but who extended their enlistment or re-enlisted for additional military service beyond the initial period for more than a period of four (4) years (or five (5), when re-enlistment was at the request of the military) will lose all re-instatement rights and will be considered a rehire. Military service

time may be extended beyond the five (5) year period for reasons stated in 38 US Code Section 4312(c).

Regular, full-time state employees who are called to active duty in emergency situations (and in situations covered by 10 United States Code §12304) as declared by the Governor or President shall be granted leave with pay. (Arkansas Code Annotated §§ 21-4-102(d) and 21-4-212(d)). The period of leave with pay for emergency active duty will not exceed thirty (30) working days per calendar year. Periods beyond the thirty (30) day limit may be charged to annual leave at the employee's option and if necessary, to leave without pay. If an employee's active duty in emergency situations begins in one calendar year and ends in the next calendar year and the employee is subsequently redeployed due to an emergency situation, the employee is eligible for thirty (30) days paid leave in the new calendar year. To be eligible for emergency active military duty paid leave, the employee must be actively employed by the state and submit a copy of military orders for each emergency deployment.

Military leave for emergency active duty situations is granted in addition to annual military leave for training purposes and annual leave.

Military Leave for Service Connected Disabilities

All employees of the State of Arkansas, as defined in § 21-4-203, who have been rated by the United States Department of Veterans Affairs or its predecessor to have incurred a military service-connected disability and have been scheduled by the United States Department of Veterans Affairs to be reexamined or treated for the disability shall be entitled to a leave of absence with pay for a period not to exceed six (6) days for that purpose during any one (1) calendar year.

If an employee receives a leave of absence under this section, the employee shall be entitled to his or her regular salary during the time the employee is away from his or her duties during the leave of absence. The leave of absence shall be in addition to the regular annual leave and sick leave allowed to the employee. For purposes of computations to determine whether the employee may be entitled to retirement benefits, the period of the leave of absence shall be deemed continuous service.

The state shall continue to contribute its portion of any life or disability insurance premiums during the leave of absence on behalf of the employee, if requested, so that continuous coverage may be maintained.

Transfer of Leave

When an employee transfers between State agencies and/or institutions of higher education which are covered by these policies, the unused portion of his/her annual and sick leave will also be transferred. The amount of leave to be transferred shall not exceed the accrual limits established in this Policy. The receiving agency will be responsible for verifying the employee's accrued leave with the relinquishing agency.

When an officer or employee of a state office or agency excluded from the provisions of the Uniform Attendance and Leave Policy Act by the definition of "state agencies" in Arkansas Code §21-4-203(1) leaves employment of the excluded office or agency and becomes employed by an agency or institution which is subject to the Uniform Attendance and Leave Policy Act, the period of employment with the excluded office or agency shall be included as state employee service for the purpose of determining the rate at which the employee earns paid annual leave.

The leave of absence must be at the formal request of the employee's wing commander, or designated representative, or Division 15 Captain.

Catastrophic Leave

Purpose

Arkansas Law establishes a Catastrophic Leave Bank Program to be administered by the Office of Personnel Management (OPM) of the Department of Finance and Administration. State agencies or institutions may establish their own catastrophic leave bank program if they submit a Catastrophic Leave Program plan to the Office of Personnel Management for approval. The Catastrophic Leave Bank Program creates no expectation or promise of continued employment with a participating state agency or institution of higher education, and is intended simply to assist eligible employees during medical emergencies.

For more information about FMLA, see the Department of Finance and Administration website at the link below:

Catastrophic Leave

Shared Leave

Purpose

Arkansas law establishes shared leave to be administered by the Office of Personnel Management (OPM) of the Department of Finance and Administration.

Note: Shared Leave is administered intra-agency and implementation is at the discretion of state agency directors/institution heads. If a state agency wishes to opt-out of shared leave, they must notify OPM in writing by February 1 of each year.

Definitions

Shared Leave: The donation of an employee's earned sick or annual leave to another employee who is employed by the same state employer or same state- supported institution, who is suffering from a severe illness or has an immediate family member who is severely ill.

Severe Illness: An acute onset medical condition of an employee or an employee's immediate family member:

1. Which is catastrophic in nature;
2. Which could not be anticipated;
3. That requires continuous in-patient or out-patient medical treatment; and
4. That requires the employee or employee's immediate family member to be absent from duty for a prolonged period of time.

Catastrophic Nature: Any unforeseen medical condition. Examples include, but are not limited to, a terminal illness, cancer, or surgery as a result of an unforeseen medical condition.

State Agency: Agencies, boards, commissions, bureaus, councils, state-supported institutions of higher education, Arkansas State Highway and Transportation Department, Bureau of Legislative Research, constitutional offices, Division of Legislative Audit, General Assembly, Supreme Court, Court of Appeals, and the Administrative Office of the Courts.

Eligibility Requirements

An employee is eligible to receive shared leave if the employee has:

1. Been continuously employed for more than one (1) year by the same state agency;

3. Applied in writing for shared leave;

The 80-hour requirement may be waived for an otherwise eligible employee at the discretion of the state agency director/institution head.

No employee shall be approved for shared leave unless the employee is, or is reasonably expected to be, on leave without pay status as a result of a severe illness.

An employee who applies for shared leave shall provide his or her employer an acceptable medical certificate from a healthcare provider documenting the severe illness. Shared leave may be used on a full-time or intermittent basis; however, in no case shall the employee be granted shared leave beyond the date certified by a healthcare provider as the date when the employee is able to return to work.

The combination of shared and catastrophic leave received by an employee may not exceed two thousand eighty (2,080) hours in a calendar year.

Shared leave may be used on conjunction with Family Medical Leave. Any shared leave donated to an employee that is not used by the employee shall be converted to the employer's catastrophic leave bank program. If the state agency does not have a catastrophic leave bank program, any unused shared leave shall be converted to the statewide OPM catastrophic leave bank program.

Leave that is accrued by an employee while on shared leave shall be donated to the employer's catastrophic leave bank. If the state agency does not participate in a catastrophic leave bank program, the accrued leave shall be donated to the state- wide OPM catastrophic leave bank program.

Donations of shared leave shall be granted hour-for-hour and not dollar-for-dollar.

OPM will not approve crossgrades/downgrades or pool position requests to accommodate a shared leave request.

Donor Requirements

An employee is eligible to donate shared leave if the employee:

1. Is employed by the same employer as the employee receiving shared leave;
2. Has cumulative earned sick and annual leave in excess of eighty (80) hours, prior to donation, and the donation will not cause the donating employee to have less than eighty (80) hours, except at termination or retirement; and,

Approval

Shared leave shall be approved in writing by the:

2. Chief Fiscal Officer (CFO) of the State to determine the employer's funding availability.

If shared leave is granted to an employee, the employee shall use the shared leave after the employee has exhausted the following:

1. Earned sick leave;
2. Earned annual and holiday leave; and,
3. Earned compensatory leave.

Inclement Weather Policy

Purpose

The general policy regarding inclement weather is that State government does not normally close its offices because of hazardous driving conditions. However, the obligation to provide services to the citizens of the State must be balanced with the risk of danger to State employees. It is, therefore, appropriate that guidelines which reflect the needs of our citizens' and employees' safety be established.

Specific Provisions

In the Little Rock Metropolitan area:

- In the event of early morning severe inclement weather conditions, the Governor's Office will determine whether this inclement weather policy will be placed into effect and will announce its implementation before 6:30 a.m. if at all possible. The announcement will include the affected counties.
- On days declared to be covered by the inclement weather policy, all employees should be at their work stations by 10:00 a.m. Employees arriving by 10:00 a.m. will be given credit for a full day's attendance. Employees arriving after 10:00 a.m. will be charged the full amount of time involved in the tardiness, and employees not coming to work at all will be charged a full day's absence. Agencies which have approved flex time schedules will develop an inclement weather policy consistent with the guidelines and the policy approved by the Department of Finance and Administration, Office of Personnel Management.
- When severe inclement weather occurs during office hours, department directors and agency administrators will have the discretion to allow employees to leave work early for safety reasons. Decisions to allow employees to leave work early, however, should recognize the requirement to maintain designated critical personnel and assure service delivery to the citizens for the full work day. Employees who were on the job, and who were allowed to leave early, will not be charged leave for that time.
- Department directors and agency administrators shall designate critical personnel, who will be required to reach their work stations by the time of regular office opening regardless of weather related conditions to assure that offices are open to the public and services are provided. Prior designation will allow critical personnel to prepare for weather conditions, and if need be, provide alternative methods of getting to work.

In the area outside of Little Rock metropolitan area:

- The agency director or the highest level field supervisor will determine when the inclement weather policy is implemented based on weather conditions in different parts of the State. If the agency administrator chooses to delegate this authority to the field supervisor, such delegation should be made immediately and communicated to the employees under the supervisor. Local media shall be used to notify employees of policy implementation by 6:30 a.m. if possible. Where this approach is not possible, employees should be instructed to contact their supervisor when bad weather exists.
- When the inclement weather policy is implemented in an area outside the Little Rock metropolitan area, the attendance provisions applicable to employees in the Little Rock metropolitan area will be applied to employees in the affected area.

Twenty-four hour and seven-day facilities:

- For agencies which have facilities that are required to be open 24 hours each day or are normally open seven days each week, the facility administrator will develop policies and procedures to cover facility operations during periods of inclement weather. These policies and procedures should balance the requirements for client care and/or public access against the safety of facility employees. For example, a residential care facility would require staffing regardless of weather conditions whereas a museum facility could be closed if necessary without detriment to the public.
- State employees who are required to remain on duty until they are relieved may be reimbursed for any additional expenses incurred by their obligation to remain at their duty station. Expenses that could be reimbursed include, but are not limited to, child care, transportation and meals. Proper documentation must be submitted and approval granted by an app

Universities and Colleges:

- The decision to implement the inclement weather policy and/or close the institution is made individually at each institution.

Vehicle Safety Program

In 1986, the Risk Management Division of the Arkansas Insurance Department developed a Vehicle Safety Program for all agencies covered under the State Master Vehicle Policy. The purpose of the program is to ensure that only licensed drivers with acceptable driving records operate vehicles on state business, thereby protecting the state from unnecessary liability exposure.

Employees must adhere to this program if they are required to drive a State vehicle or are required to drive their own vehicle and receive reimbursement.

- A. All drivers must maintain a valid driver's license in accordance with the requirements of all applicable Arkansas State Laws.
- B. Drivers must complete and sign the Authorization to Operate State Vehicles and Private Vehicles on State Business-VSP-1. All drivers should be provided with a copy of the Driving Safety Tips sheet.
- C. Drivers must report tickets, accident and traffic violations to their supervisor within 24 hours or next business day when operating a State vehicle and within 7 days if operating a private vehicle on state business.
- D. Drivers, who have had an accident, must attend a Defensive Driving Class within 60 days following the occurrence. Defensive Driving Classes must be approved by the Department of Finance and Administration, Office of Driver Services, or the National Safety Council.

When there are points assigned to a driver's license check, administrative action is required as follows:

- 2. Drivers Who Have Accumulated 14 Through 17 Points -Authorization to drive on state business shall be suspended for no less than 5 working days. Authorization shall be reinstated only after evaluation and approval by the Agency Director. A

Defensive Driving Course must be completed within 60 days after the suspension began.

3. Drivers Who Have Accumulated 18 Through 23 Points -Authorization to drive on state business shall be suspended for no less than 10 working days. Authorization shall be reinstated only after evaluation and approval by the Agency Director, A Defensive Driving Course must be completed within 60 days after the suspension began.
- 4 Drivers Who Have Accumulated Over 24 Points -Authorization to drive on state business shall be suspended for no less than 20 working days. Authorization will be reinstated only after evaluation and approval by the State Insurance Commissioner. A Defensive Driving Course must be completed within 60 days after the suspension began.
5. Drivers whose driving privileges have been suspended or revoked by the Office of Driver Services shall not be permitted to drive on state business for the duration of the suspension or revocation. Drivers with restricted permits may be authorized to drive on state business as allowed by the restricted permit.

Drivers Who Are Not State Employees

This Safety Program also applies to drivers who are not state employees, but who routinely drive state vehicles — such as volunteers and contract employees.

Additional Rules

1. We make a photocopy of our employee's driver's license to be part of his or her Personnel file.
2. We may discharge employees when driving privileges have been revoked and driving is an essential job function, driving is required to satisfactorily perform the job, or failure to be able to drive adversely impacts the operations of our Department.
3. Seat belts will be used at all times by drivers and passengers of Department vehicles. This rule also applies to drivers and passengers using private vehicles for Department business.

4. Insurance is required to operate a private vehicle on Department business whether or not our employee receives mileage reimbursement. Insurance carried will be at least that required by State law. Mileage reimbursement is not allowed unless insurance is carried on the vehicle that is used to accumulate mileage.
5. A copy of proof of insurance is required for our employees' personnel file at the beginning of each calendar year when employees use their personal vehicle for Department business whether or not they receive mileage reimbursement. Acceptable proof is a Certificate of Insurance, identification card, receipt bill indicating insurance limits, etc.
6. An untimely report of an accident or traffic violation may result in re-evaluation of driving privileges and disciplinary sanctions including written reprimand and suspension.

The Insurance Identification Card provided by the Insurance Company must be kept in the insured vehicle at all times.

The processes for obtaining employee driving records in ADHE are as follows:

1. Each new ADHE employee will sign the required authorization (VSP-1), and will receive a copy of the signed authorization and the Driving Safety Tips. The original VSP-1 will be forwarded to the ADHE Human Resources Office along with the usual hire documents.
2. Driving records will be checked automatically by the Office of Driver Services each week. Administrators will be notified if an employee's driving status has changed. It will be the administrator's responsibility to then ensure compliance with the ADHE requirements for the Vehicle Safety Program.

Employees leaving employment with ADHE will be removed from the ADHE database.

Travel Regulations

The Arkansas Department of Higher Education abides by the regulations contained in the DFA Financial Management Guide

Rules and Regulations

Generally, the Chief Fiscal Officer of the State shall promulgate rules and regulations with respect to travel and travel allowances and prescribe the forms and procedures for reporting,

approving, and paying such travel allowances for all officers and employees of the State government or for other persons who are authorized to carry out official duties in connection with the business of the State.

Authority, Chief Fiscal Officer. The Chief Fiscal Officer of the State is authorized by ACA 19-4-901 to promulgate rules and regulations with respect to travel and travel allowances and prescribe the forms and procedures for reporting, approving and paying such travel allowances for all officers and employees of State government or for other persons who are authorized to carry out official duties in connection with the business of the State.

The approval of these designated agents will be considered to reflect the approval of the board, commission or head of the agency, department or institution. The designation of agents as travel administrators shall be made in writing and kept on file in the agency/institution.

- (2) Requests for special authorization shall be limited to those rare occasions where unusual circumstances may cause the existing rates to be inadequate and shall be set out in writing in such detail as shall be required in the State travel procedures and shall be executed in behalf of each individual traveler for each special authorized occasion. Provided however, that requests for special authorization by employees of institutions of higher education shall be subject to the approval of the chief executive officer of the institution and not the Department of Finance and Administration.
- (3) Under such emergency conditions as shall be determined by the Governor, the limitations of this subsection with respect to meals and lodging may be waived or modified.
- B. (1) (a) Unless otherwise provided for by law, reimbursement for the use of privately owned motor vehicles while traveling on official business for the State shall not exceed the allowable rate of the Internal Revenue Service per mile for business use of privately owned motor vehicles. (b) A State agency director may authorize reimbursement for travel expenses for meals, lodging, and private automobile or airplane usage at amounts less than that established under the authority of this section. (c) The Chief Fiscal Officer of the State may, by regulation, establish procedures and the rate for reimbursing individuals for the use of privately owned airplanes while traveling on official business for the State.

(2) (a) Any employee of the State of Arkansas who utilizes, but whose job does not require the employee to utilize, a State-owned motor vehicle for transportation to or from his permanent residence from or to his official station on a daily basis shall reimburse the fund from which the operating expenses of the motor vehicle is paid at the rate of fifteen cents (\$0.15) per mile for each mile, or portion thereof, in excess of ten (10) miles each way. (b) All State-owned or leased vehicles shall be for official business use only. (c) The Chief Fiscal Officer of the State shall promulgate rules and regulations to implement the provisions of this subchapter.

Standard Reimbursements for State Employees and Officials

Officials and employees may be paid travel expenses when required to travel away from their "official station" on State business. "Official station" is the geographic location or "address" where the employee normally reports for duty and/or spends the majority of his/her productive time and must be designated as such in writing by the employer. An employee's "residence" shall be the city or town in which the individual has an abode or dwelling place. An employee whose resident city is a location other than his/her "official station" shall not be allowed mileage to travel between them except as provided for under Special Authorizations.

All employee travel reimbursement claims must be completed for payment to the individual traveler. One employee may not include on his travel payment request the expenses of another employee.

No expenses for meals or lodging will be allowed within the city or town of the employee's "official station" unless "special authorizations," under ACA 19-4-903, are authorized by the agency head or travel administrator.

State employees loaned from one State agency to another may be reimbursed for travel expenses by the agency benefiting from the travel.

Limits for Meals and Lodging

Travel reimbursement is not a per diem and is to be claimed for Actual Expenses for Meals and Lodging Not To Exceed the Maximum Allowable Rates as Listed in the Federal Travel Directory Plus Applicable Sales Tax. (Sales tax rate must be stated on Travel Reimbursement (TR-1) forms or equivalent in instances where the sales tax causes the maximum per diem rate(s) to be exceeded.)

Note:

Special allowances in certain cities that exceed the daily “normal” or “State-wide” limits may be claimed in other locales of the County where the listed City is located. In other words, the special rates for reimbursement apply “County-wide.”

Meals

Reimbursement for meals is allowed only in connection with overnight travel whether in State or out of State unless “special authorizations,” under ACA 19-4-903, are authorized by the agency head or travel administrator. The maximum full day meal allowance will be the Federal-per-diem rate depending on the destination location. For partial days, meals charged must be in proportion to the time in travel status and may not exceed the maximum for applicable meal(s) stated in the Federal Travel Directory for the location(s). Although receipts for meals are not required by this rule, the administrative heads of agencies, departments and institutions may require them. See the Federal-per-Diem site.

Note:

The “IE” allowances as stated in the Federal Travel Directory are for incidentals. Those are not part of the daily allowance for travelers in the State of Arkansas. Incidentals are specifically defined and provided for and must be listed separately and explained on the Travel Reimbursement Request Form (TR-1).

Partial Days’ Meal Allowances

For partial days in travel status where no lodging cost is incurred, the traveler is allowed to claim up to 75% of the daily allowance for meals. This occurs only when the traveler spent the night and had meals on the day of departure or return. The daily travel allowance at the destination location shall be used in the calculation of the limit for partial days. In accordance with the State travel regulations, actual expenses only are allowed, and the charges must be in proportion to the time in travel status not to exceed that allowed by the Federal Travel Regulations.

Lodging

Reimbursement for lodging is limited to the single room rate. If a room is occupied by more than one person, the single room rate must be noted on the receipt. The maximum daily

allowance will be limited to the Federal-per-Diem rate depending on the location for both in State and out of State travel. Lodging costs exceeding the rates listed in the Federal Travel Directory may not be paid without a letter of authorization by the administrative head of the agency and must include a justification as to why it was in the best interest of the State to exceed the standard reimbursement rate. Such letter of authorization must be filed in the agency files with the travel payment document for the trip for each occurrence of such overage. Except for institutions of higher education exempt under ACA 19-4-903 (a) (2), a report of these special authorizations in a format prescribed by the Department of Finance and Administration may be required. See the Federal-per-Diem site.

Transportation

Travel may be achieved by plane, train, bus, taxi, private vehicle/aircraft, rented or State-owned automobile whichever method serves the requirements of the State most economically and advantageously.

Reimbursement for out-of-state travel will be the lesser of coach class airfare or the established rate of private car mileage based on map mileage when driven.

The minimum miles traveled per day while in travel status in reaching or returning from a destination to be eligible to collect a night's lodging must be 400 miles. The requirement to travel a minimum of 400 miles daily has no effect on in-state travel nor does it affect travel outside the state where the destination is less than 400 miles from the employee's "official station". The requirement applies to trips where the destination is 400 miles or more from the "official station". It addresses the period of time the employee(s) spends "en-route" or in "travel status" reaching the destination. Travelers by commercial air shall utilize coach accommodations, except in those instances where first class accommodations would be more economical for the State. Instances where first class fare is utilized will require detailed justification and must be approved by the travel administrator.

Reimbursement for Use of Privately Owned Vehicle

Private vehicle mileage shall be reimbursed and computed, using map mileage, between the travel site destination and the employee's official station or residence, if leaving directly from the residence, whichever is less. Mileage reimbursement for official use of a private motor vehicle may be claimed, listed separately on the TR-1, within the vicinity of any locale.

When privately owned motor vehicles are used for travel on official business, the owner may claim reimbursement at the rate per mile established by the Chief Fiscal Officer of the State in effect during the time the travel occurred. See P2-19-4-903. The shortest major highway route (electronic map mileage) will determine the maximum mileage allowed. The source for map mileage used by the agency personnel shall be designated by the administrative head of the agency and shall be used exclusively on all mileage claims.

The State will reimburse for official miles driven only. The State assumes no responsibility for any maintenance, insurance, operational costs, accidents or fines incurred by the owner of the vehicle while on official business for the State.

When a privately owned aircraft is used for travel on State business, the rate of reimbursement will be the rate as established by the Chief Fiscal Officer of the State, under the provisions of ACA 19-4-903, during the time the travel occurred. See P2-19-4-903a.

Use of Travel Agencies

Travel agencies may be used to obtain transportation, lodging and related travel expenses.

Miscellaneous Expenses

Miscellaneous expenses, whether or not directly connected with travel (such as postage, small emergency supplies, etc.), may be allowed with adequate justification when necessary to the performance of official duties. Receipts are required.

Items Not Reimbursable

Except for those provisions enumerated in ACA 19-4-904, expenses for personal entertainment, tips, flowers, valet service, laundry, alcoholic beverages, cleaning, movies or other similar services are not reimbursable. Communication expenses shall be allowed only when necessary for the transaction of official business and properly receipted.

Expenses for rental of space, decorations, entertainment or other arrangements in connection with banquets held solely for the benefit of employees are not reimbursable.

Petty cash funds cannot be used to make travel advances or reimbursements. If the agency has a petty cash fund, incidental expenses incurred by the traveler such as postage and

procurement of minor supplies essential to the performance of State business may be reimbursed from petty cash funds upon presentation of proper receipts. If the agency has no petty cash funds, such items may be reimbursed using the TR-1 form with proper and sufficient documentation.

Exempt Persons and Agencies

There exists certain provisions in State law for the payment of some travel related expenditures for State supported colleges and universities and some other specific institutions that are responsible for the care and/or group activities of students, inmates and wards of the State. The administrative head of agencies and institutions to which these provisions apply is to be cognizant of and shall properly adhere to such provision of special legislation.

More Restrictive Policies

Under authority of ACA 19-4-903, the administrative heads of the various departments, boards, commissions and institutions of the State of Arkansas may promulgate and enforce regulations governing travel that are more restrictive than those promulgated by the Chief Fiscal Officer of the State.

Taxable Use of State Vehicle

Personal use of a State vehicle is considered a taxable benefit. Refer to IRS Publication 15b for conditions and methods. The responsible administrative head shall ensure that the Payroll Unit of each agency, department and institution performs proper reporting for taxable use of State-owned vehicles.

State employees and officials who drive State-owned motor vehicles for personal use, whether limited to commuting from and to their residence, are subject to receiving an amount on their wage statement W2 form for the value of the uses of the vehicle. Various conditions and factors determine the method and amount of such value. Internal Revenue Service (IRS) Publication 15b <http://www.irs.gov/pub/irs-pdf/p15b.pdf> sets out the valuation rules.

When computing the value of the personal use of a State vehicle to determine the benefit amount to be reported on the annual Statement of Wages, any reimbursements made under

the provisions of ACA 19-4-903 (b) (2) (A) may be subtracted from the total taxable benefit for vehicle usage .

See IRS Publication 15-B “Employer’s Tax Guide to Fringe Benefits” for information related to the taxable use of State-owned vehicles by State employees.

Reimbursable Use of State Vehicle

Reimbursement for the Use of State-Owned or Leased Motor Vehicles for Transportation To and/or From an Employee's Residence ACA 19-4-903 (b) (2) (A) states that “any employee of the State of Arkansas, who utilizes, but whose job does not require the employee to utilize, a State-owned motor vehicle for transportation to or from his permanent residence from or to his official station on a daily basis shall reimburse the fund from which the operating expenses of the motor vehicle are paid at the rate of \$0.15 cents per mile for each mile or portion thereof in excess of ten (10) miles each way” provided that all State-owned or leased vehicles shall be for official business use only.

The administrative head of each State agency, board, commission, department and institution shall be responsible for determining which of their employees utilize a State-owned or leased vehicle for transportation to and/or from their permanent residence to their official place of duty that exceed the distance of ten (10) miles each way by the shortest route. A permanent record of such employees shall be established in each agency containing the following:

1. Name of the employees;
2. Address of their permanent residence and official duty station;
3. Number of miles between their permanent residence and their official duty station;
4. Number of miles or portion thereof which exceed ten (10) miles each way or twenty (20) miles per day;
5. The amount each employee will be required to reimburse the State at the rate of fifteen (15) cents per mile daily;

6. Amount billed to each employee;

7. Amount paid by each employee.

Each agency will establish a system of billing employees for reimbursements required and receipting for payments received from the employees. All reimbursements collected will be deposited promptly (at least monthly) to the general ledger account from which the operating expense of the particular motor vehicle is paid by the agency. Each State agency, board, commission, department and institution shall be responsible for maintaining records prescribed herein and copies of transactions concerning mileage reimbursement for audit purposes.

Exempt persons and agencies.

(a) The limitations of this subchapter relating to travel regulations shall not be applicable to the constitutional or elective officials and their employees, or official guests of the State. The provisions of this subchapter shall not be used to supersede or set aside the provisions of law providing for fixed allowances, established amounts for per diem, or to special travel privileges provided for by law for specific purposes where such allowances exceed those authorized in this subchapter.

(b) Personal reimbursement will not be allowed to any State official, State employee, or any other person traveling on official business for expenses covering personal entertainment, tips, flowers, valet service, laundry and cleaning, or other personal expenses, as those expenses shall be defined in the State travel regulations. All such persons shall be required to submit their travel reimbursement requests upon forms prescribed by the Department of Finance and Administration, itemized in such details as shall be necessary to carry out the purposes and intent of this section.

(c) The cost of meals, lodging, and mileage of State employees who are designated by a supervisor or agency director to attend official or special board meetings or other functions recognized as being in the performance of their official duties may be paid either as reimbursement to the employee or on direct billing, in the case of meals and lodging, subject to approval of the superior.

(d) It is recognized that within the State-supported institutions of higher education

there exists an obligatory inherent cost of providing travel expenses for a group or number of students who, when accompanied by those who instruct the students in the fundamentals of a competitive sport and direct team strategy, must travel and be recognized as a cohesive unit representing not only their institution, but exemplifying the State of Arkansas in their behavior, attitudes, interests, presentation, and conduct. In these circumstances the payment of group travel expenses, including those of students and employees, may be authorized as follows:

(1) Meals and lodging;

(2) Transportation;

(3) Entertainment, within reasonable limits, to ease the pressure on students of their objectives;

(4) Costs of group activities, including gratuities, laundry, cleaning, and favors; and

(5) Other personal expenses to be paid only from auxiliary funds not inconsistent with standards, rules, regulations, or prohibitions established by recognized national or State governing associations pertaining to the respective students and employees and the institutions they are representing.

Exempt Persons and Agencies

In accordance with ACA 19-4-904, the limitations of rules placing limits on meals and lodging expenses shall not be applicable to the constitutional or elective officials and their employees, or official guests of the State. The provisions of this regulation shall not be used to supersede or set aside the provisions of law providing for fixed allowances, established amounts for per diem, or to special travel privileges provided for by ACA 19-4-903 and other law for specific purposes where such allowances exceed those authorized in this regulation.

Specific Legislation

Specific legislation exists that provides for travel allowances for some agencies and institutions for specific purposes that are not afforded to State government in general. It is the responsibility of the administrative head of each agency/institution to be cognizant of and strictly apply the special travel expense provisions of ACA 19-4-904 and other State law.

Volunteers, Non-State Employees and Official Guests

A non-State employee or an official guest of the State, whose activities or services benefit the State, may be allowed reimbursement for actual expenses for meals, lodging, transportation and incidental expenses when submitted on a TR-1. Travel reimbursement for these individuals may be approved with a written explanation of the activities by the administrative head or designee of the agency. It is the responsibility of the travel administrator to ensure these individuals are not being reimbursed from any other source for their travel expenses. Federal employees who travel for the State agency shall be regarded as a State employee and shall be reimbursed as such. The TR-1 form should show that this employee is on the payroll of the Federal Government and assigned to this agency.

Every agency/institution that utilizes the services of volunteer workers who perform duties similar to State employees is authorized to provide reimbursement for meals, lodging and travel subject to the same rules and regulations governing State employees. Volunteers may utilize agency vehicles in the performance of their duties subject to those rules and regulations governing the use of State vehicles by paid staff.

An agency director may be reimbursed for his/her expenses for the purchase of meals for official guests. The expense(s) must be claimed as an incidental expense, and a letter of explanation must be attached to the TR-1 in the files stating how the person for whom the expenditure was made benefited the agency in his/her visit.

Expenses of Students

In accordance with ACA 19-4-904 (d) State supported institutions of higher education may provide travel expenses for a group or number of students who, when accompanied by those who instruct the students in the fundamentals of a competitive sport and direct team strategy, must travel and be recognized as a cohesive unit representing not only their institution but exemplifying the State of Arkansas in their behavior, attitudes, interests,

presentation and conduct. In these circumstances the payment of group travel expenses, including those of students and employees, may be authorized as follows:

Meals and lodging, transportation, entertainment within reasonable limits to ease the pressure on students of their objectives, costs of group activities including gratuities, laundry, cleaning and favors and other personal expenses to be paid from auxiliary funds not inconsistent with standards, rules, regulations or prohibitions established by recognized national or State governing associations pertaining to the respective students and employees and the institutions they are representing.

Wards of the State

Expenses incurred by employees in connection with the transportation of residents or inmates of State institutions or for the apprehension and return of escaped prisoners, parole violators or other wards of the State will be regulated by the circumstances and necessary actual expenses will be allowed. The employee will claim these expenses on their Statement of Travel Expenses

Special Travel Authorizations

Occasionally it may become necessary for an employee to perform unanticipated duties outside the normal work schedule. In the event that such duties require the employee to commute from his residence to the place of performance of the duties and back via private vehicle, the employee may be paid mileage reimbursement. A written statement signed by the employee's supervisor shall be retained in the file, attached to the applicable TR-1 form, stating that the time worked was authorized, the reasons the time was worked and travel authorized and the consequences had the duty not been performed is required.

In accordance with ACA 19-4-904, the cost of meals, lodging, mileage and incidental expenses of State employees who are designated by his/her supervisor to attend official or special board meetings or other functions recognized as being in the performance of their official duties, regardless of the location of such functions in relationship to the official station, may be paid either as reimbursement to the employee or on direct billing, subject to approval of the agency director. Such approval shall be in writing and shall be included in the documentation (attached to the TR-1 form) for the reimbursement or payment of such expenses.

Honorary Board, Commission and Committee Member Travel and Expenses

Stipends and/or expense reimbursement to all boards and commissions (excluding the State Highway Commission and the Game and Fish Commission) are authorized and governed by ACA 25-16-901-908. Each State board, by a majority vote of the total membership of the board cast during its first regularly scheduled meeting of each calendar year, may authorize payment to its members of a stipend, not to exceed the amount allowed by ACA 25-16-903-905, per official meeting attended.

When it is required of a board member to perform separate duties in connection with the official business of the agency and these duties are required at times other than official board meetings, then expense reimbursement will be allowed if approved by the board in accordance with ACA 25-16-902. Claims must be on a TR-1 or equivalent.

The expense reimbursement for board or commission members shall not exceed the rate established for State employees.

The administrative head of an agency, department or institution may, for the convenience of the board and commission members, pay for their meals and lodging when on official business for the State and claim reimbursement for their expenses on a TR-1 form or equivalent.

Recruitment and Relocation Expense

The administrative head of a State organization or his/her authorized representative may approve relocation expenses of existing State employees. Further, ACA 19-4-522 (e) allows State-supported colleges and universities to utilize maintenance and operation appropriations for the payment of moving expenses of employees, including new hires. When it becomes essential that an agency permanently transfer a State employee from one location to another within the boundaries of the State of Arkansas or, in the case of State-supported colleges and universities, hire a new employee regardless of their location, reasonable payment for movement of household effects shall be made in accordance with the procedures prescribed herein.

The transfer and reimbursement of costs incurred by the individual must be directed and approved in writing by the administrative head of the board, commission, department,

institution or agency. Full identification of the individual, the position transferred from and to and reasons the transfer is necessary must be contained in the directive.

The payment for relocation must be solely for the convenience of the State in order to satisfactorily perform its function(s).

Under no circumstance will moving expenses be paid for newly hired employees except for State-supported colleges and universities. All other new employees are responsible for any moving expenses they incur while relocating in the area of a new job.

The term household effects as used herein does not apply to the movement of recreational vehicles, boats and other items not normally used in the home. Packing, crating, loading and unloading of household effects, as necessary, in addition to actual transportation expenses in accordance with Internal Revenue Service regulations are acceptable as part of the moving expense and may be paid. Please refer to Publication 535 at the following web address:
<http://www.irs.gov/pub/irs-pdf/p535.pdf>

Reimbursement of costs for employee moving expense will be allowed only when the distance from the employee's place of residence, old duty station and new duty station meet the guidelines of the Internal Revenue Service in effect at the time of the relocation for allowable moving expense.

Procedures for TR-1 (Travel Reimbursement)]

The Travel Reimbursement Instructions Form (TR-1), P1-19-4-904 is the standard form to be utilized by all State officials, including board members and employees, for the purpose of claiming reimbursement for travel expenses incurred by the traveler for meals, lodging and mileage on personal vehicles used in connection with the official business of the State.

Electronic equivalents of this form may be used so long as the elements of information required on the official form are included. This form is also to be used for recording any miscellaneous expenses incurred by the traveler. An itemization of all expenses incurred by the claimant will appear on this form. All travel advances will be deducted on this form.

When non-State employees and other official guests of the State are authorized to render service on behalf of the State and for "wards of the State" (inmates, foster children, patients or other persons in the care of the State), their names and expenses will be set out on form

TR-1 or electronic equivalent. If, in addition to his expenses, a non-State employee performs official service for which he/she is paid a fee, the travel reimbursement process is not to be used to pay the fee, but his/her invoice for professional services is to be paid in the usual manner on the general expense document with the proper professional invoice attached. The following procedures will be utilized in submitting claims for reimbursement:

All travelers requesting reimbursement must complete a TR-1 form or equivalent.

All forms must be prepared electronically, typewritten or in ink and may be processed electronically where that capability exists on the State central accounting system or the system used by the agency or institution. The original bearing the traveler's signature shall be filed with the Agency; the traveler should retain a copy.

Changes to the official TR-1 may be made to include additional information, but no parts can be deleted

When charges for transportation, lodging and conference registrations are not billed directly to the State, the following documentation is required for reimbursement:

Reimbursement for transportation must be supported by an original (or, in accordance with ACA 19-4-815 (b), confirmation number in the case of electronic tickets) vendor document describing the travel and indicating the cost.

Reimbursement for lodging must be supported with a hotel document indicating the lodging specifics.

A descriptive vendor document must support reimbursement for conference registrations.

Primary responsibility for authenticating travel reimbursement claims rests with the administrative head of the agency or their designee(s).

All claims for reimbursement of expenses must be itemized and attested to by the claimant and approved by the administrative head of the agency or his designee(s).

Travel Expense Reconciliation Form

A "Travel Expense Reconciliation" Form, P1-19-4-904 or electronic equivalent, must be attached to each "Travel Reimbursement Request" Form when presented for payment in those cases where all travel expenses were not paid by the employee. The traveler will indicate on this form expenses not paid by him/her that were direct billed or charged to the agency. The original will be retained in the agency's permanent files as proof that the allowable daily maximum(s) for travel has not been exceeded.

The receipts provided to the traveler at the time of purchase, particularly for lodging and commercial transportation, must support the "Travel Expense Reconciliation" Form filed in the agency.

Direct Billing of Expenses

Travel expenses for lodging, commercial transportation (air fare, bus, rail and rental vehicles) and conference registration may be direct billed to the State using the Arkansas Agency Travel Card.

When common carriers (airplane, rail, rental auto or bus) are needed to transport persons on State business, the agency should make the travel arrangements and have the agency billed directly using the Arkansas Agency Travel Card Program (Sponsored Business Travel Card Account). However, if this is not possible due to circumstances beyond the control of the traveler, he/she may make and pay for the arrangements and request reimbursement. An employee may not be reimbursed for transportation expenses (tickets) prior to travel occurring except in cases where it is economically advantageous for the State and with the prior approval of his/her travel administrator.

When expenses are direct billed to the State, the traveler shall obtain and attach to the "Travel Reconciliation" Form, P1-19-4-904, receipts which detail the expense charged (airline ticket, hotel bill, vehicle rental documentation, registration confirmation) whether or not the traveler paid (out-of-pocket) some of the expenses for the trip.

Payroll Procedures

Employees who are newly hired, rehired or have been promoted or transferred must complete a required set of documents before they can be paid. Some of these documents are required by the State (examples are "Employee Disclosure" forms, "Direct Deposit" form) and some by the Federal government (examples are "1-9" form and "Selective Service").

Some documents are optional depending on your job (*for example, only employees who drive State Vehicles complete the "Vehicle Safety" forms*) or your work status (*for example, only regular salary employees complete the "Health Insurance" and "Life Insurance" enrollment forms*).

Your supervisor will help you determine which forms are required for your circumstances. It's the employee's responsibility to complete them in a timely and accurate manner and to submit all required documentation (*such as Driver's License, Social Security Card, etc.*)

Regardless of your circumstances, all required forms must be completed and returned to your supervisor within two days. Supervisors must send in all required hiring documents to the Personnel Office within 1(one) week of the hire, rehire, promotion or transfer action. Supervisors who do not ensure that this deadline is met are subject to disciplinary action. Employees whose documents are not processed in a timely manner may have a disruption of benefits, be subject to paying catch up premiums, or may not be paid properly. Employees may be removed from our payroll until all required documents are completed and sent to the Personnel Office.

Paychecks

The State of Arkansas issues paychecks 26 times each year on a biweekly basis. Employees hired or rehired after August 12, 2005 are required to have all payroll checks direct deposited unless the employee can prove a hardship. Employees hired before this date have a choice of checks being sent to their home address or deposited directly into the bank account of your choice.

All required deductions, such as federal, state, and local taxes, and all voluntary deductions that you authorize, such as health insurance contributions, will be withheld automatically from your paycheck. Contact your supervisor to change payroll deductible options, or to report personal changes such as address, name, etc.

Be sure to review your payroll information (*called a Remuneration Statement or REM*) for errors. If you find a mistake, report it to your supervisor immediately. Your supervisor will help you to take the necessary steps to correct the problem. If your paycheck is lost or stolen, please notify your supervisor immediately.

Employee Equipment Checklist — Required on 1st and Last Day of Employment

These items may include keys, credit cards, laptop computers, cell phones, vehicle, etc. Supervisors complete the "*Employee Checklist*" when they issue items to their employees. Beside each item issued, supervisors and employees initial the item signifying the items were received. Supervisors and employees sign and date the checklist at the bottom under 'items issued.' A copy of the completed checklist is attached to the hire documents and sent to our Personnel Office to become part of the employee's personnel file. Supervisors keep the original until the employee terminates employment.

When employees terminate employment they must return all those items issued to them. Supervisors and employees initial beside each item to verify they were returned. They may provide valuable information for supervisors making decisions about specialized training needs, approving training requests made by our employees, disciplinary actions, performance reviews, etc. These records may be shared with supervisors interviewing employees for new jobs.

The CFO of the State, upon approval of the Governor, may reduce or suspend all authorized Career Service Recognition payments for all state employees without regard to whether the employees are compensated by general or special revenues, federal funds, or trust funds.

Performance Evaluation

Performance evaluation is a process and a method to evaluate and then summarize the employee's work performance level during an evaluation period.

Performance evaluation has several purposes. One of the most important is to increase and improve communication between supervisors and employees. When employees clearly understand their job duties, clearly understand the standards against which their performance will be judged, and clearly understand their

supervisor's expectations, they are better prepared to support their supervisors and our agency.

Another important purpose of performance evaluation is to provide an ongoing process to monitor and document employee on the job behavior, performance, and achievement through use of employee performance files.

Not last, among performance evaluation purposes, are that it provides a method or mechanism to summarize the documented on the job behavior, performance, and achievement of our employees. Performance evaluations may not be the appropriate tool to deal with all the problems supervisors face with employees. Behavior or conduct problems may be better addressed by using positive discipline, applying progressive discipline, or giving disciplinary sanctions. Planned performance may be more appropriate in project management or goal achievement.

It is not a measure of personality traits or a measurement of employee conduct while on the job. While performance and conduct overlap both conceptually and in reality, performance evaluation emphasizes performance competency levels. Issues like tardiness, absenteeism, and other conduct or behavior problems are dealt with immediately by counseling and/or disciplinary action, generally not by giving low performance evaluation ratings.

When, because of conduct or behavior problems, an employee's work performance is affected, the performance evaluation is an appropriate avenue to address the decline in performance.

Understanding Performance Evaluation Ratings

It is important for you to understand performance evaluation ratings. There are two ways to understand performance evaluation ratings. A performance evaluation rating is given for each job element and these are averaged producing a rating for the whole job, called the overall rating.

The job element rating indicates the level of performance for that group of similar duties. The overall rating for the performance evaluation indicates the overall level of performance competency and achievement our employee has demonstrated during the evaluation period. This rating is important in determining merit increases, continued employment, special recognition, etc. More explanation is provided below under each performance level.

When a job element, but not the overall rating, is rated unsatisfactory, the supervisor must establish improvement goals. An 'Agreement' or work plan should be established to ensure satisfactory performance on this job element will be acceptable next rating period.

Exceeds Standards

Overall ratings in this range indicate the employee's overall performance competency consistently achieves the expected results, expectations, and objectives of ADHE's highest standards.

This employee has demonstrated an ability to exceed performance objectives with rare exception. Supervisors and co-workers recognize this employee as an outstanding performer. This employee performs at the highest level in the greater majority of his or her responsibilities and in spontaneous circumstances. Rarely, if ever, is it necessary to remind, re-instruct, or monitor this employee's work.

Do not regard this rating as an absolute superlative or degree of perfection which is 'impossible' to obtain. It is not 'easy' either, but is a rating that is reserved for those whose outstanding performance is obvious to all. When the employee's final score rates this level of performance ADHE considers the employee for:

- special recognition,
- opportunities for particularly challenging assignments,
- special consideration for promotion, and
- having these employees serve as models or coaches to others.

Above Satisfactory

Overall ratings in this range indicate the employee's overall performance competency regularly achieves the expected results, expectations, and objectives of higher standards. Responses to spontaneous circumstances meet and most often exceed what is expected. Seldom is it necessary to remind, re-instruct, or monitor this employee's work. This performance level represents the work of an employee's superior performance, which clearly meets our higher standards and expectations.

When the employee's final score rates this level of performance, ADHE considers the employee for

- opportunities for challenging assignments,
- long term career counseling and planning, and
- Consideration for promotion.

Satisfactory Performance

Overall Ratings in this range indicate the employee's overall performance competency regularly achieves the expected results, expectations, and objectives of ADHE's satisfactory standards.

This employee has demonstrated competence, knowledge, and a pattern of consistency. This employee meets objectives in accountable and controllable areas of his or her job. Spontaneous circumstances during the year do not deter this employee from meeting the position's objectives. Functions or programs for which this employee is responsible show consistent progress. Occasionally it is necessary to remind, re-instruct, or monitor this employee's work. This performance level represents the work of a satisfactory employee. Performance, competency, and consistently meets our standard required for continued employment.

Unsatisfactory Performance

Overall ratings in this range indicate the employee's overall performance competency consistently fails to achieve ADHE's expected results, expectations, and objectives.

This employee's performance fails to meet the minimum standard required for continued employment. Rarely has sufficient potential been demonstrated to perform at the minimum acceptable level. Repeated reminding, re-instructing, and monitoring are required. This performance level is unacceptable.

When the employee's final score rates this level of performance (below 200); employment termination is the primary option. Job transfer or demotion may be considered in rare circumstances.

Appealing Performance Review Scores

Employees cannot grieve their performance evaluation ratings. Performance evaluation is one of several management duties designed to ensure a smooth and productive work force. It is a required supervisory function. Employees who feel their performance evaluation resulted from illegal discrimination may file a discrimination complaint using the procedures for that process. Illegal discrimination covers race, color, gender, age, national origin, religion, or disability.

Employees may request that their supervisors reconsider their performance evaluation rating. This request must be made in writing to their supervisor within five calendar days of the review. Immediate supervisors should discuss in detail their evaluation ratings with their employees and then provide a written response to them within five calendar days of receipt of their employees' written request.

When the employee and supervisor cannot agree, the employee has five days to request reconsideration from the next level supervisor. The same procedures are followed as in the first request. All correspondence is forwarded through line supervisors to the Personnel Office for inclusion in the employees' personnel files.

Employees may attach comments to their performance evaluation documents. These comments will become an official part of the employee's Personnel File.

MERIT INCREASE

The Chief Fiscal Officer (CFO) of the State determines whether general revenue funds are sufficient to implement the authorized merit Career Service Recognition Payments. The CFO of the State, upon approval of the Governor, may reduce or suspend of all authorized Career Service Recognition Payments for all state employees without regard to whether the employees are compensated by general or special revenues, federal funds, or trust funds.

The Department of Finance and Administration is authorized to implement a merit increase pay system for all state employees excluding unclassified positions in institutions of higher education. Agencies and institutions must have their merit increase/performance evaluation plans reviewed and approved by OPM.

Definitions:

Merit Pay Increase System - A merit based pay system which incorporates pay and performance evaluation standards according to Arkansas Code Annotated §21-5-1001 and establishes criteria for salary adjustments or lump sum payments for employees who meet requisite performance categories.

Merit Increase Eligibility Date - The date which an employee is eligible for a merit increase. An employee in continuous employment in a regular position for a period of at least twelve months prior to October 1, 2007 has a merit increase eligibility date of October 1. Those employees hired after October 1, 2007 will have their merit increase eligibility date established one year from their date of hire. Other personnel actions (promotion, transfer) will not change an employee's merit increase eligibility date.

Employee performance evaluations are conducted after twelve (12) months of continuous employment in a regular full-time position. A part-time employee in a regular position is also eligible for a performance evaluation after twelve (12) months and will receive any merit pay awarded on a pro-rata basis.

Employee merit increases, awarded under an approved performance evaluation system, shall be:

Performance Rating	Percentage Increase
Satisfactory	TBD
Above Average	TBD
Exceeds Standards	TBD

Merit Payment Structure

Merit Increase payments shall be added to the employee’s base salary with exceptions listed below in the table. Merit increase payments should be processed within two pay periods of the employee’s merit increase eligibility date.

Employee Salary Level	Merit Pay Allocation
Entry Level	Pay added to base salary
Base Level (includes salaries from above entry to base level)	Pay added to base salary
Midpoint (includes salaries from above base level to midpoint)	Pay added to base salary
Midpoint to Maximum	Pay added to base salary until maximum for the grade is reached. Any amount exceeding maximum will be paid in a lump sum during last pay period of the fiscal year.
Maximum (without 15 years of state service)	Pay received in lump sum during last pay period of the fiscal year.
Maximum (with 15 years of state service)	Pay added to base salary with adjusted salary falling between maximum and career level.
Career	Pay received in lump sum during last pay period of the fiscal year.
Professional & Executive	Pay received in lump sum during last pay period of the fiscal year.
Unclassified	Pay received in lump sum during last pay period of the fiscal year.

Lump sum merit payments are considered salary for the purposes of retirement eligibility. Employees on extended leave will receive their merit increase on their merit increase eligibility date if they are in active pay status. Employees not in active pay status will receive their merit increase upon their return to active pay status.

Supervisors of employees on extended military leave without pay will use the employees most recent performance evaluation score to determine the amount of the merit increase. The increase will be awarded to the military member when they return to active pay status.

Employees who receive a written performance-based or disciplinary reprimand during the twelve (12) month rating period are not eligible for a merit increase. The employee's performance evaluation and date of merit increase eligibility remain October 1 or the latest hire date, whichever is applicable.

Management or supervisory personnel who fail to complete annual evaluations of employees under their administrative control will not be eligible for a merit payment.

Americans with Disabilities Act Compliance

The Arkansas Department of Higher Education (ADHE) is committed to providing reasonable accommodations to the known physical or mental limitations of qualified applicants or employees with disabilities unless it can be shown that the accommodations would impose an undue hardship on the Department.

Specifically, the Department provides reasonable accommodations to ensure equal opportunity in the application process, to enable a qualified individual with a disability to perform the essential functions of a job, and to enable an employee with a disability to enjoy equal benefits and privileges of employment.

It should be understood that the Department cannot make an accommodation when it is unaware of the need. It is primarily the responsibility of the applicant or employee with a disability to inform the Department that an accommodation is needed to participate in the application process, to perform essential job functions, or to receive equal benefits and privileges of employment.

If you feel you need a reasonable accommodation, please submit a written request to your supervisor. Together the supervisor and the ADA Coordinator will review the request to determine the most appropriate action. Our goal is to provide reasonable accommodations that reduce barriers to employment related to an applicant's or employee's disability.

Veteran's Preference

Purpose

State agencies and institutions of higher education are required to give preference to certain qualified veterans, their spouses, or the surviving spouse of a deceased qualified veteran in hiring and employment.

Specific Provisions

Veteran: (1) A person honorably discharged from a tour of active duty, other than active duty for training only, with the armed forces of the United States; or (2) any person who has served honorably in the National Guard or reserve forces of the United States for a period of at least six (6) years, whether the person has retired or been discharged or not.

The veteran's status shall be considered on questions of hiring, promotion and retention of employees.

A veteran who voluntarily submits official proof of his or her status as a veteran, disabled veteran, or a surviving spouse of a deceased veteran who remains unmarried at the time when the preference is being sought shall be entitled to employment preference in a position over other applicants after meeting substantially equal qualifications. The person requesting the preference must be a citizen and resident of this state.

If an examination, evaluation, or similar instrument is given to establish a list of qualified candidates to be interviewed for a position at a state agency or institution of higher education subject to the Uniform Classification and Compensation Act, and an applicant entitled to a veterans preference attains a passing grade, the applicant shall have five (5) points added to his or her final earned rating if the examination, evaluation, or similar instrument is subject to numerical scoring.

If the examination, evaluation, or similar instrument is not subject to numerical scoring, the selection authority must be able to demonstrate how veteran's preference was arrived at in the selection processes. Disabled veterans or veterans over the age of fifty-five (55) shall have ten (10) points added to his/her final rating score.

Procedure

The names of candidates who have qualified in an examination, evaluation, or similar instrument given for the purpose of establishing an interview or employment list shall be entered on an appropriate register or list of eligible candidates in the following order:

- Names of ten-point preference eligible candidates shall be placed at the head of the register or applicant list of persons certified as having equal eligibility points;

- Names of five-point preference eligible candidates shall be placed at the head of the register or applicant list of persons certified as having equal eligibility points; and
- Names of all other eligible candidates who do not have preference as provided in this section shall be placed on the register or applicant list in accordance with their ranking of eligibility points.

The persons entitled to preference shall not be disqualified from holding any position on account of age or by reason of any physical disability, provided that the age or disability does not render the person incapable to properly perform the duties of the position for which he or she applied.

Nothing in this policy shall be construed to apply to the position of elective or political appointees in any department, agency, or institution of higher education or to any person holding a strictly confidential administrative or secretarial position in relation to the appointing officer.

Failure to Hire A Veteran

If requested by the veteran applicant, a hiring official or selection authority for a state agency or institution of higher education must submit in writing to the veteran the reason the veteran was not (1) included on a list of qualified candidates to be interviewed; and (2) selected for the position.

The written reason must become a part of the employment application records of the state agency or institution of higher education and be retained for the same period of time as all other employment applications as established by law or agency policy.

Revised 7-1-13

Equal Employment Opportunity

The Arkansas Department of Higher Education is committed to the concept and practice of equal employment opportunity without regard to race, color, national origin, gender, religion, age, or disability. This commitment is supported by our positive and practical efforts to implement a policy of nondiscrimination and Affirmative Action.

The Arkansas Department of Higher Education complies with the non-discrimination provisions of state and federal regulations. Our Department recruits, hires, and promotes employees without discriminating. Personnel actions such as compensation, benefits, transfers, layoffs, returning from layoffs, training, education, and tuition assistance are not approved or denied on the grounds of race, color, national origin, gender, religion, age, or disability.

Applicants and employees are informed of their civil rights, including the right to complain about employment practices when alleging discrimination. We conspicuously display Equal Employment Opportunity (EEO) posters and present workshops and training sessions for our employees on EEO matters.

Employees who fail to adhere to our Equal Employment Opportunity policies and programs are subject to disciplinary action up to and including employment termination. In fact, discrimination by an officer or employee based upon race, creed, religion, national origin, age, and gender constitutes grounds for dismissal. When it is determined by any court of law that any employee is guilty of discrimination based upon race, creed, religion, national origin, age, gender, disability; this determination is grounds for dismissal from employment.

What Affirmative Action is and How it Affects Hiring

Affirmative Action is a process used to eliminate the effects of discrimination for women and minorities. In employment, this means a process which results in a work force that reflects the racial and gender make up of our communities, state, and recruitment areas. The Action Plan is a document that describes this process, analyzes the number of minorities and women in the work force, and sets realistic goals to achieve a work force that reflects the recruitment areas.

We affirmatively hire and promote qualified applicants and employees into regular salary positions: (a) where adverse impact may be demonstrated for a job classification; or (b) at work locations which have greater potential for affirmative hiring. Applicants or employees must meet the job's minimum qualifications, score competitively in the interviews, and have demonstrated good work habits.

Harassment

The Arkansas Department of Higher Education is committed to maintaining a work environment, which is free of discrimination. In keeping with this commitment we do not tolerate harassment of Department employees by anyone, including supervisors, co-workers, vendors, patrons, or customers.

Harassment consists of unwelcome conduct that is based on a person's protected status, that is, race, color, national origin, gender, religion, age, or disability. Unwelcome conduct can be verbal, physical, or visual. The Arkansas Department of Higher Education will not tolerate harassing conduct that affects job benefits, that unreasonably interferes with an employee's work performance, or creates an intimidating, hostile, or offensive working environment.

Sexual harassment deserves special mention. Unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on gender constitute sexual harassment when:

1. Submission to the conduct is a condition of employment;
2. Submission to or rejection of the conduct is used as the basis for an employment decision; or
3. The conduct has the purpose of unreasonably interfering with an employee's work performance or creating an intimidating, hostile, or offensive work environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented 'kidding' or 'teasing,' 'practical jokes,' jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, or physical contact such as patting, pinching, or brushing against another's body.

Department employees are responsible for not harassing others. If you feel you have experienced or witnessed harassment, you must immediately notify ADHE's EEO Officer. The Arkansas Department of Higher Education forbids retaliation against anyone who has reported harassment.

ADHE investigates all complaints promptly and thoroughly. To the fullest extent practicable, ADHE keeps complaints and the terms of their resolution confidential. When an investigation confirms harassment, ADHE takes corrective action, including appropriate discipline up to and including dismissal.

WE DO NOT DISCRIMINATE AGAINST INDIVIDUALS WITH DISABILITIES

The Arkansas Department of Higher Education does not discriminate based on a disability. This includes admission, access, or treatment in our programs and activities, and employment. ADHE's Personnel Director coordinates compliance with the non-discrimination requirements of the Americans with Disabilities Act (ADA). Information concerning the provisions of the Americans With Disabilities Act and the rights it provides are available from the ADA Coordinator.

Individuals with disabilities needing a reasonable accommodation to apply or interview for Department vacancies must notify the hiring office of this need 72 hours in advance, if possible.

WE FIND SENSIBLE SOLUTIONS TO PROBLEMS CAUSING WORK BARRIERS

The Arkansas Department of Higher Education is committed to finding sensible solutions (*reasonable accommodations*) to problems causing work barriers. We do this for qualified applicants or employees with disabilities who have made known their physical or mental limitations. ADHE may not be able to implement solutions when they are not sensible or the cost is unreasonable. The in finding these solutions is to ensure equal opportunity in the application process, enabling the performance of primary job duties (essential functions), and the enjoyment of all employment benefits.

Supervisors looking for solutions to work barrier problems should call ADHE's ADA Coordinator; the Personnel Director is the ADA Coordinator. Together with the applicant or employee, the supervisor and ADA Coordinator will review barriers. We also review the individual's abilities and the limitations resulting from their disability. Consideration is given to the recommendation(s) of the applicant or employee in choosing the most appropriate solution. The goal is to find a sensible solution that effectively reduces barriers related to the disability, which may hinder participation in the application process and employment.

ADHE cannot do this when we are unaware of work barriers. It is primarily the responsibility of the applicant or employee with a disability to inform ADHE that there are barriers to the application process, performing primary job duties, or receiving employment benefits. To assist us in finding timely solutions, when possible, applicants and employees should give us 72 hours' notice that they need a reasonable accommodation. To identify sensible solutions, supervisors and the ADA Coordinator follow the Reasonable Accommodation Process described below. ADHE makes accommodation decisions at the lowest possible supervisory level.

How ADHE Remove's Work Barriers, The Reasonable Accommodation Process

1. Look at the job involved, review its Job Elements, and confirm its purpose and primary job duties.
2. Consult with the individual with the disability to determine his or her specific physical or mental abilities and limitations related to the job's primary duties. Identify barriers to job performance and assess how to remove or limit these barriers. If necessary, our Department may request documentation of the individual's functional limitations to support the request for an accommodation.
3. In consultation with the individual, identify potential solutions and assess how effective each is in enabling the individual to perform the job's primary duties.
4. Consider the preferences of the individual with the disability.
5. Next, the ADA Coordinator reviews the situation with the appropriate Division Director and selects the solution, which best serves, the needs of the individual and our agency.

Discrimination by any officer or employee based upon race, creed, religion, national origin, age, sect, or gender shall constitute grounds for dismissal. When it is determined by any court of law that an employee of the State of Arkansas is guilty of discrimination based on the above, such determination shall be grounds for dismissal from employment.

Age Discrimination

The Arkansas Department of Higher Education does not require a mandatory retirement age or stop health care insurance due to age. We do not: fail or refuse to hire, to discharge any individual, or discriminate against an individual with respect to his or her compensation terms, conditions or privileges of employment because of his or her age; limit, segregate, or classify employees in any way which would deprive or tend to deprive any individual of employment opportunities, or otherwise adversely affect his or her status as an employee because of such individual's age reduce the wage rate of any employee in order to comply with the provisions of this policy.

When required or in the best interests of our Department we may: take any action not otherwise prohibited by this policy where age is a bona fide occupational qualification, reasonably necessary to the normal operation of our Department where the differentiation is based on reasonable factors other than age; discharge or otherwise discipline an individual for good cause.

The following information is either posted separately or combined, in conspicuous and centrally located places in each office operated by our Department where applicants and employees may see them.

Specific Purpose

When a state employee communicates waste or a violation to an appropriate authority, and that communication results in savings of state funds, the state employee shall be eligible to receive a reward equal to ten percent (10%) of the savings in state funds as a result of the changes based on that communication. No reward shall be paid in excess of twelve thousand five hundred dollars (\$12,500). If a reward amount is greater than twelve thousand five hundred dollars (\$12,500), the reward shall be referred to the General Assembly for an appropriation. If a reward is appropriated to a state employer for the benefit of a state employee, it shall be paid from the funds available to the state employer.

A state employee is not eligible for a reward for a communication that is part of the state employee's normal course of job duties, unless that communication is not acted upon by the state employer within ninety (90) days.

Upon the resolution of a communicated matter, the appropriate authority shall provide a written report detailing the content of the communication and the outcome of the communication to the:

1. State employee who made the communication; and
2. State employer that was the subject of the communication.

A state employee may choose to forego a reward or choose to remain confidential and request to the appropriate authority that the report not include their name or identifying information. If a state employee makes this request, they are not eligible to receive a reward. The name and identifying information of a state employee requesting confidentiality is not disclosable under applicable state or federal laws.

After receiving the report from the appropriate authority, the state employer must within thirty (30) days of the end of the first full fiscal year in which the changes based on the communication were implemented, issue a report. The report must contain the following:

- A. The total savings in state funds resulting from the communication for the first full fiscal year in which the changes were implemented;
- B. The name of the state employee who made the communication, unless the state employee chose to maintain confidentiality; and
- C. The reward amount the state employee is eligible to receive. If a state employer concludes that the state employee is not eligible for a reward, the reasons shall be stated in the report.

The state employer report must be submitted to the Performance Evaluation and Expenditure Review Subcommittee of the Legislative Council or, if the General Assembly is in session, the Review/PEER Subcommittee of the Joint Budget Committee and the Clerk of the Arkansas State Claims Commission. The report must also be submitted to the state employee who made the communication, unless that state employee chose to maintain confidentiality.

The state employer report to the state employee must include a notice of the right to appeal to the Arkansas State Claims Commission ("Commission"). A state employee who files an appeal is not subject to adverse action. The state employee has forty (40) days of the submission of the state employer report to file an appeal and the state employee must follow the rules and procedures of the Commission. The state employee who files an appeal has the burden of proving by a preponderance of the evidence that the:

1. The report from the state employer does not accurately reflect the savings attributable to the changes made based on the communication; or
2. The state employer did not accurately assess the determination of a reward, including denying a reward to the state employee.

When the Commission notifies the parties of its decision, it must notify them of a right to appeal that decision. The decision of the Commission may be appealed only to the Claims Review Subcommittee of the Legislative Council or, if the General Assembly is in session, the Claims Subcommittee of the Joint Budget Committee. The notice of appeal must be filed with the Commission within forty (40) days after the Commission renders a decision. The Commission is responsible for notifying the Legislative Council or Joint Budget Committee and all parties to the matter when a notice of appeal is filed

Within thirty (30) days of the end of the appeal period to the Commission or the resolution of an appeal to the Claims Review Subcommittee, whichever is later, the clerk of the Commission shall notify the state employer of the reward amount to be paid to the state employee. The state employer shall deliver a check to the clerk of the Commission who must deposit the check as a nonrevenue receipt into the Miscellaneous Revolving Fund

from which the state employee will be paid.

A state agency or institution shall not take adverse action against an employee because the employee, or a person authorized to act on behalf of the employee, communicates in good faith the existence of waste of public funds, property, or manpower, including federal funds, property, or manpower, administered or controlled by a public employer or a violation or suspected violation of a law, rule, or regulation adopted under the law of this State or a political subdivision of the state to an appropriate authority. The communication shall be made at a time and in a manner which gives the public employer reasonable notice of the need to correct the waste or violation.

A state employee communicates in good faith if there is a reasonable basis in fact for the communication of the existence of waste or of a violation. Good faith is lacking when the state employee does not have personal knowledge of a factual basis for the communication or where the state employee knew or reasonably should have known that the communication of the waste or of the violation is malicious, false or frivolous.

A state agency or institution shall not take an adverse action against a state employee because the employee participates or gives information in an investigation, hearing, court proceeding, legislative or other inquiry, or in any form of administrative review.

A state agency or institution shall not take an adverse action against a state employee because an employee has objected to or refused to carry out a directive that the employee reasonably believes violates a law or a rule or regulation adopted under the authority of laws of the state.

A state employee who alleges a violation of "Whistle-Blower" protections may bring a civil action for appropriate injunctive relief or actual damages, or both, within one hundred eighty (180) calendar days after the occurrence of the alleged violation.

An action commenced under this law may be brought in the chancery court for the county where the alleged violation occurred or for the county where the complainant resides, or in the chancery court of Pulaski County.

To prevail in an action brought under this law, the state employee shall establish, by a preponderance of the evidence, that the employee has suffered an adverse action because the employee, or a person acting on his behalf, engaged or intended to engage in a protected activity.

As used in this section, "damages" means damages for a job-related injury or loss caused by each violation of the "Whistle-Blower" Act, including, but not limited to, fringe benefits, retirement service credit, compensation for lost wages, benefits, and any other remuneration, and reasonable court costs and attorneys' fees.

A state agency or institution shall have an affirmative defense to a civil action brought by a state employee if the adverse action taken against the state employee was due to employee

misconduct, poor job performance or a reduction in workforce unrelated to a communication made pursuant to the "Whistle-Blower" protections. The state agency or institution of higher education must prove the existence of the state employee's misconduct, poor job performance or a reduction in workforce is unrelated to the communication by a preponderance of the evidence.

In the event the Office of Personnel Management (OPM) implements an employee grievance mediation program, a state employee or state agency or institution may voluntarily participate in mediation under OPM's mediation program if they wish to resolve a dispute between them that involves an adverse action taken against the state employee. Voluntary mediation shall occur before a civil action has been initiated in court in which the state employee and state agency or institution of higher education are parties.

A state agency or institution shall have an affirmative defense to a civil action brought by a state employee if the adverse action taken against the state employee was due to employee misconduct, poor job performance or a reduction in workforce unrelated to a communication made pursuant to the "Whistle-Blower" protections.

The state agency or institution of higher education must prove the existence of the state employee's misconduct, poor job performance or a reduction in workforce is unrelated to the communication by a preponderance of the evidence.

In the event OPM implements an employee grievance mediation program, a state employee or state agency or institution may voluntarily participate in mediation under OPM's mediation program if they wish to resolve a dispute between them that involves an adverse action taken against the state employee. Voluntary mediation shall occur before a civil action has been initiated in court in which the state employee and state agency or institution of higher education are parties.

A court in rendering judgment under this act may order any or all of the following remedies:

1. An injunction to restrain continued violation of the provisions of the "Whistle-Blower" act;
2. The reinstatement of the public employee to the same position held before the adverse action or to an equivalent position;
3. The reinstatement of full fringe benefits and retirement service credit;
4. The compensation for lost wages, benefits, and any other remuneration;
5. The payment by the state employer of reasonable court costs and attorney's fees.

A court may also order that reasonable attorney's fees and court costs be awarded to the employer if the court determines that an action brought by a state employee under this act is without basis in law or fact. Provided, a state employee shall not be assessed attorney's fees under this section if, after exercising reasonable and diligent efforts after filing the suit, the state employee files a voluntary non-suit concerning the employer within sixty (60)

calendar days after determining the employer would not be liable for damages.

The "Whistle-Blower" Act shall not be construed to permit a disclosure which would diminish or impair the rights of any person or any public official to the continued protection of confidentiality of records or working papers where a statute or the common law provides for protection. State agencies and institutions of higher education shall use appropriate means to notify their employees of their protection and obligations under the act.

Discipline Procedures

ADHE works with employees in many ways to deal with their work-related problems. ADHE tries to orient employees to their jobs, policies, and expectations. We provide training in their present duties and upon assignment of new duties. We review their work performance and counsel them about performance deficiencies. ADHE counsel's them about their career options.

Our Department disciplines employees for violations of our rules of conduct. Disciplinary action is used as an instructive and corrective approach, not a retaliatory measure. Having a firm set of employee rules, with the penalties clearly specified, and sticking to them enhances our Department's overall goals and objectives. We do not want to allow a rule to be broken which we might later want to enforce.

Disciplinary action documentation is sent through line supervisors to our Personnel Office. This documentation is filed in our employee's personnel file.

The following rules are established so that all our employees are aware of the rules of conduct expected of them, and to set a standard for the fair and impartial application of disciplinary action imposed for misconduct. Our Department considers violations of these standards to be serious. They require immediate attention by our supervisors. Disciplinary procedures should begin when the problem or behavior occurs. The penalties are listed according to the number of offenses and the severity of the violation.

The use of disciplinary sanctions to correct problems does not confer, establish, constitute, or imply an employment contract, the guarantee of employment or benefits, or employment for any specific duration. Our Department reserves the right to revise these policies as necessary. The state of Arkansas and the Arkansas Department of Higher Education are 'at-will' employers. We hope our employment relationship is long-term; however, either you or our Department may end this relationship, at any time, for any reason, with or without cause or notice.

The amount of discipline administered for violations of these standards of conduct are evaluated on the merits of the infraction. Offenses or misconduct, which is too serious for supervisory action, is reported in writing to the appropriate authority through line supervisors.

We realize these rules are made necessary due to misconduct or offenses of only a few employees. They in no way are intended to reflect upon the great majority of our employees

who perform with loyalty and efficiency to make the Arkansas Department of Higher Education a respected organization.

Disciplinary Measures

The policy of the ADHE with regard to disciplinary measures is as follows:

Discipline applied by supervisors should be aimed at improving employee behavior, not punishing the employee. Behavior is defined as actions or lack of actions by employees related to work rules, office mission, and/or safety of themselves, co-workers and customers. The following sequence of steps is provided to assist supervisors with the disciplinary process:

- (1)** Verbal warning recorded in the employee's personnel file.
- (2)** Written warning recorded in the employee's personnel file.
- (3)** Suspension without pay. (For exempt employees, a five (5) day minimum suspension is required.)
- (4)** Termination.

Should disciplinary measures be necessary, they shall be applied immediately, consistently and impartially.

Supervisors are required to:

Maintain good records and documentation;

Investigate the violation and circumstances surrounding the incident; Equate the severity of the discipline to the violation, not the person; Discipline in private; and,

Warn employee of the consequences of repeat offenses.

This sequence of steps in the disciplinary process is recommended for most violations. Some violations initially may require implementation of more severe disciplinary action, including immediate dismissal.

Dispute Resolution

Act 1448 – This establishes a dispute resolution procedure for state employees to resolve any complaints or grievances through mediation or a fact-finding hearing. This act repeals Executive Order 89-1 and Executive Order 93-1.

1. The act grants the Office of Personnel Management the authority to establish a grievance procedure for state agencies. OPM must also promulgate rules to

establish an appeal procedure and nonbinding mediation procedure for the grievances.

2. If the employee chooses to appeal to nonbinding mediation, and the mediation is unsuccessful, the mediator shall report his or her suggested resolution to the Director of the Department of Finance and Administration. After the unsuccessful nonbinding mediation, an employee or the state agency may file an appeal to OPM for a fact-finding hearing.
3. The employee or state agency may appeal the appeal decision to the Chief Fiscal Officer of the State.

General State Benefits

Insurance Benefits:

Group health insurance benefits are offered to employees through the Employee Benefits Division. Depending on the insurance option an employee chooses, a portion of the coverage is paid by the employee, with the employer paying the matching costs.

In addition to group health insurance options, group life insurance benefits are available. You will need to contact our ADHE Insurance Representative, Nina Rogers, at 371-6010, for detailed information and assistance.

Cafeteria Plan Benefits:

The State also offers a tax-free method of paying eligible benefits under the Arkansas Cafeteria Plan (ARCAP). In accordance with IRS guidelines, an employee may reduce his/her taxable income by converting health insurance premiums to a tax-free basis and/or establishing a tax-free spending account for medical expenses or dependent day care expenses.

Deferred Compensation Benefits:

An employee may elect to participate in the deferred compensation program. The tax sheltered investment options offer a means of setting aside money for future use which is not subject to current federal or state income tax. Taxes become payable when the deferred income plus earnings are paid to the employee, usually at retirement, when the employee is probably in a lower income tax bracket. This deferred income can serve as a supplement to social security, pension, or retirement benefits.

Retirement Benefits:

As a condition of employment, an employee is enrolled in the Arkansas Public Employees Retirement System (APERS) effective the first employment day. Employees must contribute 5% of their base pay. This Department pays a pre-determined amount to APERS, and along with investment income determined by APERS, retirement allowances

and other benefits are provided to the employee based on service. An employee is vested with five years of service.

Credit Unions:

An employee may utilize two credit union options, Arkansas Federal Credit Union and Arkansas Employees Federal Credit Union (requires ASEA membership), offering comparable full banking services and competitive rates.

Direct Deposit:

This Department requires participation in our payroll direct deposit program. This program eliminates the need to take your pay warrant to your financial institution for deposit, and for those employees receiving pay warrants through the mail, it eliminates the possibility of it being lost in the mail. Direct deposit of a pay warrant is guaranteed by 9:00 a.m. of the regular payday.

In order to better serve our employees, this Department makes available payroll deductions for any of the previously defined benefit options.
