(Little Rock) - The **Arkansas Natural Resources Commission** announced today, approval of a grant, in an amount up to \$50,000 from the Water, Sewer and Solid Waste Fund to city of Turrell (Crittenden County), according to **Commission Chairman Don Richardson**. Approval of these funds is contingent upon the city establishing and maintaining a depreciation reserve fund.

"These funds will be used to replace the bridge that crosses the creek to the pump station. The Executive Director may use the remaining funds for other repairs at the pump station," said **Mark Bennett, ANRC Water Development Division Manager**. Turrell Mayor Dorothy Cooper appeared before the commission outlining the cities' needs and expressed gratitude for the commission's assistance. "This is only the beginning," said Mayor Cooper.
