(Little Rock) - The Arkansas Natural Resources Commission announced today approval of a grant, in an amount up to \$300,000, from the Water, Sewer and Solid Waste Fund to the town of Carthage (Dallas County), according to Commission Chairman Fred Fowlkes. Approval is contingent upon the town establishing and maintaining a six percent depreciation reserve fund.

"These funds will be used to replace filter media, flow meters, the chemical injection system, pumps and electrical components in all pump stations serving 108 customers," said Mark Bennett, ANRC Water Development Division Manager.
