

Institutions Approved by AHECB to Operate in Arkansas

Introduction

Arkansas Code § 6-61-301 grants authority to the Arkansas Higher Education Coordinating Board (AHECB) to provide for the orderly development of higher education and to protect Arkansas students from fraudulent or inferior programs by establishing the criteria for certification of non-public and out-of-state institutions offering academic courses and/or degree programs in the state of Arkansas.

The Arkansas Higher Education Coordinating Board authorizes the Director of the Arkansas Department of Higher Education to issue a Letter of Exemption from Certification to institutions if one of the following conditions is met:

- a. The institution offers degree programs on military installations, and the majority (51% of total annual enrollment) of students enrolled at the institution located on the military installation is active or retired military personnel or their dependents **OR**
- b. The institution offers degree programs not customarily offered in colleges and universities. The AHECB Letter of Exemption from Certification does not constitute an endorsement of any institution or program.

The listing of institutions include: (1), those that offer certified degree programs on an established campus in Arkansas, pages 1- 7; (2), those that offer certified degree programs by distance technology, pages 7- 46; (3), those that are issued a Letter of Exemption from Certification to offer degrees and programs on military installations, page 47; and (4), those that are issued a Letter of Exemption from Certification to offer degree programs not customarily offered in colleges and universities, pages 48-63. **If an institution is in the State Authorization Reciprocity Agreement, it is noted by the institution's name ("SARA Institution").**
