To: Governor Mike Huckabee,
Members of the Arkansas General Assembly,
and the Citizens of Arkansas,

It is my pleasure to present to you the Arkansas State Police's 2005 Annual Report. The report reflects activity over the year and includes number of arrests, amounts collected by the department, and disposition of cases.

The report was created from activity logs and records kept by each division and section within the Arkansas State Police. Highlighted in the report are agency information and section achievements. Throughout the report, you will find several charts that should assist in explaining agency operations.

If you have any questions about this report or the operations of the department, please do not hesitate to contact me or any representative of the Arkansas State Police.

Respectfully submitted,

Steve Dozier
Colonel

AGENCY INFORMATION

The Director's Office provides overall administration of the agency and directly manages Arkansas' Highway Safety Office, agency Fiscal Management, Executive Protection for the Governor and Lieutenant Governor, Grants Management, Fleet Management, and Internal Affairs. The Director delegates much of this management to his Chief of Staff holding the rank of Major. Additionally, the Director has a staff attorney immediately available who coordinates legal representation with the Arkansas Attorney General's Office, represents the agency before the Arkansas State Police Commission, performs legal research in law enforcement and other agency matters, and reviews contracts and leases on behalf of the agency.

The Department of Arkansas State Police is organized into four (4) divisions; the Highway Patrol Division; the Administrative Services Division; the Crimes Against Children Division; and the Criminal Investigation Division.

The Highway Patrol Division (HPD) operates twelve (12) troop headquarters located around the state. HPD is responsible for patrol of the Arkansas highway system, responds to calls from the public for service, and investigates motor vehicle crashes. Included within the troops are personnel assigned to Interstate Criminal Patrol, which are teams that aggressively enforce Arkansas' motor vehicle and criminal laws with a special focus upon identifying, criminal organizations, fugitives, and persons using Arkansas highways to transport illegal drugs, weapons, in support of terrorism, or perpetrating other types of crimes. HPD also coordinates canine activities, including handler training throughout the agency. The HPD administers Arkansas driver's license testing and commercial driver's license testing programs. The agency's aviation assets are managed by HPD and provide both fixed wing and rotor wing aircraft for a multitude of law enforcement and executive protection missions.

The Administrative Services Division (ASD) operates the human resource functions for the agency that includes recruiting, hiring, and promoting all employees. ASD ensures agency compliance with a federal court consent decree involving hiring and promotions of employees. ASD conducts all trooper applicant testing and competitive promotional testing. ASD administers the uniformed officers' health insurance plan and the ASP Retirement System. ASD also maintains all agency personnel, medical, and training records. ASD coordinates and provides training throughout the agency, including troop school and several in-service training courses for employees. ASD also is responsible for regulatory administration concerning used motor vehicle dealer licensing, concealed handgun permits, licensing of private investigators, security guards and alarm technicians, and the issuance fireworks licenses and permits. The Director's designee as State Fire Marshal is assigned to ASD. Arkansas' Automated Fingerprint Identification System (AFIS) and identification (ID) bureau operates within the ASD and is responsible for collection of all arrest records for the state as well as all non-criminal justice related

background checks. ASD is responsible for the maintenance of agency properties in Little Rock as well as maintenance at communications tower sites across the entire state.

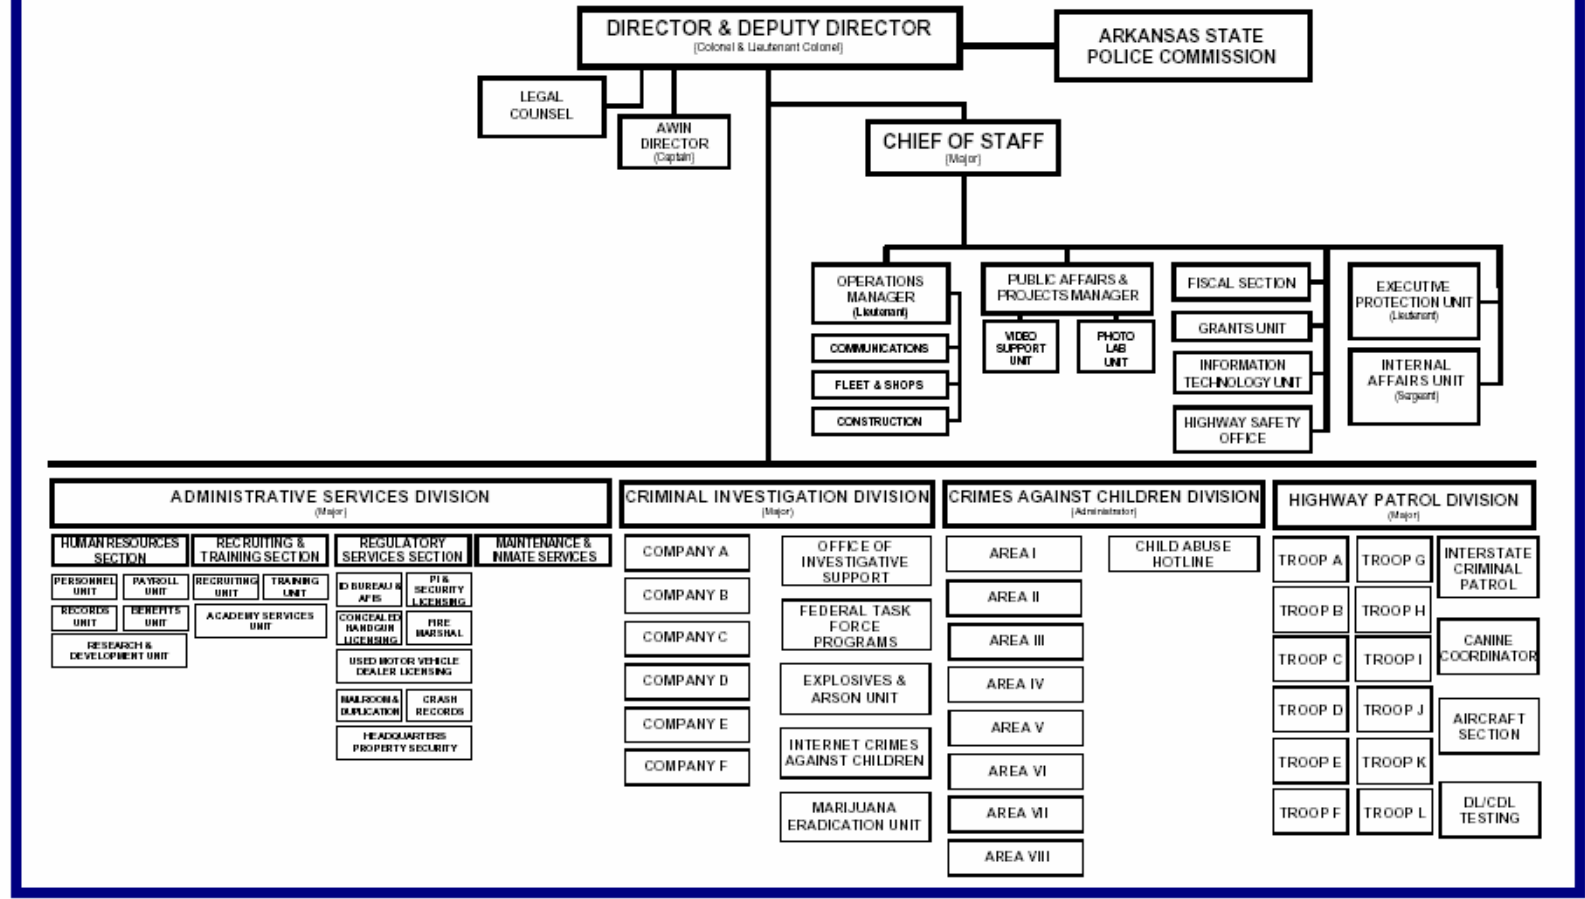

The Crimes Against Children Division is responsible for the receipt and investigation of reports involving sexual abuse and severe physical maltreatment of children. The Division is comprised of the Child Abuse Hotline Section and the Investigation Section. The Hotline operates 24 hours a day and seven days a week with a toll free number for the public and mandated reporters to report child maltreatment and other crimes against children (800-482-5964). The hotline is staffed by a team of specially trained personnel that receive over 4,000 calls per month. The hotline begins the documentary process and will launch investigations of the reports that meet the criteria of state and federal statutes. Calls are either assigned to the Department of Health and Human Services' Division of Children and Family Services or Arkansas State Police personnel. The CACD Investigation Section is comprised of eight (8) areas throughout Arkansas and is staffed with investigators responsible for conducting investigations of severe maltreatment as well as working with law enforcement to prosecute crimes against children.

The Criminal Investigation Division (CID) operates statewide and is subdivided into six (6) companies located through out Arkansas. CID provides investigative support to local and county law enforcement agencies as well as local drug task forces. Services vary according to local law enforcement capabilities and availability of crime scene investigative technology and equipment. CID also manages a special operations section providing investigative support, staffing of the "Morgan Nick" Critical Incident Command Center and operating the statewide missing child alert plan. CID also coordinates the SWAT Team, Crisis Negotiations Team, a Bomb/Arson Unit, a Marijuana Eradication Unit, an Internet Crimes Against Children Unit, and has members assigned to the Joint Terrorism Task Force and the Drug Enforcement Administration Task Force, Office of Investigative Support. CID investigates white collar crimes and cases of public corruption via referrals from the Division of Legislative Audit through various prosecuting attorneys.

ORGANIZATION CHART

September 2005

DIRECTOR'S OFFICE

The daily operations of the Director's Office are administered by the Chief of Staff. The position supervises the Operations Manager, who is responsible for the agency's communications, fleet, shop, and construction; the Public Affairs and Projects Manager, who is responsible for video support and the photo lab; the Chief Fiscal Officer, who is responsible for the finances of the agency; the Grants Unit, which obtains and manages the agency's grant funds; the Information Technology Administrator, who is responsible for the agency's computer and technology needs; the Administrator of Highway Safety Office, who administers federal funds to state and local agencies for highway safety projects; Executive Protection, which provides security for the Governor's Mansion, the Governor, Lt. Governor and their families; and the Internal Affairs Unit, which investigates allegations of misconduct by department employees.

Fiscal Section

The Arkansas State Police's appropriated budget included the following:

FY 04	Total	FY 05	Total
Regular Salaries	38,487,504	Regular Salaries	39,501,343
Extra Help	46,000	Extra Help	46,000
Personnel Service Match	19,002,907	Personnel Service Match	19,344,502
Overtime	525,000	Overtime	450,000
Operating Expense	11,996,434	Operating Expense	11,394,263
Travel	213,500	Travel	390,700
Professional Services	1,098,500	Professional Services	1,075,500
Capital Outlay	3,330,000	Capital Outlay	2,010,000
Data Processing	62,000	Data Processing	162,000
Covert Operations	125,000	Covert Operations	125,000
Grants	16,251,700	Grants	16,340,800
Refunds	3,000,000	Refunds	3,000,000
Total	94,138,545	Total	93,840,108

Operations Section

Fleet Report: The Arkansas State Police purchased a total of 228 vehicles. This included 151 Chevy Impalas, 44 Ford Tauruses, 30 Ford Crown Victorias, 2 Ford Crew Cab Trucks (maintenance section), and 1 Ford Extended Cab Truck (armory).

The following table reflects the average number of miles driven per division, per vehicle.

Highway Patrol	425 Units	22,218 miles
Criminal Investigation Division	100 Units	19,458 miles
Crimes Against Children Division	63 Units	18,100 miles
Administration	35 Units	17,570 miles

Grants Section

The Arkansas State Police was awarded federal funding for the methamphetamine initiative, the Arkansas Wireless Information Network (AWIN), the interoperable communication project, Automated Fingerprint Identification System (AFIS) backend upgrade, and an automated commercial driver's licensing testing system installation. Continuation grants were awarded to further the Internet Crimes Against Children program and various highway safety programs including the Traffic and Criminal Software (TraCS) program.

Information Technology Section

The Information Technology Section supports approximately 1,200 desktops laptops computers and 12 servers. The Section is responsible for all database management; LAN management; software licensing; data security; cell phones; operating systems; software suites; antivirus protection; network utilization; and interfaces with non-Arkansas State Police systems.

The information technology section is responsible for the training and deployment of the TraCS system and assists with the upgrade of AFIS.

Highway Safety Office

The Highway Safety Office administers state and federal highway safety funds and oversees highway safety program efforts supported by these funds for the state of Arkansas. The Highway Safety Office develops an annual highway safety plan, which identifies traffic-related safety problems in Arkansas and recommends programs most effective in reducing traffic fatalities, injuries, and crashes. A performance plan was prepared which describes the state's highway safety problem identification process and identifies the state's highway safety benchmarks and goals. The highway safety plan describes the strategies for meeting the goals outlined in the performance plan and allocation of highway safety funds.

The Highway Safety Office implemented projects and facilitated activities and programs which contributed toward reaching the state's goals. The Office recognizes the achievement of quantified goals is dependant not only on the work of its office, but also on the collaborative and ongoing efforts of a multitude of governmental and private entities involved in improving highway safety in Arkansas. Below is a list of the grant agreements funded during fiscal year 2005.

RECIPIENT/CONTRACTOR	FED. HSP AMOUNT	FED. EXPENDITURES
Administrative Office of the Courts	\$ 96,500.00	\$ 36,585.82
Criminal Justice Institute	\$ 300,000.00	\$ 273,272.94
Mothers Against Drunk Driving	\$ 75,000.00	\$ 63,875.00
Crowley's Ridge Development Council	\$ 16,000.00	\$ 15,031.43

Total	\$ 7,901,313.11	\$ 4,679,323.53

Public Affairs and Projects Section

Photo Lab

The Photo Lab supports troopers, special agents, and other investigators assigned to law enforcement functions. The Lab also supports internal publications and photo sales to private legal counsel.

The Photo Lab processed 849 rolls of film, a decrease of almost 200 rolls from the year 2005 that is attributed to the growing number of digital images being processed through the lab. More than 12,000 film and electronic photographs were produced by the lab.

The Lab generated \$19,450 in photo sales.

Video Support Unit

The Video Support Unit assisted with the development of training video productions and video analysis used by troopers and special agents in their investigative capacities.

Among the more significant projects produced by the Unit were a historical review commemorating the 70th anniversary of the Arkansas State Police, and two public service announcements. One announcement was designed to address motorcycle safety in a four county area where motorcycle crashes were on the rise. The second announcement was developed to educate motorists about the state's new law requiring drivers on multi-lane highways to move away from law enforcement vehicles with operating emergency lights and parked along the highway shoulder.

ADMINISTRATIVE SERVICES DIVISION

The Administrative Services Division is responsible for most of the department's administration. This includes: the Human Resources Section, which is responsible for the hiring process, personnel actions, commissioned employee health plan, payroll, records, benefits, and research and development; the Recruiting and Training Section, which is responsible for recruiting, training, and academy services; the Regulatory Services Section, which is responsible for the Automated Fingerprint Identification Section (AFIS), Identification Bureau, concealed handgun licensing, licensing of private investigators, security guards and alarm system agents, used motor vehicle dealer licensing, Fire Marshal's Office, licensing and regulation of fireworks displays and sales, regulation of dealers of precious metals, sales of blue lights, crash records, mailroom and duplication, headquarters property security; and Maintenance and Inmate Services.

Human Resource Section

There were over 700 personnel transactions recorded within the Human Resources Section. Among the transactions were 127 hires, 245 promotions (includes special language promotions), 82 reassignments, 15 military leaves, 12 disciplinary actions, 22 DROP enrollments, and 100 address and name changes.

There were 77 commissioned advertisements resulting in either a promotion or lateral transfer, and over 100 civilian advertisements.

The payroll unit processed certificate pay to eligible commissioned officers and Career Ladder Incentive Program (CLIP) promotions and/or bonuses were awarded to 234 civilian employees.

Other activity in the Human Resources Section included the processing of:

- Worker's Compensation Forms 51
- Family Medical Leave Act Requests 64
- Catastrophic Leave Requests 9
- Time Audits 33
- Employment Verifications 245 *
- Garnishments 15 *
- Proof of Prior Employment 11*
- Bank Information Change 3 *
- Stipend Payment 24 *

* Totals only include July – December.

Recruiting Section

The Recruiting Section contacted 2,288 applicants to take the written test to become a commissioned officer. Of the applicants contacted, 1,653 took the written test. The Recruiting Section conducted 672 physical assessment tests, and compiled 610 hiring packets for staff review. As part of the hiring process, the Section reviewed 552 polygraph results for disqualifiers, administered 459 background checks, coordinated 173 oral interviews and 92 medical and psychological examinations, and composed 88 hire letters.

As part of the recruiting process, the Recruiting Section visited 18 Arkansas schools at levels ranging from elementary through high school to promote the positive image of law enforcement and the Arkansas State Police. Recruiters attended 42 ball games, school functions, and spoke to individual classes. Recruiters also spoke to 12 college and university classes as well as represented the Arkansas State Police at 29 career and job fairs. Recruiters made 7 television appearances on various state networks informing viewers of the requirements for becoming an Arkansas State Trooper and encouraging qualified persons to seek employment with the agency.

The Recruiting Section held the 1st Annual Arkansas State Police Preparatory Trooper Academy in the summer of 2005. Eight students graduated from the one week, in-residence academy.

The Recruiting Section also coordinated random drug testing for 600 employees.

Training Section

The Training Section trained 37 recruits in a 10-week, 502 hour troop school. In addition, the Training Section presented 186 in-service training classes for incumbent employees. Training classes included radar certification and refresher, cardiopulmonary resuscitation (CPR), National Incident Management System (NIMS), firearms training, first aid, pursuit driving, emergency vehicle operations, violent encounters resolution system, taser, pepper spray, crash investigation, less than lethal use of force, sub-machine-gun training and instructor development, Magnum spike training, live fire instructor training, traffic and criminal software, the human element, basic auto theft, defensive tactics instructor course, knoppix for first responders, major case conference, basic polygraph examiner course, and two 40-hour in-service training blocks in various courses.

Regulatory Services Section

The following is an accounting of specific licensing, permitting, and other transactions performed by the Regulatory Services Section:

Concealed Handgun		Precious Metal Dealers	
Applications	4,799	Registered Dealers (current only)	8
Renewal Applications	6,069	Crash Reports	
Applications for Transfer	59	Request for copies processed	68,450
New Instructor License	13	Used Motor Vehicles	
Applications Rejected (includes revoked, denied and rejected)	183	New Applications	395
Private Inv., Alarm Tech.		Renewal Applications	3,501
Class A, B, & E Applications	408	Dealer Complaints	79
Class C Applications	22	Blue Light Sales	
Registrant Applications	152	Sales reported	12
Class D & F Applications	342	Fire Marshal's Office	
Class G Applications	2	Fireworks Licenses Issued	372
Opened Criminal Investigations	70	Building Plans Reviewed	37
Closed Criminal Investigations	40	Inspections	32
Company Audits	14	Above-ground storage tanks permitted	100
Polygraph Licensing		Identification Bureau	
Applications	58	Background Checks Processed	147,090
Voice Stress Exam Apps.	5	Mail Room	
Examinations Administered	187	Postage Costs per Month	\$6,727.93
AFIS		Copies Made per Month	113,214
Fingerprint Cards Processed	96,676		

Maintenance and Inmate Services Section

The Maintenance and Inmate Services Section visited 24 – 30 tower sites each month. Annual activity for tower site services included:

- Weed and grass control 182 visits
- Roof repairs 6 visits
- Building repairs 2 visits
- Gate repairs 3 visits
- Fence repairs 8 visits
- Generator repairs/work 6 visits
- Air conditioning/generator service 246 individual service checks
- Air conditioning unit troubleshooting responses on-site for hi-temps 21 visits

- Air conditioning units that were brought back to maintenance for 7 visits
- Installation of fuel lines for propane tanks 81 visits
- Installation, repair, or maintenance of tower site halo grounding for Motorola 3 visits
- Poured concrete slab for placement of propane tanks 39 sites
- Installed mesh wiring for over 40 generators for the prevention of various vermin nesting and snake infestations
- Brush cleared 29 sites
- Repaired road to site 2 visits
- Electrical work 31 visits

The Maintenance and Inmate Services Section is also responsible for all upkeep and maintenance of troop and company buildings around the state. The Section performed 40 mowing or landscaping visits to Little Rock headquarters and 6 visits to other buildings to perform various lawn work or removal of trash. The Section made 21 visits for structural improvements, i.e. wall additions, office or room additions, and painting.

Additionally, the Maintenance and Inmate Services Section accomplished the following:

- Construction of the Morgan Nick Alert Center. Specifically, the Section installed and constructed all desks, cabinets, conference tables, floor tile/carpet work, and electrical work for this project.
- The carpentry shop constructed approximately 23 grease or map boards, 7 slot mail boxes, 18 desks, 24 cabinet projects, 11 tables, 26 picture frames, and 5 consoles.
- Approximately 19 plumbing projects were completed at various headquarters locations and the Governor's Mansion.
- Approximately 11 electronic projects were completed for at Little Rock headquarters. This included installation of cameras, monitors, security system, and VCR systems.

The Maintenance and Inmate Services Section supervised an average of 39 inmates, conducted 48 searches of living areas, shops, and grounds and delivered 2 disciplinary actions. The staff, along with a nurse from the Arkansas Department of Correction, conducted 32 inspections for health and sanitation purposes with no problem areas noted. A total of 108 trips were made to the Arkansas Department of Correction, Wrightsville Unit, for sick calls, the pick-up of medication, laundering of inmate clothing, parole hearings, and various other purposes. Food items for the inmates were picked up from the Arkansas Department of Correction, Pine Bluff Unit on a monthly basis.

CRIMES AGAINST CHILDREN DIVISION

The Legislature created the Crimes Against Children Division (CACD) as part of the Arkansas State Police “to provide competent and thorough child abuse investigations which are sensitive to the needs of children and families.” The Legislature further said that “it is difficult for caseworkers with the Department of Human Services, which is currently charged with the responsibilities of investigating child abuse and providing services to children and families, to separate their dual roles as investigators and service providers.” Using this legislative path, CACD was established and began operating the state-wide child abuse hotline and conducting investigations of severe child maltreatment in conjunction with law enforcement agencies.

CACD employed an average of 55 employees in the investigation section, 22 employees in the hotline section, and 2 employees in administration.

Child Abuse Hot Line operators received 45,167 telephone calls. Of these calls, 25,587 were accepted as valid allegations of abuse or neglect. They were assigned for investigation to CACD investigators or to the Arkansas Department of Health and Human Services’ (DHHS) Division of Children and Family Services (DCFS).

The allegations accepted by the hot line are divided into categories for investigation, pursuant to an agreement with DHHS. This resulted in 6,327 cases being assigned to investigators in CACD. Of these cases, 7,484 Priority I allegations and 1,449 Priority II allegations were incorporated in these cases. Cases often have more than one allegation to address during the investigation. Priority I cases are the most serious allegations and less serious allegations are labeled as Priority II cases.

The types and number of Priority I allegations were:

Abandonment	22	Juvenile aggressor	15
Abuse with a deadly weapon	120	Malnutrition	3
Bone fracture	107	Medical neglect of dis. infant	1
Brain damage/skull fracture	27	Oral sex	638
Burns/scalding	229	Poison/noxious substance	161
Cuts, bruises, welts	122	Pornography	279
Death	18	Sexual contact	2,582
Failure to protect	278	Sexual exploitation	156
Failure to thrive	4	Sexual penetration	2,181
Immersion	1	Subdural hematoma	22
Indecent exposure	237	Suffocation	234
Internal injuries	5	Threat of harm	42

Of the total number of Priority I allegations, 6,073 (81%) involved sexual abuse, indecent exposure or pornography.

CACD civilian investigators closed 6,164 cases in 2005. Of the closed cases, 2,677 (43.4%) were found to be ‘true’. The finding of ‘true’ means there was a preponderance

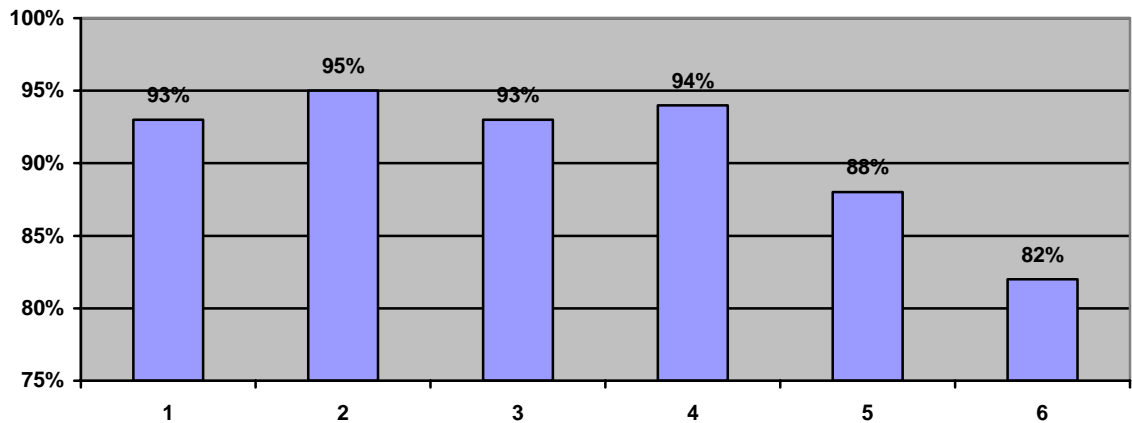

of evidence that indicated the allegation(s) was true. An ‘unsubstantiated’ finding means the evidence was insufficient to support the allegation(s). Investigations closed with a finding ‘true’ are referred to the appropriate prosecuting attorney.

The CACD is evaluated on 8 performance indicators of compliance with Angela R. requirements, which were set in a consent decree in the 1990s during federal court proceedings. It also is a part of an agreement between CACD and DHHS.

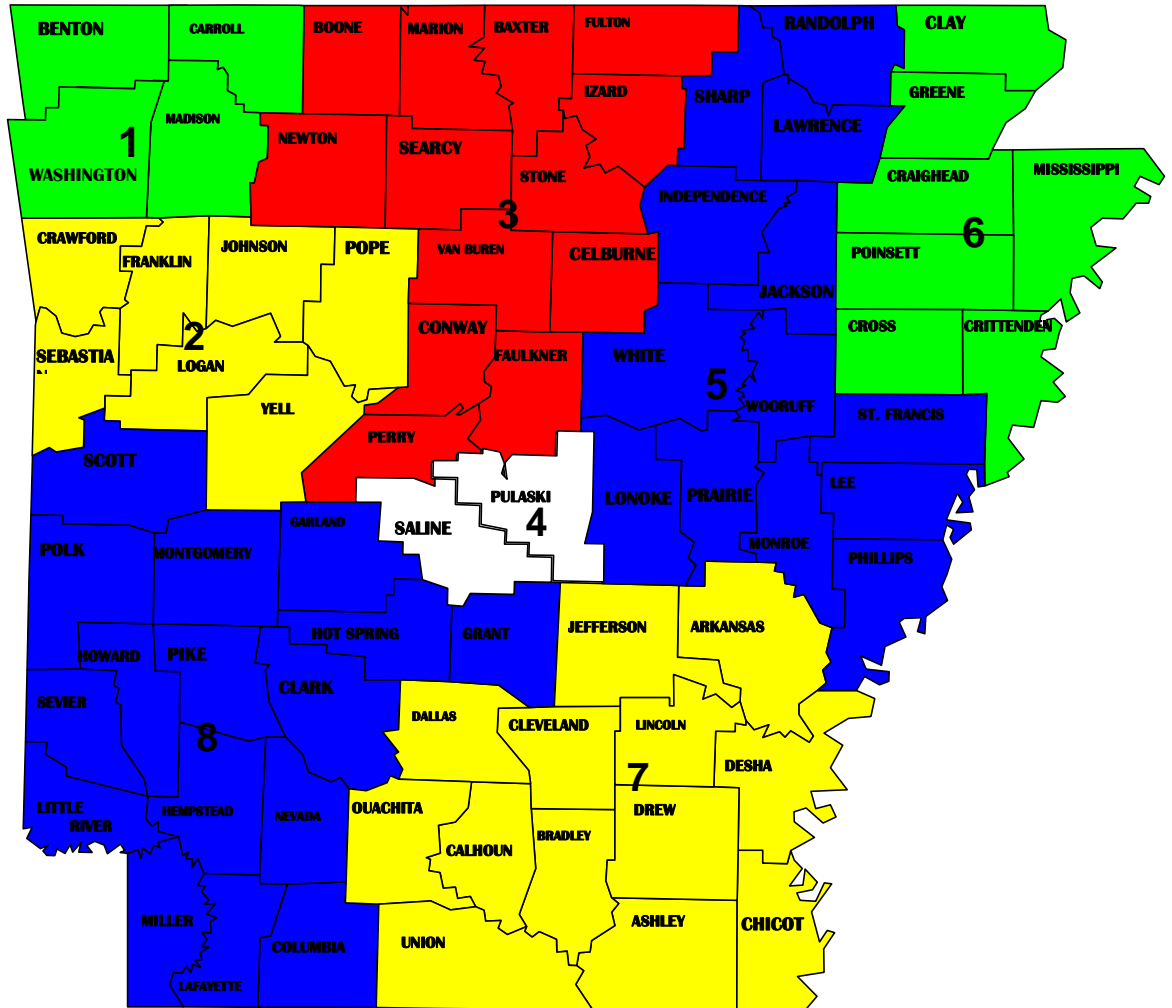

The indicators are:

1. The alleged victim(s) in Priority I reports is seen by the investigator within 24 hours.
2. The alleged victim(s) in Priority II reports is seen by the investigator within 72 hours.
3. All children in the home are seen during the investigation.
4. The alleged victim(s) is interviewed or observed outside the presence of the alleged offender.
5. Parents/caretakers are interviewed in all investigations.
6. Investigations are concluded within 30 days of receipt of the allegation.

By contract with DHHS, CACD is required to meet a minimum of 85% compliance in each performance indicator. The following chart shows the average compliance for the year 2005. The line numbers above are used as identifiers.

Crimes Against Children Division Map

HIGHWAY PATROL DIVISION

The Highway Patrol Division is responsible for enforcement of the motor vehicle and traffic safety laws of the state of Arkansas, including driver license testing for both regular and commercial drivers. The Division is comprised of 12 troops throughout the state, and includes Interstate Criminal Patrol, which are teams that will aggressively enforce Arkansas' motor vehicle and criminal laws with a special focus upon identifying potential terrorist activity, criminal organizations, fugitives, and persons using Arkansas highways to transport illegal drugs, weapons, or perpetrating other types of crimes; a Canine Coordinator, who coordinates K-9 and handler training throughout the agency; an Aircraft Section, which provides air transportation to support the mission of the Arkansas State Police, and transportation for other state employees, including those in the executive and legislative branch.

The following pages list an accounting of specific enforcement activity performed by each highway patrol troop. In addition to the activity listed below, the following should be noted:

- The fatal accident count was down a total of 69 deaths compared to the year 2004;
- Troops conducted 157 sobriety checkpoints;
- Troopers worked 8,462 hours as part of an overtime grant program concentrating on seat belt and DWI enforcement;
- 40 troopers were deployed to Louisiana State Police to assist for two weeks in the aftermath of Hurricane Katrina;
- Troopers were used in the state of Arkansas for placing, escorting and guarding camps of Hurricane Katrina evacuees; and
- The Division formed an Interstate Criminal Patrol Team which is comprised of 12 uniformed officers and one Lieutenant. In the first six months since the team's inception it has accomplished the following: 4,802 pounds of Marijuana seized; 301 pounds of Cocaine seized; 30,260 in assorted pills seized; \$1,789,171.00 in U.S. currency seized. The estimated street value of the drugs and currency seized is \$20,898,355. In addition to drug/currency seizures, the team has made 1,530 arrests, including 134 felonies and recovered 16 stolen vehicles.

The following pages list an accounting of specific enforcement activity performed by each highway patrol troop.

Troop A

Pulaski, Faulkner, Lonoke, Saline Counties

Criminal Arrest	
Felony Charges	1,471
#Persons Arrested	890
Misdemeanor Charges	5,965
# Persons Arrested	3,751
Total	12,077
Hazardous Arrests	
DWI and DUI	1,363
Reckless Driving	560
Speed Violations	16,032
Too Fast for Conditions	117
Failure to Yield	183
Stop Sign/Light	472
Over Center Line	125
Following too Close	731
Other Hazardous Viol.	4,921
Total	24,504

Aircraft Section

During the year, the Aircraft Section received 272 flight requests:

- 210 requests were made from within the department
- 62 requests were made from federal, state or local agencies

The results of the requested flights are as follows:

- 246 flights completed as requested
- 16 flights cancelled by the requester prior to the flight
- 4 flights cancelled due to weather
- 6 flights cancelled due to no availability or maintenance issues

The Aircraft Section flew 566.8 hours during the year:

- 244.3 hours flown by King Air, N930SP
- 172.5 hours flown by helicopters, N529SP and N528SP
- 140.0 hours flown by Cessna 182, N521SP

The purposes of the missions requested are as follows:

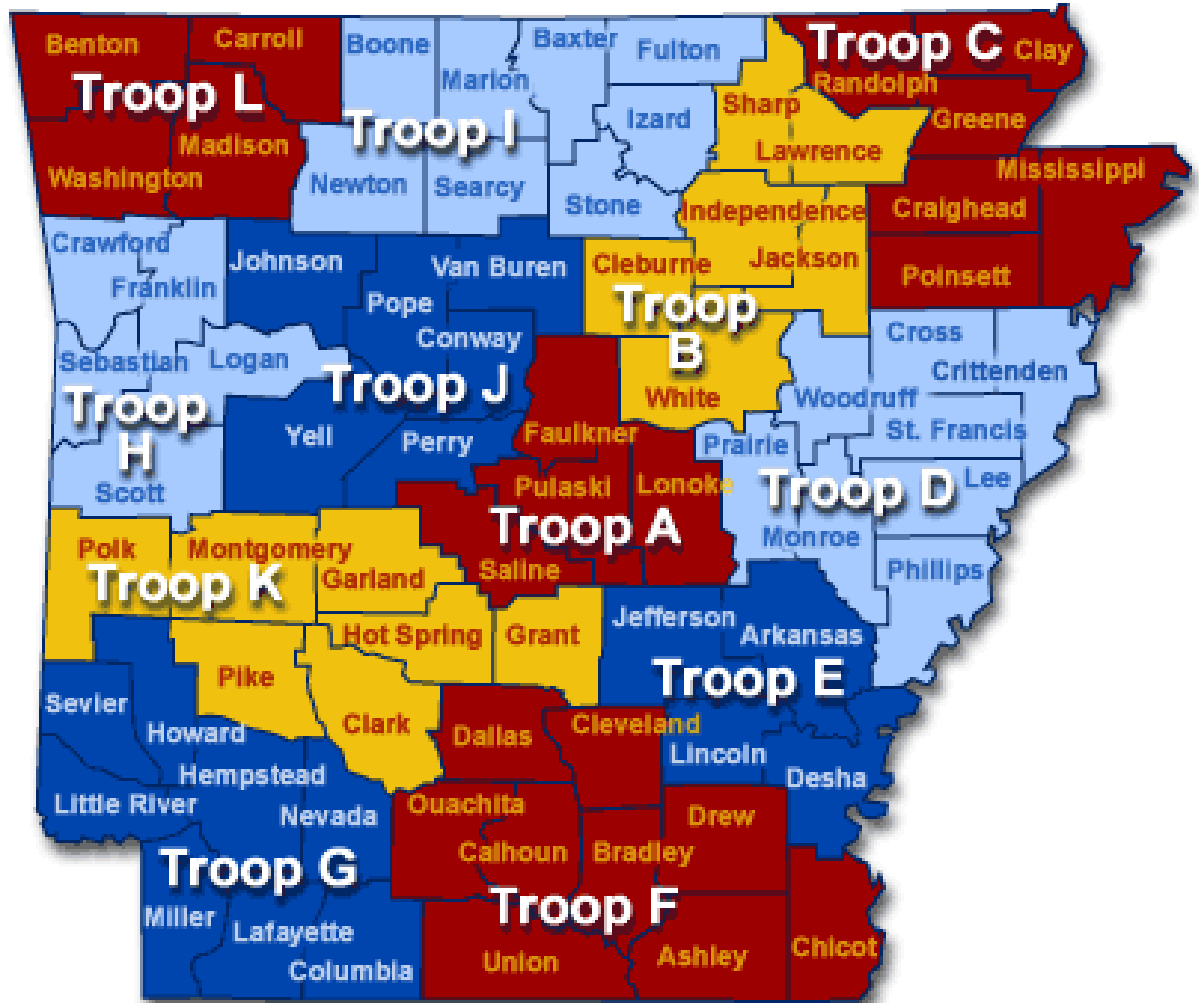

- 127 transportation missions
- 43 search missions
- 30 surveillance missions
- 25 traffic enforcement missions
- 11 maintenance missions
- 9 public relations missions
- 15 training missions
- 12 manhunt missions

Traffic enforcement activity included 509 officer violator contacts, 406 citations and 103 warnings. The 406 citations issued for the following:

- 42 for speeding 00-10 over the posted limit
- 284 for speeding 11-20 over the posted limit
- 25 for speeding 21 or more over the posted limit
- 43 non-hazardous violations
- 3 hazardous violations
- 2 seat belt violations
- 7 criminal arrests

Highway Patrol Division Map

CRIMINAL INVESTIGATION DIVISION

The Criminal Investigation Division is responsible for criminal law enforcement, including drug enforcement and all other non-traffic enforcement activities of the department. The Division is comprised of 6 companies located throughout Arkansas. The Division also includes the Special Operations Section, which assists criminal investigators with intelligence gathering and dissemination; Internet Crimes Against Children Section, which overtly and covertly works with other local, state and federal agencies to prevent and prosecute internet crimes against children; Federal Task Force Programs, which include Arkansas State Police investigators working with the Drug Enforcement Administration and Federal Bureau of Investigation; the Marijuana Eradication Section, which utilizes grant funds to curb marijuana growth and usage in Arkansas; and the Explosives and Arson Unit, which responds to bomb and other explosive threats in Arkansas.

The Criminal Investigation Division has the following case activity:

Special Operations Section

Marijuana Eradication Program

The Marijuana Eradication Program is grant funded and designed to curb marijuana growth and usage in Arkansas. The program made a total of 32 arrests; seized 10 weapons and \$10,000 in cash assets; flew 400 helicopter hours with the Arkansas National Guard and 46 helicopter hours with the Arkansas State Police over 29 counties; and received 46,030 plants that were turned in by counties, special operations, and commercial contractors.

Special Weapons and Tactics (SWAT)

SWAT consists of a group of highly motivated officers from various sections within the department. These individuals are involved in a minimum of 160 additional training hours per year geared towards specific threats. While the majority of the Arkansas State

Police SWAT callouts are hostage/barricaded situations, the officers are trained in various less-lethal methods, high-risk vehicle assaults, linear (bus/airplane) assaults, and commercial and residential entry techniques. Team members are readily able to complete any mission set before them by the department, and they are willing to assist any federal, state, county, or local department that requests help. The team members are dispersed across the state which allows for immediate response to tactical situations by several members, while the remaining team members answer calls for assistance. Many team members are instructor certified and help with training at the troop level and with the training of new recruits. This year SWAT was activated 5 times and was placed on stand-by status twice. Two of the callouts this year involved hostage type situations where shots were fired. The team also assisted with hurricane relief at Fort Chaffee to help state and local officers with evacuees.

Crisis Negotiation Team

The Crisis Negotiations Team (CNT) responds every time SWAT is activated. The CNT is comprised of three teams that are assigned to one of three regions of the state. When activated, a 6 member team is dispatched while the other teams are placed on stand-by status in case the call becomes protracted. The CNT's primary mission is to resolve critical situations through communications. Each team member is required to complete two separate weeks of specialized training provided by the FBI. Also, members are required to attend two days training on a bi-monthly basis.

Bomb/Arson Unit

The Bomb/Arson Unit responded to 79 incidents. These incidents included the following:

- Render safe procedures on actual improvised explosive devices 20
- Examination of suspected improvised explosive devices 21
- Recovered explosives 9
- Destruction of contraband explosives 21
- Bomb threat responses 2
- Post blast investigations 2
- Arson "origin and cause" investigations 4

Internet Crimes Against Children Section

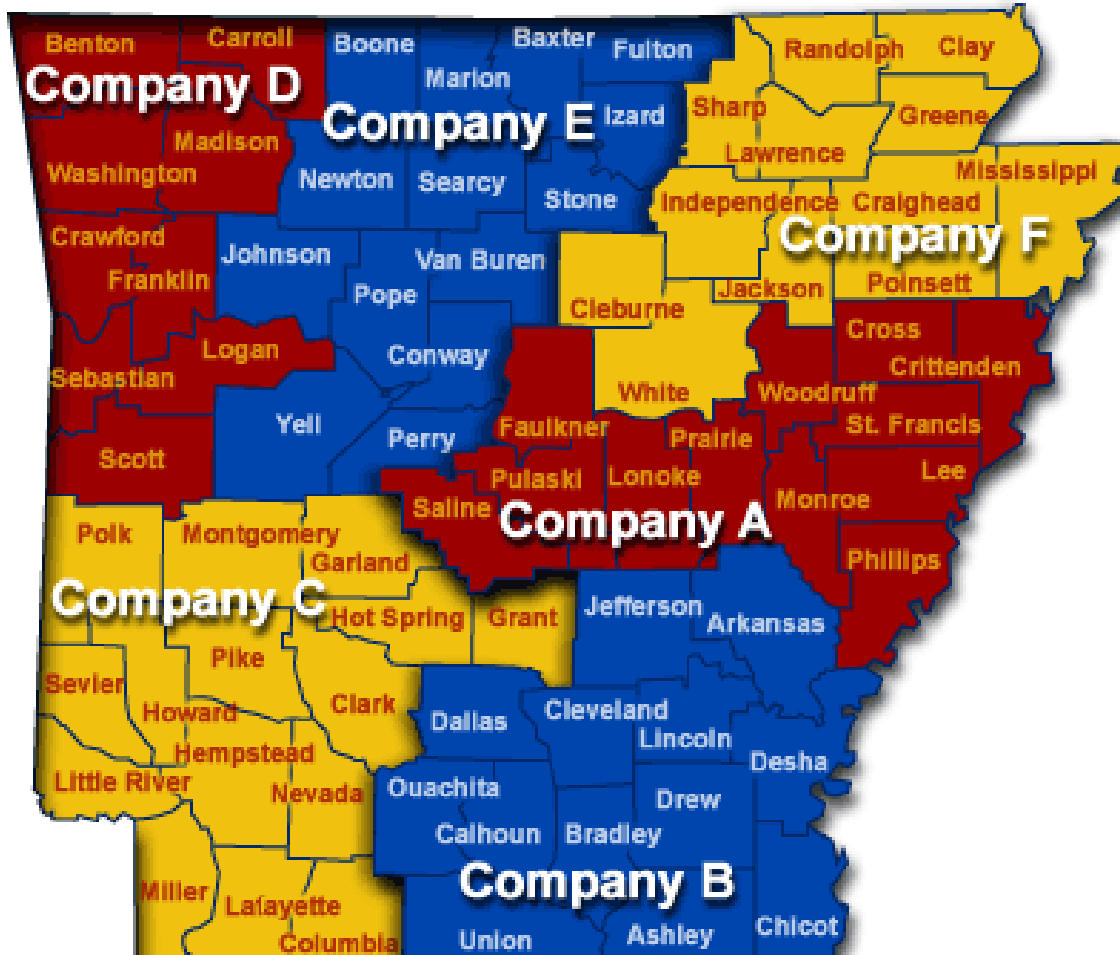

The Internet Crimes Against Children Section is a grant funded task force implemented to overtly and covertly investigate internet crimes against children, as well as provide computer forensic assistance to aggressively prosecute such crimes, and public education to help prevent internet crimes against children. The activity reflected below is expected to significantly increase in the following years due to time spent in 2005 on building, organizing, and training the task force members.
