### **Assurance of Child Maltreatment Reporter Training**

(Please sign the assurance form, scan and return via e-mail by September 15, 2018

Act 703 of 2007 (Arkansas Code Annotated § 6-61-133) requires that Arkansas institutions of higher learning provide training in child maltreatment reporting for students enrolled in degrees that are a prerequisite for licensure or certification in a profession under the Child Maltreatment Act.

Institutions must submit an assurance to the Arkansas Department of Higher Education that each graduate has received training in:

- Recognizing the signs and symptoms of child abuse and neglect;
- The legal requirements of the Child Maltreatment Act and the duties of mandated reporters under the Act;
- Methods for managing disclosures regarding child victims

The submission of this form (with attachments) serves as an assurance that all relevant degree programs at the institution have included and will include training in child maltreatment reporting that is appropriate. The occupations for the purpose of this Act are listed in Attachment 1 on page 2 of this assurance form. Please indicate the relevant degree programs that include the training in child maltreatment reporting next to the occupations listed in Attachment 1.
